ASSEMBLY INSTRUCTIONS

This Tvilum Walker 2 Drawer Desk requires assembly. Please follow these instructions carefully to ensure proper construction and stability. It is recommended to have a second person assist with assembly.

Before You Begin:

- **Unpack All Components:** Carefully remove all parts from the packaging and verify against the parts list (not provided in this

document, refer to your product packaging).

- **Clear Workspace:** Ensure you have a clean, spacious area for assembly to prevent damage to components.
- **Tools Required:** Basic assembly tools are not included. You will need a Phillips head screwdriver and potentially a rubber mallet. Avoid using power drills as they can damage the engineered wood.
- **Anti-Tip Hardware:** Locate the anti-tip hardware. This must be installed to prevent the desk from tipping, especially if used in a household with children or pets.

Assembly Steps:

1. **Attach Metal Legs:** Secure the metal leg frames to the desk's main body using the provided screws and cam locks. Ensure all connections are snug but do not overtighten.
2. **Assemble Drawers:** Construct the two drawers according to the visual instructions. Install the drawer glides smoothly.
3. **Insert Drawers:** Carefully slide the assembled drawers into their respective compartments.
4. **Install Anti-Tip Hardware:** Attach the anti-tip hardware to the back of the desk and to a wall stud, following the specific instructions provided with the hardware. This is a critical safety step.

OPERATING AND USAGE

The Tvilum Walker 2 Drawer Desk is designed for general home office use. Its two drawers provide convenient storage for office supplies, documents, or personal items.

- **Weight Capacity:** The desk surface has a maximum weight recommendation of 50 pounds (approximately 22.7 kg). Do not exceed this limit to prevent damage or instability.
- **Drawer Use:** Open and close drawers gently. Avoid placing excessively heavy items in the drawers to ensure smooth operation and prevent strain on the drawer glides.
- **Placement:** Position the desk on a flat, stable surface. Ensure the anti-tip hardware is properly secured if installed.

CARE AND MAINTENANCE

Proper care will extend the life and maintain the appearance of your Tvilum Walker 2 Drawer Desk.

- **Cleaning:** Clean the desk surface and frame with a damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Wipe up spills immediately to prevent staining or damage to the wood finish.
- **Heat and Moisture:** Protect the desk from direct heat sources and excessive moisture. Use coasters under beverages and heat pads under hot items.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish.
- **Periodic Checks:** Periodically check all screws and connections to ensure they remain tight. Retighten as necessary, but do not overtighten.

Troubleshooting

If you encounter issues with your Tvilum Walker 2 Drawer Desk, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Desk is wobbly or unstable.	Loose connections; uneven floor; improper assembly.	Ensure all screws and cam locks are tightened. Check if the desk is on a level surface. Re-check assembly steps.
Drawers do not slide smoothly.	Drawer glides misaligned; obstruction in the track; drawer overloaded.	Verify drawer glides are correctly installed and aligned. Remove any obstructions. Reduce weight in the drawer.
Parts do not fit together during assembly.	Incorrect orientation of parts; manufacturing defect.	Double-check the visual instructions for part orientation. Do not force parts. Contact customer support if parts appear defective.
