

## Bergner BGIC-5500

# Bergner Infinity Chef BGIC-5500 Nylon Copper Kitchen Tools Set Instruction Manual

Model: BGIC-5500

## 1. PRODUCT OVERVIEW

---

The Bergner Infinity Chef BGIC-5500 is a 4-piece kitchen tools set designed for various cooking and serving tasks. This set combines durable stainless steel handles with heat-resistant nylon heads, ensuring both longevity and protection for your cookware surfaces.

The set includes the following components:

- **Bucket:** A deep ladle-like tool, ideal for serving soups, stews, and sauces.
- **Skimmer:** A utensil with a flat, perforated head, perfect for removing food from hot liquids or skimming foam.
- **Perforated Spatula:** A flat, slotted tool used for turning, lifting, and draining foods during cooking.
- **Serving Spoon:** A large, solid spoon suitable for serving a variety of dishes.

## 2. SAFETY INSTRUCTIONS

---

Please read and follow these safety guidelines to ensure safe and effective use of your kitchen tools:

- Always use caution when cooking with hot liquids and surfaces.
- The nylon heads are resistant to temperatures up to 230°C (446°F). Avoid exposing them to direct flame or temperatures exceeding this limit, as it may cause damage or melting.
- The steel handles are designed to remain cool during normal use; however, prolonged exposure to high heat sources may cause them to warm. Use oven mitts or pot holders if handles become hot.
- Keep out of reach of children.
- Do not use abrasive cleaners or scouring pads on the nylon heads, as this can scratch or damage the material.

### 3. SETUP

---

Your Bergner Infinity Chef kitchen tools set requires minimal setup.

1. **Unpack:** Carefully remove all tools from their packaging.
2. **Initial Cleaning:** Before first use, wash all tools thoroughly with warm soapy water. Rinse well and dry completely.
3. **Storage:** Store tools in a clean, dry place, such as a utensil holder or drawer, to prevent damage.

### 4. OPERATING INSTRUCTIONS

---

These tools are designed for general kitchen use. Here are some common applications:

- **Bucket:** Use for scooping and serving liquids like soups, sauces, and gravies.
- **Skimmer:** Ideal for lifting fried foods from oil, removing vegetables from boiling water, or skimming fat from broths.
- **Perforated Spatula:** Perfect for turning delicate foods like fish or pancakes, and for draining excess oil or liquid.
- **Serving Spoon:** Suitable for serving a wide range of dishes, from rice and vegetables to casseroles.

The nylon heads are safe for use with non-stick cookware, helping to prevent scratches and extend the life of your pots and pans.

### 5. CARE AND MAINTENANCE

---

Proper care will ensure the longevity and performance of your Bergner Infinity Chef kitchen tools.

- **Cleaning:** The tools are suitable for use in a dishwasher. For hand washing, use warm soapy water and a soft sponge or cloth. Rinse thoroughly.
- **Drying:** Dry immediately after washing to prevent water spots on the stainless steel handles.
- **Stain Removal:** For stubborn food stains on the nylon, a paste of baking soda and water can be gently applied, then rinsed.
- **Storage:** Store in a dry environment. Avoid storing with sharp objects that could scratch the nylon heads.

### 6. TROUBLESHOOTING

---

If you encounter any issues with your kitchen tools, consider the following:

- **Nylon Head Discoloration:** Prolonged exposure to highly pigmented foods (e.g., tomato sauce,

turmeric) may cause slight discoloration over time. This is normal and does not affect performance or safety.

- **Handle Stains:** Water spots on stainless steel can be removed with a soft cloth and a stainless steel cleaner, or a mixture of vinegar and water.
- **Warping/Melting:** If a nylon head shows signs of warping or melting, it indicates exposure to temperatures exceeding 230°C. Discontinue use if structural integrity is compromised.

## 7. SPECIFICATIONS

---

Feature	Specification
Model Number	BGIC-5500
Number of Pieces	4
Material	Nylon (heads), Stainless Steel (handles)
Color	Copper (accents), Black (nylon heads)
Heat Resistance	Up to 230°C (446°F)
Dishwasher Safe	Yes
Item Weight	14.1 Ounces (approx. 400 grams)

## 8. WARRANTY AND SUPPORT

---

For warranty information and customer support, please refer to the packaging or contact Bergner customer service directly. Keep your proof of purchase for any warranty claims.
