Mr.Go 8-inch Ultra-Fun LED Glowing Ball Light Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the safe and effective use of your Mr.Go 8-inch Ultra-Fun LED Glowing Ball Light. Please read this manual thoroughly before operation and retain it for future reference.

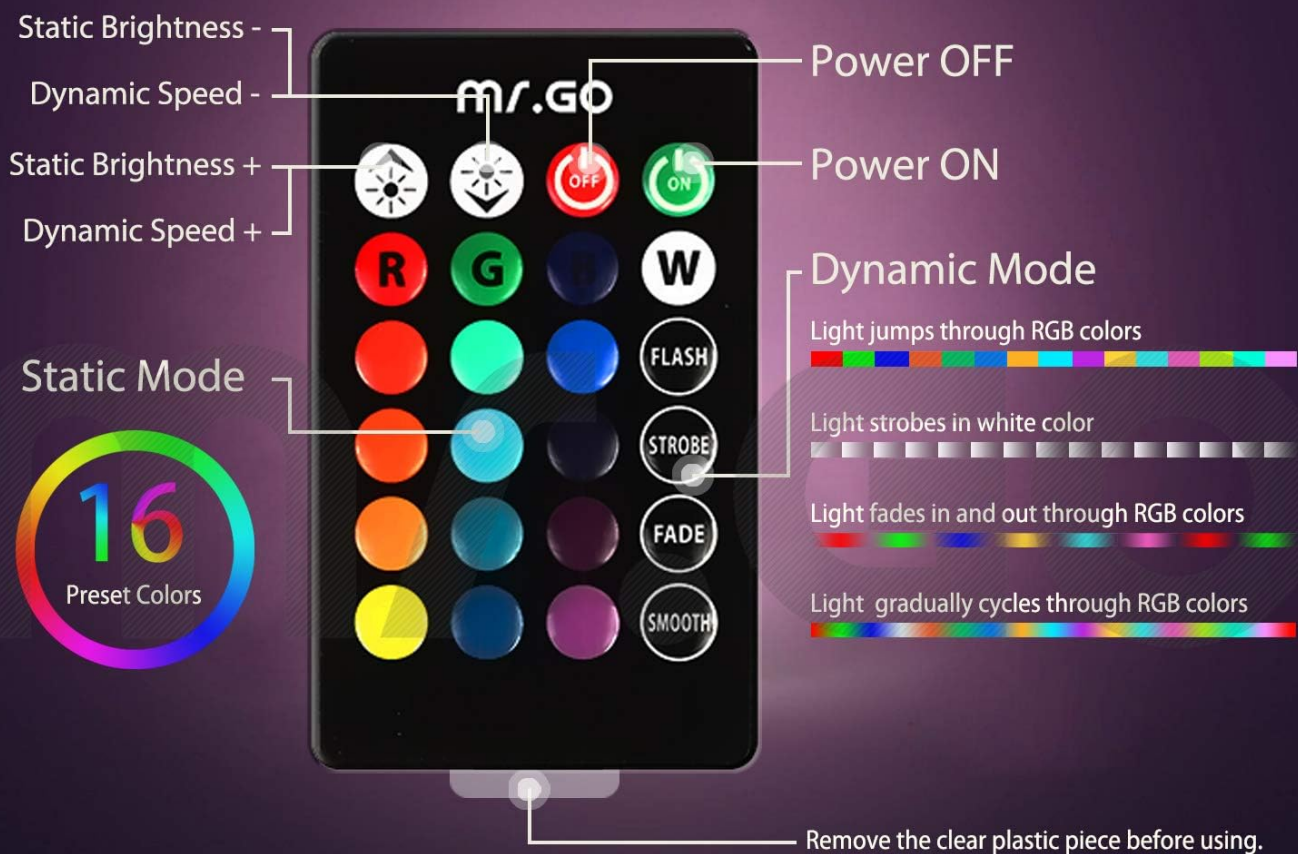

IMPORTANT SAFETY INFORMATION

- Do not attempt to open or modify the device.
- Keep away from extreme temperatures and direct sunlight for prolonged periods.
- Ensure the charging port is securely closed when not charging, especially when used near water.
- Use only the provided AC adapter for charging.
- Keep out of reach of small children when charging or if any parts become loose.

