Georgia-Pacific GPC59206

Georgia-Pacific Micro-Twin Toilet Tissue Dispenser (Model GPC59206) Instruction Manual

Product Overview

This manual provides instructions for the installation, operation, and maintenance of the Georgia-Pacific Micro-Twin Toilet Tissue Dispenser, Model GPC59206. This dispenser is designed for commercial use, offering high capacity and durability.

- Holds two jumbo rolls with 1,000 sheets of two-ply or 1,800 sheets of one-ply toilet tissue.
- Crafted from durable transparent gray plastic for easy maintenance and visual roll monitoring.
- Versatile mounting allows both horizontal and vertical placement to suit any restroom layout.
- Measures 13.58 inches wide by 8.6 inches high by 5.73 inches deep; weighs 2.52 pounds.
- Features innovative sliding gate mechanism to minimize paper waste and prevent roll misuse.

Setup and Installation

The dispenser can be mounted either horizontally or vertically to accommodate various restroom configurations. Ensure the mounting surface is sturdy and capable of supporting the dispenser's weight when fully loaded.

1. **Select Mounting Location:** Choose a suitable wall location, ensuring adequate clearance for operation and maintenance.
2. **Mark Drilling Points:** Use the dispenser as a template to mark the desired drilling points for mounting screws.
3. **Drill Pilot Holes:** Drill pilot holes appropriate for your chosen mounting hardware (not included).
4. **Secure Dispenser:** Attach the dispenser securely to the wall using appropriate screws and anchors. Ensure it is firmly fixed and does not wobble.

Operating Instructions

Loading Toilet Tissue Rolls

1. **Open Dispenser:** Use the provided key (if applicable) to unlock and open the dispenser cover.
2. **Insert Rolls:** Place two jumbo toilet tissue rolls onto the internal spindles. The dispenser is designed to hold two 1,000-sheet two-ply rolls or two 1,800-sheet one-ply rolls.
3. **Thread Paper:** Pull the leading edge of the tissue from each roll through the dispensing slots at the bottom of the unit.
4. **Close Dispenser:** Close the dispenser cover and ensure it locks securely.

Dispensing Tissue

To dispense tissue, simply pull the exposed paper downwards from the dispensing slot. The integrated sliding gate mechanism helps control usage and minimize waste.

Monitoring Tissue Levels

The transparent gray plastic construction allows for easy visual monitoring of the remaining tissue levels, indicating when a refill is needed.

Maintenance

Cleaning

To maintain hygiene and appearance, regularly wipe the exterior of the dispenser with a soft, damp cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals that may damage the plastic.

Roll Replacement

When tissue levels are low, follow the "Loading Toilet Tissue Rolls" instructions to replace empty rolls. Prompt replacement ensures continuous service and minimizes outages.

Troubleshooting

- **Paper Not Dispensing:** Check if the rolls are properly seated on the spindles and if the paper is correctly threaded through the dispensing slot. Ensure the dispenser is not jammed.
- **Dispenser Cover Not Closing:** Verify that the rolls are correctly positioned and not obstructing the closing mechanism. Ensure no foreign objects are preventing the cover from latching.
- **Excessive Paper Waste:** The sliding gate mechanism is designed to reduce waste. If excessive waste occurs, ensure users are pulling paper correctly and not attempting to force large amounts.

Specifications

Brand	Georgia-Pacific
Model Number	GPC59206
Material	Plastic
Color	Smoke
Product Dimensions (W x H x D)	13.58" W x 8.6" H x 5.73" D
Item Weight	2.52 lbs

Roll Capacity	Two jumbo rolls (1,000 sheets 2-ply or 1,800 sheets 1-ply)
