

Scheppach MFH5200-4P

Scheppach MFH5200-4P 4-in-1 Multi-Tool Instruction Manual

Brand: Scheppach | **Model:** MFH5200-4P

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Scheppach MFH5200-4P 4-in-1 Multi-Tool. This versatile garden tool is designed to assist you with various tasks, combining a brush cutter, grass trimmer, hedge trimmer, and pole pruner into one powerful unit. This manual provides essential information for safe operation, assembly, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

Key features of your Scheppach MFH5200-4P include:

- Powerful 1300 W 2-stroke engine (1.8 PS) for demanding garden tasks.
- Vibration-damped design for comfortable operation.
- Includes shoulder strap and hip protection for fatigue-free work.
- Pole Pruner: 10" ProCut bar/chain, 254 mm cutting length; automatic chain lubrication.
- Grass Trimmer: Double line spool; 450 mm cutting width.
- Hedge Trimmer: Max. 24 mm cutting thickness; 406 mm blade width; swivels 165° in 15° increments.
- Brush Cutter: 255 mm cutting width with durable metal blade.
- Tap-Automatic line extension for easy operation.

Figure 1.1: Overview of the Scheppach MFH5200-4P 4-in-1 Multi-Tool and its various attachments.

2. SAFETY INSTRUCTIONS

Always prioritize safety when operating power tools. Read and understand all safety warnings and instructions before using the Scheppach MFH5200-4P. Failure to follow these instructions may result in serious injury.

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety glasses, hearing protection, gloves, sturdy footwear, and long pants. A helmet with a face shield is recommended for certain operations.
- **Fuel Handling:** Gasoline is highly flammable. Handle fuel in a well-ventilated area, away from open flames or sparks. Store fuel in approved containers.
- **Work Area:** Keep the work area clear of bystanders, children, and pets. Ensure good footing and be aware of your surroundings.

- **Pre-Operation Check:** Before each use, inspect the tool for any loose parts, damage, or wear. Ensure all attachments are securely fastened.
- **Vibration Damping:** The tool features a vibration-damped design. Utilize the included shoulder strap and hip protection to reduce fatigue and improve control during extended use.
- **Emergency Stop:** Familiarize yourself with the location and operation of the emergency stop switch.

3. PACKAGE CONTENTS

Upon unpacking, ensure all components are present and undamaged. The standard package includes:

- Scheppach MFH5200-4P Engine Unit
- Grass Trimmer Attachment (with double line spool)
- Brush Cutter Attachment (with metal blade)
- Hedge Trimmer Attachment
- Pole Pruner Attachment (with 10" ProCut bar and chain)
- Shoulder Strap and Hip Protection
- Tool Kit (for assembly and maintenance)
- Fuel Mixing Bottle (if included)
- Instruction Manual

If any parts are missing or damaged, please contact your dealer or Scheppach customer service.

4. ASSEMBLY AND SETUP

Before starting, ensure the engine is off and cool. Wear protective gloves during assembly.

4.1 Fuel Mixture

The MFH5200-4P uses a 2-stroke engine and requires a specific fuel mixture. Use unleaded gasoline mixed with high-quality 2-stroke engine oil at a ratio of **1:40** (2.5% oil). Do not use pure gasoline or a different mixture ratio, as this will damage the engine and void the warranty.