PACKAGE CONTENTS

- 1 x 8" LED Light Glow Ball
- 1 x Charger Adapter
- 1 x IR Remote Control
- 1 x User Manual (this document)

RGB Remote control

* Single remote can control multiple lamps.
Remote control working range: 16 to 26 feet.

SETUP

1. Initial Charge

Your LED Glowing Ball Light comes with a built-in rechargeable Lithium battery. Before first use, fully charge the device.

1. Locate the charging port on the base of the sphere. Open the waterproof cover.
2. Connect the provided AC adapter to the charging port and plug it into a standard electrical outlet.
3. The light will indicate when it is fully charged (e.g., by glowing green). Charging typically takes 1.5-2 hours.
4. Once fully charged, disconnect the charger and securely close the waterproof cover.

OPERATING INSTRUCTIONS

1. Power On/Off

Use the ON/OFF buttons on the IR Remote Control to power the light on or off. Alternatively, a physical ON/OFF switch is located on the bottom of the LED Sphere.

2. Remote Control Functions

The included IR remote control allows for various adjustments:

- **On/Off:** Power the light on or off.
- **16 Fixed Color Selections:** Choose from 16 distinct RGB colors.
- **Brightness Adjustment:** Increase or decrease brightness (8 levels available).
- **4 Transition Effects:** Select from Flash, Strobe, Fade, and Smooth modes for dynamic color changes.

- **Rhythm/Speed Control:** Adjust the speed of the transition effects.

Note: A single remote can control multiple LED lights if they are in close proximity.

MAINTENANCE

1. Cleaning

The PE plastic material is easy to clean. Use a soft, damp cloth to wipe the surface. Avoid abrasive cleaners.

2. Waterproofing

The sphere is IP65 waterproof and can be floated in a pool for short periods. Ensure the charging port cover is tightly sealed before exposing to water. Do not submerge or hold the light under water for extended durations.

3. Storage

Store the light in a cool, dry place when not in use. Fully charge the battery before long-term storage to maintain battery health.

TROUBLESHOOTING

1. Light Does Not Turn On

- **Check Battery:** Ensure the unit is fully charged. Connect to the AC adapter and check if the charging indicator light is active.
- **Remote Control:** Verify the remote control battery is functional. Point the remote directly at the light.
- **Power Switch:** Ensure the physical ON/OFF switch on the base is in the 'ON' position.

2. Remote Control Not Responding

- **Line of Sight:** Ensure there is a clear line of sight between the remote and the light's sensor.
- **Remote Battery:** Replace the remote control battery if necessary.
- **Distance:** The remote control has a working range of approximately 16 to 26 feet. Reduce distance if experiencing

issues.

3. Short Battery Life

- Battery life varies by color and brightness settings (8 to 48 hours). Brighter settings and certain colors consume more power.
- Ensure the unit is fully charged (1.5-2 hours).
- Over time, rechargeable batteries may experience reduced capacity. This is normal wear and tear.

SPECIFICATIONS

Feature	Detail
Brand	Mr.Go
Model Name	CQ-B202
Product Dimensions	8"D x 8"W x 7.5"H
Item Weight	1.3 Pounds
Material	Polyethylene (PE)
Light Source Type	LED
Light Color	16 colors (e.g. white, red, green, blue, yellow, pink, purple...)
Brightness Levels	8
Lighting Modes	4 Multi Color Functions Modes (Flash, Strobe, Fade, Smooth) plus Rhythm Control
Power Source	Rechargeable Lithium Polymer battery & AC adapter
