ECR4Kids ELR-12683

ECR4Kids SoftZone Climb and Crawl Activity Playset Instruction Manual

Model: ELR-12683

PRODUCT OVERVIEW

The ECR4Kids SoftZone Climb and Crawl Activity Playset is a 5-piece foam playset designed for infants and toddlers to engage in active play. This set promotes early muscle movement, enhances physical coordination and balance, and supports overall body control and core strength. The lightweight foam shapes allow for countless arrangements, encouraging open-ended play and imagination.

Key Features:

- **Fun Foam Activity Play Set:** Open-ended play set designed for infants and toddlers to climb, crawl, and slide on a collection of five foam shapes.
- **Motor Development:** Allows children to develop important fine and gross motor skills such as lifting, stacking, and carrying as they move and play.
- **Quality Materials:** Constructed with CertiPUR-US Certified foams that are safe, covered in soft polyurethane vegan leather with a durable woven backing, and features a non-slip base for added stability.
- **Certified Safe:** Rated GREENGUARD [GOLD] Certified for healthier indoor air, CPSIA lead and phthalate compliant, adheres to CA-117 requirements, and meets ASTM F963 Toy Safety Standards.
- **Product Dimensions:** Overall dimensions measure 24" L x 16" W x 8" H.

SETUP AND ASSEMBLY

The ECR4Kids SoftZone Climb and Crawl Activity Playset requires minimal setup. The five foam pieces can be arranged in various configurations to suit your child's developmental stage and play preferences. The pieces are lightweight, making them easy to move and reconfigure.

Connecting Pieces:

Some pieces, such as the large square and wedge, can be connected using the integrated stay-put fasteners. These fasteners help secure the pieces together for a more stable play structure.

Image: A hand demonstrating the use of stay-put fasteners to connect two pieces of the SoftZone playset, ensuring stability during play.

Stability:

Each foam piece features a non-slip base to provide added stability during active play. Ensure the pieces are placed on a flat, stable surface for optimal safety.

Non-Slip Base

Reinforced material
that you can count on

Textured bottom that makes
it easy to find the floor side

Helps keep item in
place while in use

OPERATING AND USAGE

This playset is designed for safe indoor active play. It encourages children to explore movement, develop motor skills, and engage in imaginative play. Always supervise children during play.

Recommended Activities:

- **Climbing and Crawling:** Children can climb over the various shapes, crawl through tunnels (if formed), and navigate different heights.
- **Sliding:** The wedge piece can be used as a gentle slide.
- **Stacking and Building:** The modular blocks can be stacked to build towers, bridges, or other structures, fostering creativity and spatial reasoning.
- **Obstacle Courses:** Arrange the pieces to create simple obstacle courses for children to navigate, promoting physical activity and problem-solving.

Image: A young child happily sliding down the red and yellow wedge piece of the playset, surrounded by other foam shapes.

Important Considerations:

- Remove shoes before climbing on the playset to prevent damage to the material.
- Ensure adequate space around the playset for safe movement.
- The modular blocks are designed to fall without making loud crashes, maintaining a quiet environment.

MAINTENANCE AND CARE

To ensure the longevity and hygiene of your ECR4Kids SoftZone Climb and Crawl Activity Playset, follow these care instructions:

- **Cleaning:** The water-resistant polyurethane vegan leather cover can be easily cleaned. Use a mild soap-and-water solution or your favorite bleach-free cleaning wipe.
- **Drying:** Wipe dry immediately after cleaning to prevent moisture buildup.
- **Storage:** Store the playset in a dry area away from direct sunlight to prevent material degradation.

SAFETY INFORMATION

The ECR4Kids SoftZone Climb and Crawl Activity Playset is designed with safety in mind and meets various industry standards:

- **CertiPUR-US Certified Foams:** Ensures the foam core is made without ozone depleters, PBDEs, TDCPP, TCEP flame retardants, mercury, lead, heavy metals, formaldehyde, or phthalates.
- **GREENGUARD [GOLD] Certified:** Promotes healthier indoor air quality by meeting rigorous chemical emission standards.
- **CPSIA Compliant:** Meets consumer product safety improvement act standards for lead and phthalates.
- **CA-117 Requirements:** Adheres to California Technical Bulletin 117 for flammability.
- **ASTM F963 Toy Safety Standards:** Complies with the standard consumer safety specification for toy safety.

SPECIFICATIONS

Attribute	Detail
Brand	ECR4Kids
Model Number	ELR-12683
Item Weight	3.9 kg
Product Dimensions	142.24 x 81.28 x 40.64 cm (56 x 32 x 16 inches)
Color	Multicolor

Material	Polyurethane Soft Leather, Foam
Number of Pieces	5
Special Features	Durable, Lightweight, Moisture Resistant, Portable, Stackable
Batteries Required	No

TROUBLESHOOTING

While the ECR4Kids SoftZone Climb and Crawl Activity Playset is designed for durability and ease of use, here are some common considerations:

- **Playset pieces not staying together:** Ensure the stay-put fasteners are properly aligned and pressed firmly together. Check that the pieces are on a flat, even surface.
- **Slipping on hard surfaces:** The playset features a non-slip base. For optimal grip on very smooth hard surfaces, consider placing the playset on a rug or play mat.
- **Stains or marks:** Refer to the "Maintenance and Care" section for cleaning instructions using mild soap and water or bleach-free wipes.
