Perixx PERIDUO-712

Perixx PERIDUO-712 Wireless Keyboard and Mouse Set User Manual

Model: PERIDUO-712

Introduction

The Perixx PERIDUO-712 is a compact 2.4G wireless keyboard and mouse set designed for efficiency and comfort. This set is ideal for users seeking a space-saving solution for home, office, or travel. It features quiet keys, a mini design, and a stable wireless connection, making it compatible with various Windows operating systems.

Setup Instructions

1. **Install Batteries:** The keyboard and mouse require AA alkaline batteries (not included). Open the battery compartment on the underside of both the keyboard and the mouse and insert the batteries, ensuring correct polarity.

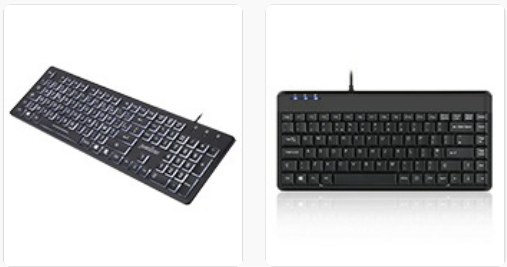

Image: Illustrations showing the battery compartments for the keyboard and mouse.

2. **Locate USB Nano Receiver:** The USB nano receiver is conveniently stored inside the mouse's battery compartment for safekeeping during transport.

Image: Underside of the mouse showing the storage slot for the USB nano receiver and the optical sensor. The receiver is a single unit for both devices.

3. **Connect Receiver:** Plug the USB nano receiver into an available USB port on your computer. No additional drivers or software are required for installation.
4. **Power On:** The devices should connect automatically. If not, ensure batteries are correctly installed and the receiver is firmly plugged in. The keyboard and mouse are now ready for use.

Operating Instructions

General Use

The PERIDUO-712 provides a comfortable and responsive typing and pointing experience. The keyboard features a low-profile design with membrane switches for quiet operation. The mouse offers precise optical tracking with 1000 DPI.

Multimedia Function Keys

The keyboard includes 12 integrated multimedia keys for quick access to various functions. To activate these functions, press the **Fn** key simultaneously with the corresponding function key (F1-F12).

Multimedia Key Functions

Function	Key Combination	Function	Key Combination
Media Player	Fn + Esc	Volume Up	Fn + F6
Previous Track	Fn + F1	Open Homepage	Fn + F7
Play/Pause	Fn + F2	Search	Fn + F8
Next Track	Fn + F3	Email	Fn + F9

Function	Key Combination	Function	Key Combination
Mute	Fn + F4	Calculator	Fn + F10
Volume Down	Fn + F5	My Favorite	Fn + F11
		My Computer	Fn + F12

Power Saving Mode

Both the keyboard and mouse enter a power-saving standby mode after a period of inactivity. To reactivate the devices, simply click any button on the mouse or press any key on the keyboard.

Maintenance

Battery Replacement

When the devices stop responding or exhibit intermittent connectivity, it is likely time to replace the batteries. Follow the battery installation steps outlined in the Setup section.

Cleaning

To clean the keyboard and mouse, use a soft, dry cloth. For stubborn dirt, a slightly damp cloth with a mild cleaning solution can be used, ensuring no liquid enters the device. Keys can be carefully removed for deeper cleaning if necessary, but exercise caution to avoid damage.

Troubleshooting

- **No Response from Keyboard/Mouse:**
  - Ensure the USB nano receiver is securely plugged into a working USB port on your computer.
  - Check if the batteries in both the keyboard and mouse are correctly installed and have sufficient charge. Replace if necessary.
  - Move the keyboard and mouse closer to the USB receiver to rule out range issues. The operating range is up to 10 meters.
  - Try plugging the USB receiver into a different USB port on your computer.
  - Restart your computer.
- **Intermittent Connection or Lag:**
  - Ensure there are no large metal objects or other wireless devices (like Wi-Fi routers, cordless phones) interfering with the 2.4 GHz signal between the devices and the receiver.
  - Replace batteries if they are low.
  - If the signal is interrupted, simply re-establish the connection by moving the devices or re-plugging the receiver.
- **Mouse Cursor Jumps or is Imprecise:**
  - Ensure the mouse is used on a suitable surface. Highly reflective or transparent surfaces may affect optical tracking. A mouse pad is recommended.
  - Clean the optical sensor on the underside of the mouse.

Specifications

Feature	Detail
Brand	Perixx
Model Number	PERIDUO-712 (Manufacturer Part No. 11265)
Connectivity Technology	2.4 GHz Wireless