Kraftstoffgemisch 1:40

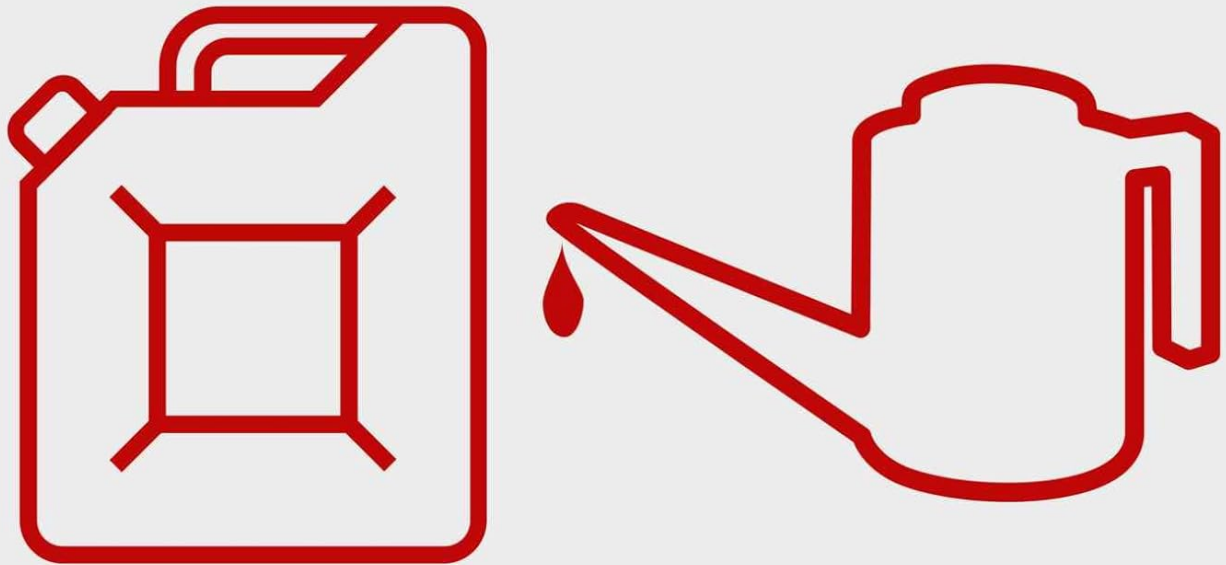

Figure 4.1: Illustration of the 1:40 fuel mixture ratio for the 2-stroke engine.

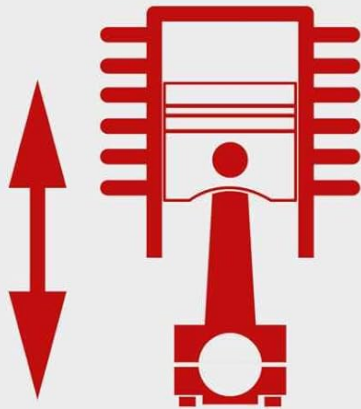

4.2 Attaching Components

The multi-tool features a quick-release system for easy attachment changes. To attach an accessory:

1. Align the shaft of the desired attachment with the main engine unit's shaft.
2. Push the attachment firmly into place until the quick-release button or pin engages.
3. Tighten any securing screws or clamps as instructed in the attachment-specific section of the full manual.

To detach, press the quick-release button/pin and pull the attachment away.

**2-Takt-Motor - 1,3 kW /
1,8 PS / 51,7 cm³**

**Leichte Montage /
Demontage**

0,96 L Tankvolumen

Seilzugstarter

Figure 4.2: The multi-tool is designed for easy assembly and disassembly of its various components.

