› iPazzPort KP-810-56S Bluetooth Mini Wireless Keyboard User Manual for Apple TV

## iPazzPort KP-810-56S

# iPazzPort KP-810-56S Bluetooth Mini Wireless Keyboard User Manual

Model: KP-810-56S

## 1. INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your iPazzPort KP-810-56S Bluetooth Mini Wireless Keyboard. This device is designed to enhance your typing and search experience on compatible media devices.

**Compatible Devices:** Apple TV 4th Generation, Apple TV 4K (32GB/64GB), Amazon Fire TV Stick, Amazon Fire TV Stick 4K, Google/Android TV Box, Xbox 360, PS3, HTPC, IPTV, and other Bluetooth-enabled devices.

## 2. PRODUCT OVERVIEW

### 2.1 Package Contents

- iPazzPort KP-810-56S Bluetooth Mini Wireless Keyboard
- USB Charging Cable
- User Manual

### 2.2 Key Features

- Bluetooth 3.0 Connectivity
- Full QWERTY Keyboard Layout
- Integrated Holder for Apple TV Remote (Remote not included)
- Compact and Lightweight Design
- Built-in Rechargeable Lithium-ion Battery

### 2.3 Product Layout

**Figure 1:** Front view of the iPazzPort KP-810-56S keyboard (left) and the Apple TV remote holder (right). The keyboard features a full QWERTY layout with blue function keys. The holder is designed to securely attach to the Apple TV remote.

**Figure 2:** The iPazzPort KP-810-56S keyboard separated from its Apple TV remote holder. This view shows the compact size of the keyboard and the design of the remote holder.

**Figure 3:** A close-up, top-down view of the iPazzPort KP-810-56S keyboard, highlighting the QWERTY key layout and the blue function key legends.

## 3. SETUP AND PAIRING

### 3.1 Charging the Keyboard

Before initial use, fully charge the keyboard. Connect the provided USB charging cable to the micro-USB port on the keyboard and the other end to a USB power source (e.g., computer, USB wall adapter). The charging indicator light will illuminate during charging and turn off when fully charged.

**Figure 4:** Side profile of the iPazzPort KP-810-56S keyboard, showing the micro-USB charging port and the power switch.

### 3.2 Pairing with Apple TV (4th Gen / 4K)

1. Ensure the keyboard is charged and powered on. The power switch is located on the side of the keyboard.
2. On your Apple TV, navigate to **Settings > Remotes and Devices > Bluetooth**.
3. The Apple TV will begin searching for Bluetooth devices.
4. On the iPazzPort keyboard, press and hold the **Fn** key (bottom left) and the **BT** key (top left, usually combined with Esc) simultaneously for 3-5 seconds until the Bluetooth indicator light starts blinking. This puts the keyboard into pairing mode.
5. On your Apple TV screen, select "iPazzPort Keyboard" or a similar name from the list of discovered devices.
6. If prompted, enter the pairing code displayed on your Apple TV screen using the iPazzPort keyboard and press **Enter**.
7. Once paired, the Bluetooth indicator light on the keyboard will stop blinking and remain solid for a moment, then turn off. The keyboard will appear as "Connected" on your Apple TV.

*Note: The keyboard supports Bluetooth 3.0 and does not require a separate USB receiver.*

### 3.3 Attaching the Apple TV Remote

The iPazzPort keyboard features a slot on its back designed to hold your Apple TV remote. Carefully slide your Apple TV remote into this slot. Ensure it is securely seated. The charging port of the Apple TV remote remains accessible while attached.

**Figure 5:** The iPazzPort KP-810-56S keyboard with an Apple TV remote securely inserted into its dedicated slot, demonstrating the combined unit.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Keyboard Functions

Once paired, the keyboard functions as a standard QWERTY input device for your connected media player. Use it to type text, search queries, and enter passwords more efficiently than on-screen keyboards.

## Key side of the combination for smooth input

Figure 6: A user demonstrating typing on the iPazzPort KP-810-56S keyboard, with the input reflected on an Apple TV screen for search or login fields.

### 4.2 Function Keys (Fn)

Many keys have secondary functions, indicated by blue legends. To activate these functions, press and hold the **Fn** key (bottom left) and then press the desired key. For example, to type numbers, hold **Fn** and press the corresponding letter key with a blue number legend.

### 4.3 Power Management

To conserve battery life, turn off the keyboard using the power switch when not in use. The keyboard also features an automatic sleep mode after a period of inactivity.

## 5. MAINTENANCE

### 5.1 Cleaning

Wipe the keyboard with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, ensuring no moisture enters the device. Do not use harsh chemicals or abrasive cleaners.

### 5.2 Storage

Store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures. If storing for an extended period, ensure the battery is partially charged (around 50%) to prolong its lifespan.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Keyboard does not turn on.	Low battery.	Charge the keyboard for at least 2 hours.
Cannot pair with device.	Keyboard not in pairing mode; device's Bluetooth off; too far from device.	Ensure keyboard is in pairing mode (Fn + BT). Check device's Bluetooth settings. Move keyboard closer to the device (within 10 meters).
Keyboard disconnects frequently.	Low battery; interference; device issues.	Recharge the keyboard. Ensure no strong wireless interference. Re-pair the keyboard.
Keys are unresponsive.	Keyboard is off; not paired; software glitch.	Turn on the keyboard. Verify successful pairing. Restart the connected device.
Does not work with YouTube app.	Known compatibility limitation.	This is a known limitation for some applications. Use the device's native remote for such apps.

## 7. SPECIFICATIONS

- **Model Name:** KP-810-56S
- **Item Model Number:** i15
- **Connectivity Technology:** Bluetooth 3.0
- **Battery Type:** Rechargeable Lithium-ion
- **Product Dimensions:** 6.1 x 0.59 x 1.77 inches (15.5 x 1.5 x 4.5 cm)
