## Hape E3703

# Hape Railway Battery Powered Train Set E3703 Instruction Manual

Brand: Hape | Model: E3703

## PRODUCT OVERVIEW

The Hape Railway Battery Powered Train Set E3703 is a durable and engaging toy designed for toddlers and young children. This battery-powered engine is a perfect addition to any wooden railway collection, offering forward and reverse functions, along with front and rear lights for an immersive play experience. Crafted with child-safe paint finishes and solid wood construction, it ensures years of enjoyment.

### Key Features:

- **Battery Powered:** Requires 2 AAA batteries for operation.
- **Compatibility:** Works seamlessly with most popular wooden track sets and trains.
- **Magnetic Connectors:** Equipped with magnetic connectors to easily attach to other Wooden Railway engines, cargo cars, and vehicles.
- **Functional Engine:** Features forward and reverse movement, accompanied by a working front and rear light.

## SAFETY INFORMATION

**Recommended Age:** This product is suitable for children aged 3 years and up.

Please ensure adult supervision during play. Keep small parts away from younger children to prevent choking hazards. All Hape products sold in North America meet or exceed all applicable safety standards.

## WHAT'S IN THE BOX

- Hape - Railway - Battery Powered Engine No.1

## SETUP: BATTERY INSTALLATION

The Hape Battery Powered Train requires **2 AAA batteries** (not included) for operation. Follow these steps to install the batteries:

1. Locate the battery compartment on the underside of the train engine.
2. Using a small Phillips head screwdriver, carefully unscrew the battery compartment cover.
3. Insert 2 new AAA batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
4. Replace the battery compartment cover and secure it with the screw.

## OPERATING INSTRUCTIONS

To operate your Hape Battery Powered Train, follow these simple steps:

1. Place the train engine on a compatible wooden railway track.
2. Locate the control switch on the top of the engine.

3. Slide the switch forward to make the train move forward. The front light will illuminate.
4. Slide the switch backward to make the train move in reverse. The rear light will illuminate.
5. To stop the train, slide the switch to the center (off) position.
6. Use the magnetic connectors at the front and rear of the engine to attach other Hape Wooden Railway engines, cargo cars, or vehicles.

## MAINTENANCE

To ensure the longevity and safety of your Hape wooden toy, please follow these maintenance guidelines:

- The surface of the product is finished with safe, water-based paint. It does not require disinfection.
- Avoid using alcohol to wipe the toy, as it can dissolve the water-based paint.
- Do not wash the toy directly with water.
- To clean, gently wipe the toy with a dry or slightly damp cloth.

## TROUBLESHOOTING

- **Train Not Moving:**

- Check if the batteries are correctly installed with the proper polarity.
- Ensure the batteries are fresh. Replace them if they are old or depleted.
- Verify that the power switch on top of the engine is fully engaged in either the forward or reverse position.

- **Lights Not Working:**

- Confirm that the train is powered on and moving. The lights activate with movement.
- Check battery levels, as low batteries might affect light functionality before motor power.

- **Difficulty Connecting to Other Cars:**

- Ensure the magnetic connectors are clean and free from debris.
- Align the magnets properly for a secure connection.
