Child Craft F06474.46

Child Craft Full Size Bed Rails: Conversion Kit

For Delaney, Penelope, and Sheldon 4-in-1 Convertible Cribs

Model: F06474.46

INTRODUCTION

This manual provides instructions for the safe and proper assembly and use of your Child Craft Full Size Bed Rails. These rails are specifically designed to convert compatible Child Craft 4-in-1 convertible cribs (Delaney, Penelope, and Sheldon models) into a full-size bed, extending the usability of your nursery furniture.

SAFETY INFORMATION

WARNING: Failure to follow these warnings and instructions could result in serious injury or death.

- Read all instructions completely before assembly and use of this product. Keep this manual for future reference.
- Adult assembly is required. Ensure all fasteners are securely tightened before use. Periodically check all connections for tightness.
- Do not substitute parts. Use only manufacturer-supplied parts and hardware.
- Do not use this product if any parts are missing, broken, or damaged. Contact Child Craft customer support for replacement parts.
- Keep small parts and hardware away from children during assembly to prevent choking hazards.
- This product is intended for use with the specified Child Craft Delaney, Penelope, and Sheldon 4-in-1 convertible crib models only. Using with other cribs may result in an unsafe condition.
- Ensure the mattress used with the converted bed fits snugly within the frame to prevent gaps where a child could become entrapped.

PACKAGE CONTENTS

Before beginning assembly, carefully unpack all components and verify that all parts are present. The package should contain:

- Full Size Bed Rails (2)

- Bed Slats (quantity may vary, typically 3-5)
- Hardware Pack (includes bolts, nuts, washers, and an Allen wrench)

Note: Specific quantities of slats and hardware may vary. Refer to your product's packing list for exact details. If any parts are missing, do not proceed with assembly. Contact Child Craft customer support.

SETUP AND ASSEMBLY INSTRUCTIONS

This section details the steps to convert your Child Craft 4-in-1 convertible crib into a full-size bed using the bed rails. Adult assembly is required.

1. **Prepare the Crib:** Disassemble your Child Craft 4-in-1 convertible crib according to its original instruction manual. Remove the front and back crib panels, leaving only the headboard and footboard components. Ensure the headboard and footboard are clean and free of debris.
2. **Attach Bed Rails to Headboard:** Align one end of a full-size bed rail with the pre-drilled holes on the headboard. Insert the appropriate bolts through the holes and secure them with nuts and washers. Tighten them securely using the provided Allen wrench. Repeat this step for the second bed rail on the opposite side of the headboard.
3. **Attach Bed Rails to Footboard:** With the headboard and attached rails standing, carefully align the free ends of the bed rails with the pre-drilled holes on the footboard. Insert the appropriate bolts and tighten them securely with nuts and washers.
4. **Install Bed Slats:** Evenly space the bed slats across the width of the assembled bed rails. Secure each slat to the bed rails using the provided screws or fasteners. Ensure all slats are firmly attached to provide adequate support for the mattress.
5. **Final Inspection:** Once all components are assembled, gently shake the bed frame to ensure stability. Double-check that all bolts and fasteners are tight. Place a standard full-size mattress (not included) onto the installed slats.

OPERATING INSTRUCTIONS

Once assembled, the converted full-size bed is ready for use. Ensure the mattress fits snugly within the frame, leaving no significant gaps. This bed is designed for sleeping and resting. To ensure safety and prolong the life of the product, avoid excessive jumping or rough play on the bed.

MAINTENANCE

Proper maintenance will help ensure the longevity and safety of your Child Craft Full Size Bed Rails.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners, harsh chemicals, or polishes, as these can damage the finish.
- **Hardware Check:** Periodically (e.g., monthly) check all bolts, screws, and fasteners to ensure they remain tight. Loose hardware can compromise the bed's stability and safety. Tighten as necessary.
- **Storage:** If disassembling the bed for storage, keep all hardware in a sealed bag and store it with the bed rails in a dry, cool place away from extreme temperatures or humidity.

TROUBLESHOOTING

If you encounter any issues with your Child Craft Full Size Bed Rails, refer to the following common solutions:

- **Bed feels unstable or wobbly:** This is typically caused by loose hardware. Ensure all bolts and fasteners connecting the rails to the headboard and footboard, as well as the slats to the rails, are securely tightened. Re-check all connection points.
- **Bed slats appear weak or broken:** The bed rails include slats designed to support a mattress. If any slats are damaged, they must be replaced immediately to prevent injury and ensure proper mattress support. Contact Child Craft customer support for replacement parts or suitable alternatives. Do not use the bed with damaged slats.
- **Difficulty aligning holes during assembly:** Ensure you are using the correct headboard and footboard from the specified Child Craft 4-in-1 convertible crib models. Sometimes, slight adjustments or gentle pressure may be needed to align holes. Do not force components, as this can cause damage to the wood or hardware.
- **Missing parts:** If you find any parts are missing from your package, do not attempt to assemble the product. Contact Child Craft customer support immediately for assistance.

SPECIFICATIONS

Product Dimensions	5 x 75 x 2.25 inches
Item Weight	24 pounds
Material	Pinewood
Model Number	F06474.46
Compatible Cribbs	Child Craft Delaney, Penelope, and Sheldon 4-in-1 Convertible Cribbs
