## Homedics FB-300-THP

# HoMedics FB-300-THP Heated Foot Spa Instruction Manual

Model: FB-300-THP | Brand: HoMedics

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using this appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not reach for an appliance that has fallen into water. Unplug it immediately.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by HoMedics.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return it to a HoMedics Service Center for examination and repair.
- Keep cord away from heated surfaces.
- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use on or near open wounds, discolored areas, or any area of the body that is swollen, burned, inflamed, or where skin eruptions or sores are present.
- Do not use on sensitive skin or in the presence of poor circulation.
- Statements regarding dietary supplements have not been evaluated by the FDA and are not intended to diagnose, treat, cure, or prevent any disease or health condition.

## 2. PRODUCT OVERVIEW

The HoMedics FB-300-THP Heated Foot Spa is designed to provide a soothing and relaxing foot massage experience. It features invigorating bubbles, hydrotherapy jets, and a heat maintenance function to keep the water at a comfortable temperature. The integrated spinning pedicure center comes with three interchangeable attachments for comprehensive foot care.

### Key Features:

- **Heated Foot Spa:** Provides a soothing bubble foot massage with heat maintenance technology.
- **6 Hydrotherapy Jets:** Delivers a targeted and invigorating massage.
- **Spinning Pedicure Center:** Includes three attachments for complete foot care.
- **3 Attachments:** Pumice stone, cleansing brush, and massage roller.
- **Integrated Splash Guard:** Helps prevent splashing and spills during use and transport.
- **Toe-Touch Control:** Easy operation for various functions.

## 3. SETUP

1. **Placement:** Place the foot spa on a firm, level surface. Ensure the power cord is easily accessible

and not obstructed.

2. **Fill with Water:** Fill the foot spa with warm water up to the indicated fill line. Do not overfill. The unit is designed to maintain the temperature of the water you add, not to heat cold water.
3. **Connect Power:** Plug the power cord into a 120V AC household outlet.
4. **Optional:** Add a bath bomb or foot soak solution as desired.

## 4. OPERATING INSTRUCTIONS

The HoMedics FB-300-THP features simple toe-touch controls for ease of use.

Image: A detailed view of the foot spa's control panel, showing buttons for Bubble Massage & Heat Control and Jet Action Control.

1. **Power On/Off:** Press the 'Bubble Massage & Heat Control' button once to turn on the bubble massage and heat maintenance function. Press it again to turn off.
2. **Activate Hydrotherapy Jets:** Press the 'Jet Action Control' button to activate the hydrotherapy jets. Press it again to turn off.
3. **Using Pedicure Attachments:** The spinning pedicure center is located in the middle of the foot spa.

Select one of the three attachments (pumice stone, cleansing brush, or massage roller) and place it onto the center post. Gently apply pressure with your foot to activate the spinning action for exfoliation or massage.

Heat maintenance technology keeps water at the perfect temperature throughout your massage

## 5. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your foot spa.

1. **Draining Water:** After use, unplug the unit. The foot spa features a convenient drain plug at the bottom. Pull out the drain plug to empty the water.
2. **Cleaning the Unit:** Wipe the surface of the foot spa with a soft, damp cloth. Do not use abrasive cleaners or harsh chemicals. Rinse the pedicure attachments under running water and allow them to air dry.
3. **Storage:** Ensure the unit is completely dry before storing. The collapsible design allows for compact storage. Store in a cool, dry place.

Integrated splash guard helps prevent splashing and spills

Image: The integrated splash guard of the HoMedics Foot Spa, designed to prevent water from splashing out during use.

## 6. TROUBLESHOOTING

- **Water is not heating or staying warm:** This unit is designed for heat maintenance, meaning it will maintain the temperature of the water you initially add. It does not actively heat cold water to a higher temperature. Ensure you fill the foot spa with warm water.
- **Bubbles or jets are weak/not working:** Ensure the unit is properly plugged in and the respective function button is activated. Check for any obstructions in the jet nozzles. If the issue persists, unplug the unit and contact customer support.
- **Unit does not turn on:** Verify the power cord is securely plugged into a working electrical outlet.

## 7. SPECIFICATIONS

Feature	Detail
Model Number	FB-300-THP

Product Dimensions	15.81 x 13.98 x 7.13 inches
Item Weight	3.6 Pounds
