### McKesson 136-74806

# McKesson Convolved Foam Mattress Topper Overlay Instruction Manual

Model: 136-74806

## INTRODUCTION

The McKesson Convolved Foam Mattress Topper Overlay is designed to enhance comfort and provide pressure relief. Its innovative convoluted (egg-crate) design helps distribute body weight evenly, reducing pressure points and promoting air circulation. This manual provides instructions for the proper setup, usage, and maintenance of your mattress topper.

## IMPORTANT SAFETY INFORMATION

- **Not Made with Natural Rubber Latex:** This product is manufactured without natural rubber latex.
- **Ventilation:** Upon unpacking, allow the foam topper to air out in a well-ventilated area for a few hours to dissipate any new foam odor.
- **Flammability:** Keep the foam topper away from open flames and high heat sources.
- **Proper Placement:** Ensure the topper is placed securely on the mattress to prevent shifting during use.

## SETUP AND PLACEMENT

1. **Unpack:** Carefully remove the mattress topper from its packaging. The foam may be compressed; allow it to expand fully for several hours, or up to 24-48 hours, before use.
2. **Position:** Place the expanded foam topper directly on top of your existing mattress. Ensure the convoluted (egg-crate) side is facing upwards.
3. **Align:** Align the topper with the edges of your mattress for a secure and comfortable fit.

Promotes air circulation  
after surgery

The McKesson Convolved Foam Mattress Topper Overlay laid out on a chair, demonstrating its full size and the distinctive egg-crate pattern designed for air circulation and pressure distribution.

## USAGE

---

The McKesson Convolved Foam Mattress Topper Overlay is designed to provide enhanced comfort and support. Its unique honeycomb structure with air perforations helps to:

- **Distribute Weight:** Evenly distributes body weight, relieving pressure from the body.
- **Improve Air Circulation:** Enhances airflow to help avoid pressure ulcers and maintain a comfortable temperature.
- **Reduce Pressure Sores:** Decreases the risk of pressure sores and tissue breakdown by minimizing prolonged pressure on specific areas.

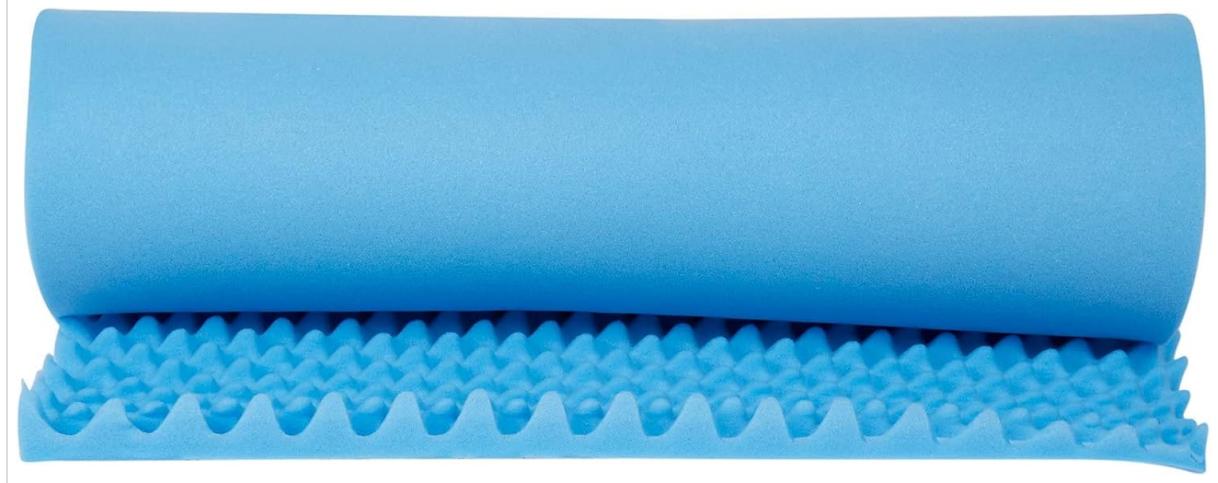

The McKesson Convoluted Foam Mattress Topper Overlay is shown unrolled on a chair, illustrating its design that promotes air circulation, particularly beneficial for post-surgery recovery.

## MAINTENANCE AND CARE

---

Proper care will extend the life and effectiveness of your mattress topper:

- **Cleaning:** The care pads are washable. Follow the instruction: **Hand Wash Only.** Do not machine wash, bleach, iron, or dry clean.
- **Drying:** Air dry thoroughly in a well-ventilated area, away from direct sunlight or heat. Ensure the topper is completely dry before placing it back on the mattress.
- **Inflation:** This foam topper requires no regular inflation, making it easy to maintain.
- **Storage:** If storing, ensure the topper is clean and dry. It can be rolled up for compact storage.

The McKesson Convoluted Foam Mattress Topper Overlay, shown rolled for transport or storage. Its blue convoluted surface is visible.

## TROUBLESHOOTING

---

- Odor:** A new foam product may have a slight odor upon unpacking. This is normal and will dissipate within a few hours to a few days in a well-ventilated space.
- Flattening:** If the topper appears to flatten over time, ensure it is properly supported by your mattress. Rotating the topper periodically may help maintain its shape.
- Discomfort:** If you experience discomfort, ensure the convoluted side is facing up. Allow sufficient time for your body to adjust to the new support surface.

## SPECIFICATIONS

---

<b>Brand</b>	McKesson
<b>Model Name</b>	Mattress Topper Overlay
<b>Item Model Number</b>	136-74806
<b>Color</b>	Blue
<b>Size</b>	72 L X 33 W X 2 H Inch (1 ct)
<b>Material</b>	Foam
<b>Special Feature</b>	Lightweight, Washable
<b>Product Care Instructions</b>	Hand Wash Only
<b>Item Weight</b>	2 pounds
<b>Product Dimensions</b>	35 x 5 x 5 inches (packaged)

72 inches long

33 inches wide

2 inches thick

The McKesson Convolved Foam Mattress Topper Overlay is displayed with its key dimensions: 72 inches in length, 33 inches in width, and 2 inches in thickness, providing a clear understanding of its size.

## Decubitus Care Pads and Foam Products

McKesson Decubitus Care Pads and Foam Products are used to prevent tissue damage and help protect patients before, during and after surgery. Our pads and positioners help provide safety and security for patients and peace of mind for caregivers. Our foam products are designed to help reduce the risk of pressure ulcers and help maintain patient body alignment pads to suit the needs of most facilities.

**Features and Benefits**

- Design to decrease the risk of pressure sores and tissue breakdown
- Reduces possibility of prolonged hospitalization
- Maintains comfort using strategic cushioning and materials
- Optimizes position and accessibility for surgical procedures
- Helps reduce chance of return during movement
- Great for use in rehabilitative situations
- Not made with natural rubber latex

**Satisfaction Guaranteed**

If you are not completely satisfied with any McKesson product, you may return it for a full refund or credit.

**Never Compromise on Care™**

McKesson Brands, your partner to compromise on quality, is a leading provider of medical products and services. We are committed to providing the best quality products at the best prices. We are also committed to providing the best customer service. We believe that our customers deserve the best. We want to help ensure you have the products you need, when you need them. That's why we are here to provide the best care for your patients.
