Eureka Forbes Mist

Eureka Forbes Aeroguard Mist Air Purifier User Manual

Model: Mist

1. Introduction

Thank you for choosing the Eureka Forbes Aeroguard Mist Air Purifier. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your air purifier. Please read it thoroughly before use and retain it for future reference.

2. Important Safety Instructions

To reduce the risk of fire, electric shock, or injury, always follow basic safety precautions:

- Read all instructions before operating the appliance.
- Ensure the power supply voltage matches the rating label on the appliance.
- Do not operate the appliance with a damaged cord or plug.
- Keep the power cord away from heated surfaces.
- Do not immerse the appliance, cord, or plug in water or other liquids.
- Unplug the air purifier before cleaning or performing any maintenance.
- Do not block air inlets or outlets.
- This appliance is for indoor use only.

3. Package Contents

Carefully unpack your Aeroguard Mist Air Purifier and check that all items are present:

- Aeroguard Mist Air Purifier Unit
- Remote Control
- User Manual (this document)

4. Product Overview

4.1 Front Panel and Display

The front panel features the main air outlet and an intuitive display for operational feedback.

Figure 4.1: Angled view of the Aeroguard Mist Air Purifier, highlighting the front panel and circular display.

4.2 ActiveShield Filtration System

The Aeroguard Mist utilizes a multi-stage ActiveShield filtration system to purify the air. This system includes:

- **Active 10x Pre-Filter:** Captures large dust particles.
- **Active Carbon Filter:** Absorbs odors and harmful gases.
- **ActiveHEPA Filter:** Traps fine particulate matter down to 0.3 micrometers.
- **Active Oxidation Cell:** Further purifies the air.
- **Anion Generator:** Releases negative ions to enhance air freshness.

Figure 4.2: Exploded view illustrating the various components of the ActiveShield filtration system.

5. Setup

5.1 Unpacking and Placement

1. Remove the air purifier from its packaging.
2. Place the unit on a flat, stable surface. Ensure there is adequate space around the air inlets and outlets for optimal air circulation.
3. The recommended coverage area for this model is approximately 250 square feet.

5.2 Filter Installation

The filters may come pre-installed or require installation before first use. Refer to the filter compartment access instructions (usually located on the back or side panel) to ensure all filters are correctly seated and any protective packaging is removed.

5.3 Power Connection

Plug the power cord into a suitable electrical outlet. The unit will enter standby mode.

6. Operating Instructions

6.1 Power On/Off

Press the Power button on the unit or the remote control to turn the air purifier on or off.

6.2 Mode Selection

Use the Mode button on the remote control to cycle through available operating modes, such as:

- **Auto Mode:** The purifier automatically adjusts fan speed based on air quality.
- **Manual Fan Speed:** Select desired fan speed (e.g., Low, Medium, High).
- **Sleep Mode:** Operates quietly with dimmed lights for undisturbed rest.

6.3 Air Quality Indicator

The unit features an air quality indicator, typically displayed via colored lights (e.g., red, yellow, blue) to represent different levels of air pollution. Refer to the display for current air quality status.

6.4 Remote Control Usage

The remote control allows convenient operation from a distance. Ensure the remote control has working batteries and is pointed towards the air purifier's receiver.

7. Maintenance

Regular maintenance ensures optimal performance and extends the lifespan of your air purifier.

7.1 Cleaning the Exterior

Wipe the exterior of the unit with a soft, dry cloth. Do not use abrasive cleaners or solvents.

7.2 Filter Replacement

The filters have a limited lifespan and require periodic replacement. The frequency depends on usage and air quality. When the filter replacement indicator illuminates, it is time to replace the filters. Refer to Section 4.2 for an overview of the filtration system.
To replace filters:

1. Unplug the air purifier from the power outlet.
2. Access the filter compartment (refer to your unit's specific design for access points).
3. Remove the old filters and dispose of them properly.
4. Install new, genuine Eureka Forbes replacement filters in the correct order and orientation.
5. Close the filter compartment securely.
6. Plug in the air purifier and reset the filter life indicator (refer to the specific instructions in your unit's full manual or contact customer support).

Note: **Availability of replacement filters may vary. Contact Eureka Forbes customer support for information on purchasing genuine replacement filters and any associated service procedures.**

8. Troubleshooting

If you encounter issues with your air purifier, refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Unit does not turn on	No power supply; Power cord not connected; Power button not pressed.	Check power outlet; Ensure power cord is securely plugged in; Press the Power button.
Weak airflow	Filters are dirty or clogged; Air inlets/outlets blocked.	Clean or replace filters; Ensure no obstructions around the unit.
Unusual noise	Foreign object inside; Filters not installed correctly.	Unplug and check for obstructions; Reinstall filters correctly.
Air quality not improving	Filters need replacement; Room size exceeds capacity; Doors/windows open.	Replace filters; Ensure unit is used in appropriate room size; Close doors and windows.

If the problem persists after attempting these solutions, please contact Eureka Forbes customer support.

9. Specifications

Feature	Specification
Model	Mist
Brand	Eureka Forbes
Colour	Silver
Wattage	56 Watts
Floor Area Coverage	250 Square Feet
Noise Level	35 Decibels
Particle Retention Size	0.3 Micrometer
Controller Type	Remote Control
