## E45 SG_B012FQWM3O_US

# E45 Dermatological Cream User Manual

Comprehensive guide for the E45 Dermatological Cream Treatment for Dry Skin Conditions.

## Introduction

The E45 Dermatological Cream is a trusted emollient designed for the treatment of dry skin conditions. It helps to soothe, moisturize, and protect the skin, providing relief from dryness, flaking, and itching. This cream is suitable for various dry skin conditions, including eczema, dermatitis, and ichthyosis.
Its gentle formulation makes it suitable for use by adults and children, including infants. Regular use helps to restore the skin's natural barrier, preventing further moisture loss and promoting healthier skin.

## Product Overview

Image: A single tub of E45 Dermatological Cream, showing the front label with "E45 cream" and "Treatment for Dry Skin Conditions".

Image: Two tubs of E45 Dermatological Cream, indicating a pack of two, with similar labeling visible.

The E45 Cream is typically supplied in a 350g tub, designed for convenient and hygienic application. The formulation is

non-greasy and easily absorbed, making it suitable for daily use on all parts of the body.

## Setup and First Use

Before first use, ensure the skin area is clean and dry. The cream is for external use only.

1. **Preparation:** Wash your hands thoroughly before opening the tub to maintain hygiene.
2. **Patch Test (Optional but Recommended):** If you have particularly sensitive skin or are using the product for the first time, apply a small amount of cream to a discreet area of skin (e.g., inner forearm) and wait 24 hours to check for any adverse reactions.
3. **Opening the Tub:** Twist the lid counter-clockwise to open.

## Operating Instructions (Application)

Apply the E45 Dermatological Cream as often as required to the affected areas of the skin. The frequency of application depends on the severity of the dry skin condition.

- **Amount:** Use a sufficient amount of cream to cover the affected area. A small amount often spreads well due to its rich consistency.
- **Application:** Gently massage the cream into the skin in the direction of hair growth until it is absorbed. Avoid rubbing vigorously, especially on sensitive or inflamed skin.
- **Frequency:** For best results, apply at least two to three times a day, or more frequently if your skin feels particularly dry or itchy. It can be used after bathing or showering to lock in moisture.
- **Children and Infants:** The cream is suitable for all ages. For infants and young children, apply gently and ensure it is fully absorbed.

Always close the lid tightly after use to prevent the cream from drying out and to maintain its efficacy.

## Maintenance and Storage

- **Storage:** Store the cream in a cool, dry place, away from direct sunlight and heat. Do not store above 25°C (77°F).
- **Lid Security:** Always ensure the lid is securely fastened after each use to prevent contamination and maintain product freshness.
- **Shelf Life:** Refer to the expiry date printed on the packaging. Do not use the cream beyond this date.
- **Hygiene:** To prevent contamination, avoid dipping unwashed fingers or other objects into the tub. If possible, use a clean spatula to dispense the cream.

## Troubleshooting

| Issue | Possible Cause | Solution |
|---|---|---|
| Skin irritation or redness after application | Possible allergic reaction to an ingredient. | Discontinue use immediately. Cleanse the area with mild soap and water. Consult a healthcare professional if irritation persists. |
| Cream feels too thick or doesn't spread easily | Product may be stored in too cold a temperature. | Allow the cream to warm to room temperature before use. A small amount should be sufficient. |

| Issue | Possible Cause | Solution |
|---|---|---|
| No improvement in dry skin condition | Insufficient frequency of application or underlying medical condition. | Increase application frequency. If symptoms persist or worsen, consult a doctor or dermatologist. |

## Specifications

- **Brand:** E45
- **Model Number:** SG_B012FQWM3O_US
- **Item Volume:** 350 Milliliters (approx. 350g)
- **Skin Type:** Dry
- **Key Ingredients:** White Soft Paraffin, Light Liquid Paraffin, Anhydrous Lanolin (Medilan) *(Note: Product packaging should be consulted for the most accurate and up-to-date ingredient list.)*
- **Package Dimensions:** 7.01 x 3.66 x 3.31 inches; 12.35 ounces
- **Age Range:** Adult (suitable for all ages, including infants, as per general E45 usage)

## Warranty and Support

For specific warranty information, product support, or to report an adverse reaction, please refer to the official E45 website or contact their customer service directly. Details can typically be found on the product packaging or the manufacturer's official online resources.
Always consult a healthcare professional if you have concerns about your skin condition or the suitability of this product for your specific needs.
