AQUA CREST AQF-FF13 Refrigerator Water Filter Instruction Manual

1. INTRODUCTION AND OVERVIEW

The AQUA CREST AQF-FF13 refrigerator water filter is designed to provide clean, fresh-tasting water by reducing various impurities. This filter utilizes a 100% superior coconut shell carbon block for effective filtration. It is certified by NSF 42 and 372, ensuring quality and safety standards are met. This manual provides essential information for the proper use and maintenance of your filter.

2. PRODUCT FEATURES

- **Advanced Filtration:** Reduces suspended particles, copper, VOCs, THM, chromium, and chlorine from drinking water.
- **High-Quality Material:** Features a 100% selected coconut shell carbon block with a larger surface area and more micropores for efficient impurity removal, including bad taste, odor, sediments, and heavy metals.

- **Safe Materials:** Constructed with BPA-free and food-grade materials, verified by NSF 372 certification for lead-free housing.
- **Reliable Performance:** Tested under extreme conditions, including 300 PSI hydrostatic pressure, 400 PSI maximum pressure, and 100,000 cycle pressure tests for durability.

4. SETUP AND INSTALLATION

The AQUA CREST AQF-FF13 filter is designed for easy, tool-free installation, typically taking only a few minutes. Ensure a precise fit to prevent leaks and maintain stable water flow.

Installation Steps:

1. Locate your refrigerator's filter compartment, usually in the upper right corner of the fresh food section or in the base grille.
2. Twist the old filter counter-clockwise to remove it. Some water may drip, so have a towel ready.
3. Remove the protective cap from the new AQUA CREST filter.
4. Insert the new filter into the housing and twist clockwise until it locks into place. Do not overtighten.
5. Run water through the dispenser for approximately 5 minutes (about 2.5 gallons) to flush out air and carbon fines.
6. Check for any leaks around the filter housing.

7. Reset your refrigerator's 'Change Filter' indicator, if applicable (refer to your refrigerator's manual for specific instructions).

5. OPERATING INSTRUCTIONS

Once installed, the filter operates automatically with your refrigerator's water dispensing system. For optimal performance, ensure the filter is correctly seated and the water supply is turned on.

- After initial installation or replacement, flush the filter by dispensing water for approximately 5 minutes to remove any trapped air or carbon particles.
- The filter will continuously purify water as it passes through to your dispenser and ice maker.
- Monitor your refrigerator's filter indicator light, if available, as a reminder for replacement.

6. MAINTENANCE

Regular replacement of your water filter is crucial for maintaining water quality and refrigerator performance.

Filter Replacement Schedule:

It is recommended to replace the AQUA CREST AQF-FF13 filter every **6 months** or after filtering **300 gallons** of water, whichever comes first. This duration may vary based on your local water quality and usage.

- Use the included month install stickers to mark the installation date on your filter or refrigerator as a reminder.
- A decrease in water flow or a change in water taste may indicate that the filter needs to be replaced sooner.

7. TROUBLESHOOTING

If you encounter issues with your AQUA CREST AQF-FF13 filter, consider the following common solutions:

- **Slow Water Flow:** This often indicates a clogged filter that needs replacement. Ensure the filter is correctly installed and not overtightened.
- **Bad Taste or Odor:** If water tastes or smells unusual after installation, ensure the filter was flushed adequately. If the issue persists, the filter may be expired or defective.
- **Leaks:** Check that the filter is fully seated and twisted clockwise until it locks. Ensure the O-rings are not damaged.
- **Filter Indicator Light Remains On:** Refer to your refrigerator's user manual for specific instructions on how to

reset the filter indicator light. This is typically a button press sequence.

If problems persist, please contact AQUA CREST customer support for assistance.
