

BDK OS309

BDK PolyPro Car Seat Covers Full Set Instruction Manual

Model: OS309 | Brand: BDK

INTRODUCTION

Welcome to your BDK PolyPro Car Seat Covers instruction manual. These seat covers are designed to protect and enhance the interior of your vehicle, offering a stylish and comfortable solution for most cars, trucks, vans, and SUVs. This manual provides essential information for proper installation, usage, and care to ensure longevity and optimal performance.

SAFETY INFORMATION

Please read all instructions carefully before installation.

- Ensure seat covers do not obstruct side airbags. These covers are designed to be airbag compatible, but proper installation is crucial.
- Do not install on seats that have molded (non-adjustable) headrests, integrated seatbelts, or built-in armrests on the front seats, as this product is not compatible with these features.
- Keep packaging materials away from children to prevent suffocation.
- Always ensure seatbelts and their mechanisms are fully accessible and functional after installation.

PACKAGE CONTENTS

Your BDK PolyPro Car Seat Covers Full Set includes:

- 2 Front Seat Covers
- 5 Headrest Covers
- 1 Rear Bench Cover

INSTALLATION GUIDE

The BDK PolyPro Car Seat Covers are designed for easy installation. Follow these steps for a secure and proper fit.

Compatibility Check

These seat covers are a universal fit for most autos with adjustable or removable headrests. They are NOT compatible with seats that have molded (non-adjustable) headrests, integrated seatbelts, or built-in armrests on the front seats.

CARS

FRONT BUCKET SEATS
& REAR SEATS 51" to 56"

This diagram illustrates the types of car seats compatible with BDK PolyPro covers. It shows that adjustable headrests and side airbag compatibility are supported, while integrated headrests, integrated seatbelts, and integrated armrests are not compatible.

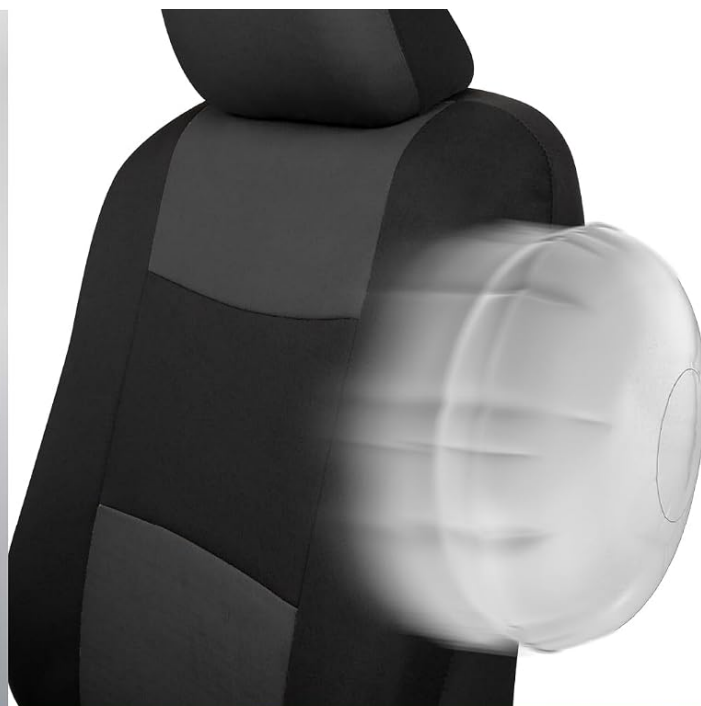

Front Seat Cover Installation

1. Remove headrests from the front seats if they are removable.
2. Slide the front seat cover over the top of the seat, aligning the cover with the seat's contours.
3. Pull the cover down firmly, ensuring a snug fit.
4. Locate the elastic straps and hooks underneath the seat. Connect them to secure the cover.
5. For seats with side airbags, ensure the cover's side stitching aligns with the airbag deployment area. The covers are designed to allow airbags to deploy normally.
6. Reinstall the headrests.

HEADREST SLOTS

FABRIC CONFORMS TO SEAT'S CONTOUR

This image highlights the headrest slots for easy slide-in installation and confirms the seat cover's airbag compatibility, allowing side airbags to deploy normally.

Rear Bench Seat Cover Installation

The rear bench cover is compatible with 40/60, 50/50, and 60/40 split bench seats.

1. Remove all headrests from the rear bench seat.
2. Align the top back seat cover over the rear bench.
3. Slide and tuck the loops at the bottom of the seat back.
4. Pull the seats down (if foldable) and connect the top loops with the bottom loops using the provided hooks behind the seat.
5. Carefully cut small, precise holes for belt guides and headrest posts as needed.
6. Align the bottom seat covers.
7. Cut slits for seatbelt buckles.
8. Tuck bottom covers and slide belt buckles through the slits.

USAGE AND BENEFITS

BDK PolyPro Car Seat Covers offer multiple advantages for your vehicle's interior.

- **Protection Against Wear & Tear:** These durable covers shield your original seats from dirt, spills, stains, and daily wear, helping to preserve your vehicle's interior value.
- **Breathable Materials:** Made from premium, breathable poly-blend materials, they promote airflow and ventilation, ensuring comfort in all seasons.
- **Stylish Modern Design:** The bold two-tone design with detailed stitching refreshes your car's interior, adding a contemporary look.
- **Enhanced Comfort:** The comfortable fabric with foam backing adds an extra layer of cushioning to your drive.

MAINTENANCE AND CARE

To maintain the appearance and longevity of your BDK PolyPro Car Seat Covers, follow these care instructions:

- **Spot Cleaning:** For minor spills or stains, spot clean immediately with a damp cloth and mild detergent. Blot the area gently; do not rub vigorously.
- **Hand Wash Recommended:** For a more thorough cleaning, hand wash the covers in cold water with a mild detergent.
- **Air Dry:** Hang to air dry. Do not machine wash, tumble dry, bleach, or iron, as this may damage the material and affect the fit.
- **Regular Vacuuming:** Vacuum the seat covers regularly to remove dust and loose debris.

TROUBLESHOOTING

If you encounter any issues during installation or use, consider the following common solutions:

- **Difficulty with Fit:** Ensure you have the correct seat type (adjustable headrests, no integrated seatbelts/armrests). Re-check alignment and pull the covers firmly for a snug fit.
- **Wrinkles/Creases:** Over time, wrinkles should smooth out with use. Gentle stretching and warmth from the car's interior can help.
- **Headrest/Seatbelt Slits:** If slits are not perfectly aligned, carefully make small, precise adjustments with scissors. Avoid over-cutting.
- **Loose Fit:** Double-check all elastic straps and hooks are securely fastened underneath the seats.
