Important: Always follow these safety instructions to ensure safe use and stability of the tables.

- Assembly is required. Ensure all parts are correctly assembled according to the instructions.
- Do not exceed the maximum recommended weight of 50 pounds (approximately 22.7 kg) per table.
- Place tables on a flat, stable surface to prevent tipping.
- Keep small parts away from children during assembly.

3. PACKAGE CONTENTS

Your Ikea SVALSTA Nesting Tables package includes:

- 1x Small Nesting Table (55 x 45 cm, 40 cm high)
- Required assembly hardware (screws, dowels, etc.)
- Assembly instructions (this manual)

4. SETUP AND ASSEMBLY

The Ikea SVALSTA Nesting Tables are designed for self-assembly. Please follow these general steps. Specific diagrams and detailed instructions for each part are typically included in a separate leaflet within the packaging.

- Unpack Components:** Carefully remove all parts from the packaging and verify against the parts list.
- Identify Parts:** Separate the table tops from the leg components. Note that the legs are curved and designed to fit specific slots.
- Attach Legs to Table Tops:** For each table, align the curved legs with the pre-drilled holes or slots on the underside of the table top. Secure them using the provided screws or fasteners. Ensure the legs are firmly attached and stable.
- Tighten All Fittings:** Once all legs are attached, gently place the table upright and check for stability. Tighten all screws and fittings to ensure the tables are secure. Do not overtighten.
- Final Check:** Ensure both tables are stable and all connections are secure before use.

5. OPERATING AND USAGE

The Ikea SVALSTA Nesting Tables offer versatile usage options:

- Individual Use:** Both tables can be used separately as side tables, coffee tables, or accent tables in different areas of a room.
- Nesting Function:** The smaller table is designed to fit underneath the larger table, allowing for space-saving storage when not in use or creating a multi-level surface when partially nested.
- Weight Capacity:** Do not place items heavier than 50 pounds (22.7 kg) on either table.
- Indoor Use:** These tables are designed for indoor use only.

6. MAINTENANCE

Proper care will help maintain the appearance and longevity of your tables:

- Cleaning:** Wipe clean with a damp cloth. Use a mild cleaner if necessary.
- Drying:** Wipe dry with a clean cloth.
- Avoid Harsh Chemicals:** Do not use abrasive cleaners or strong chemical solvents, as these can damage the birch veneer and acrylic lacquer finish.
- Protect Surfaces:** Use coasters under hot or wet items to prevent marks and stains.
- Regular Checks:** Periodically check and retighten all assembly fittings to ensure stability.

7. TROUBLESHOOTING

- **Table is wobbly:** Ensure all screws and fittings are securely tightened. Check that the table is placed on a level surface.
- **Difficulty with assembly:** Refer to the detailed assembly instructions provided in the packaging. Ensure all parts are correctly oriented before tightening.
- **Surface damage:** For minor scratches, touch-up pens or furniture repair kits designed for birch veneer may be used. For significant damage, contact Ikea customer service.
