PRODUCT OVERVIEW

The Mob Armor Switch Bar is designed as a robust smartphone holder, offering a secure mounting solution for various applications. It features a durable powder coat finish and is engineered for versatility.

Key Features:

- Ultimate solution in smartphone holders.
- Durable powder coat finish.
- Versatile mounting options.

WHAT'S IN THE BOX

Upon opening the package, verify that all components are present and undamaged.

- 1 x Mob Armor MOBB2-BLK-SM Switch Bar (Smartphone Holder)
- Necessary mounting hardware (e.g., bolts, nuts, washers)

SETUP AND INSTALLATION

Follow these steps to properly install your Mob Armor Switch Bar.

1. **Identify Mounting Location:** Choose a suitable surface for mounting, such as a handlebar or roll bar. Ensure the surface is clean and free of obstructions.
2. **Assemble Clamp:** If the clamp is separate, attach it to the main holder body using the provided hardware. Ensure all screws are finger-tight initially.
3. **Position the Mount:** Place the clamp around the desired mounting surface.
4. **Secure the Clamp:** Insert the bolt through the clamp and tighten it securely. Use appropriate tools to ensure a firm grip, but do not overtighten to avoid damaging the mounting surface or the product.

5. **Adjust Holder Angle:** The holder typically allows for angle adjustment. Loosen the adjustment knob or screw, position the holder to your preferred viewing angle, and then tighten it firmly.

OPERATING INSTRUCTIONS

Once installed, using your Mob Armor Switch Bar is straightforward.

1. **Insert Smartphone:** Gently pull open the adjustable arms of the holder. Carefully place your smartphone into the holder, ensuring it is centered and securely gripped by the arms.
2. **Verify Grip:** Lightly tug on the smartphone to confirm it is firmly held by the mount. The design ensures a secure fit for various smartphone sizes.
3. **Remove Smartphone:** To remove your smartphone, gently pull open the adjustable arms and lift the device out.

MAINTENANCE

Regular maintenance will help prolong the life and performance of your Mob Armor Switch Bar.

- **Cleaning:** Wipe the product with a soft, damp cloth to remove dust and dirt. Avoid using harsh chemicals or abrasive cleaners, as these may damage the powder coat finish.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Storage:** If storing the product for an extended period, keep it in a clean, dry environment away from extreme temperatures.

TROUBLESHOOTING

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Mount feels loose after installation.	Mounting bolt/clamp not tightened sufficiently.	Ensure the mounting bolt is securely tightened. Do not overtighten.
Smartphone not held securely.	Adjustable arms not fully gripping the phone; phone size incompatible.	Ensure the phone is centered and the arms are fully closed around it. Verify phone dimensions are within the product's compatible range.
Difficulty adjusting viewing angle.	Adjustment knob/screw is too tight.	Loosen the adjustment knob/screw slightly, adjust the angle, then retighten firmly.

SPECIFICATIONS

Brand: Mob Armor
