- **Adjustable Hinge:** The adjustable headband provides flexibility, allowing the headphones to adapt to various head sizes for a comfortable and secure fit.

**PERFECT FOR
EVERYONE**

Adjustable & Flexible+

- Comfortable fit for kids, teens, and also adults
- 3.5mm Audio Jack (No Bluetooth)
- No worry about Charging

Image: The adjustable headband of the ALLIHEN C8 headphones, demonstrating its flexibility for a customized fit.

- **Noise Isolation:** The full-sized, on-ear construction helps to isolate external noise, enhancing your listening experience by allowing you to focus on the audio.

Image: A close-up of the ear cup, showing the breathable mesh and ultra-soft protein leather cover designed for comfort and noise isolation.

- **Wide Compatibility:** Equipped with a durable 59-inch braided cord and a sturdy 3.5mm stereo plug, these headphones are compatible with a wide range of devices, including cellphones, laptops, computers, Chromebooks, MP3/MP4 players, and other audio devices.

BROAD COMPATIBILITY

Image: The AILIHEN C8 headphones positioned next to a laptop, illustrating their broad compatibility with various electronic devices.

SETUP

- Unpack:** Carefully remove the headphones from their packaging.
- Unfold:** Gently unfold the headphones until the earcups are in their listening position.
- Connect:** Insert the 3.5mm audio jack firmly into the headphone port of your device (e.g., smartphone, laptop, tablet). Ensure the connection is secure.
- Adjust Fit:** Adjust the headband to comfortably fit your head. The earcups should sit securely over your ears.

OPERATING INSTRUCTIONS

The AILIHEN C8 headphones feature an in-line remote for convenient control of audio and calls.

- Volume Control:** Use the dedicated volume slider or buttons on the in-line remote to adjust the audio volume.
- Play/Pause:** Press the central button once to play or pause audio.

- **Next Track:** Press the central button twice quickly to skip to the next track.
- **Previous Track:** Press the central button three times quickly to go back to the previous track.
- **Answer/End Call:** Press the central button once to answer an incoming call or end an ongoing call.
- **Note:** The volume control buttons on the in-line remote may not function on a PC. For microphone use on a computer, an additional adapter (not included) may be required.

MAINTENANCE

Proper care will extend the life of your headphones.

- **Cleaning:** Use a soft, dry cloth to wipe down the earcups and headband. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, fold the headphones and store them in a clean, dry place, away from extreme temperatures and direct sunlight.
- **Cable Care:** Avoid sharply bending or twisting the cable. Do not pull on the cable to disconnect the headphones from a device; always grasp the plug.
- **Water Exposure:** These headphones are not water-resistant. Avoid exposure to water or excessive moisture.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound or low volume	<ul style="list-style-type: none">◦ Cable not fully inserted.◦ Device volume too low or muted.◦ Incorrect audio output selected on device.	<ul style="list-style-type: none">◦ Ensure the 3.5mm jack is fully inserted into the device's port.◦ Increase the volume on both the headphones' in-line control and the connected device. Check if the device is muted.◦ Verify that the correct audio output (e.g., "Headphones") is selected in your device's sound settings.
Microphone not working	<ul style="list-style-type: none">◦ Microphone muted on device.◦ Incorrect microphone input selected.◦ Device incompatibility (especially with PCs).	<ul style="list-style-type: none">◦ Check your device's settings to ensure the microphone is not muted.◦ In your device's sound settings, select the correct microphone input.◦ For PC use, an additional adapter (e.g., a Y-splitter for separate mic/headphone jacks) might be necessary.
Sound distortion	<ul style="list-style-type: none">◦ Volume too high.◦ Damaged cable or connector.	<ul style="list-style-type: none">◦ Lower the volume.◦ Try connecting the headphones to another device to determine if the issue is with the headphones or the original device.
