GNC 303522

GNC TriFlex Joint Health Supplement Instruction Manual

Brand: GNC | Model: 303522

Product Overview

GNC TriFlex is a dietary supplement formulated to support targeted joint, bone, and cartilage health. It is designed to promote mobility and flexibility, aiding in the maintenance of healthy joints.

Key Benefits:

- Clinical strength dose of glucosamine and chondroitin for healthy joints and bones.
- 1500 mg glucosamine hydrochloride to help support joint cartilage.
- Glucosamine and chondroitin support joint tissue and maintain healthy joints associated with aging or daily wear and tear.
- Encourages joint mobility and provides nutrients for enzyme systems involved in joint health.
- Contains MSM, a source of sulfur important for healthy joint cartilage.
- Encourages joint flexibility and comfort.
- Helps maintain joint function.
