Setup and Assembly

The Barchan Twin Bookcase Headboard requires assembly. It is recommended to have two people for assembly. Ensure all parts are present before starting.

Required Tools (Not Included):

- Phillips head screwdriver
- Hammer (optional, for dowels)

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches. Verify all hardware and panels are accounted for against the parts list (refer to the separate installation manual PDF for a complete list).
2. **Attach Side Panels:** Secure the side panels to the main headboard frame using the provided screws and dowels. Ensure all connections are tight and stable.
3. **Install Shelving:** Insert the fixed and adjustable shelves into the designated slots within the bookcase section.
4. **Secure Back Panel:** Attach the back panel to the headboard using small nails or screws, ensuring it is flush with the frame.
5. **Mount to Bed Frame:** Align the pre-drilled holes on the headboard with the mounting brackets on your existing twin bed frame. Secure the headboard to the bed frame using appropriate bolts and washers (may be included with your bed frame or headboard hardware). Ensure a secure and stable connection.