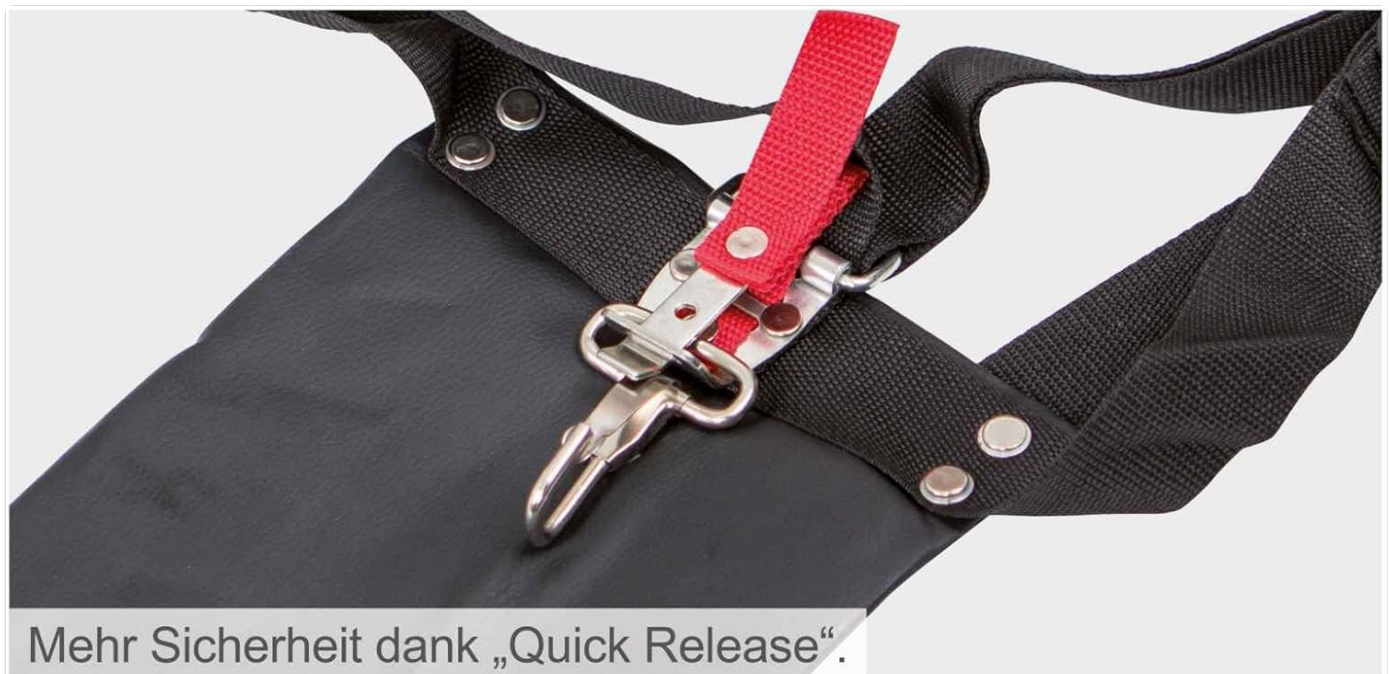

Figure 4.3: The quick-release mechanism ensures secure and rapid attachment changes.

4.3 Attaching the Shoulder Strap

Attach the included shoulder strap to the designated mounting point on the main shaft. Adjust the strap length to ensure comfortable and balanced weight distribution, reducing strain during operation. The hip protection should sit comfortably around your hip.

Das **Anti-Vibrationssystem** sowie der enthaltene Schultergurt ermöglichen ein komfortables und ermüdungsfreies Arbeiten.

Figure 4.4: The anti-vibration system and shoulder strap provide comfortable and fatigue-free operation.

5. OPERATING INSTRUCTIONS

5.1 Starting the Engine

1. Place the tool on a flat, stable surface.
2. Ensure the fuel tank is filled with the correct 1:40 fuel mixture.
3. Set the ON/OFF switch to the "ON" position.
4. Engage the choke (usually by moving a lever to the "START" or "CHOKE" position).
5. Press the primer bulb several times until fuel is visible in the clear line.
6. Pull the recoil starter cord firmly and steadily until the engine fires (it may run briefly and then stop).
7. Once the engine fires, disengage the choke (move the lever to the "RUN" position).
8. Pull the recoil starter cord again until the engine starts and runs smoothly.
9. Allow the engine to warm up for a few moments before applying full throttle.

5.2 Using the Attachments

Always maintain a firm grip on the handles and keep the tool balanced. Wear appropriate PPE for each task.

5.2.1 Grass Trimmer (Rasenrimmer)

Ideal for trimming grass edges and light vegetation. The double line spool provides a 450 mm cutting width. The "Tap-Automatic" line extension allows you to extend the cutting line by gently tapping the trimmer head on the ground while the engine is running at full speed.

Figure 5.1: Top image shows the grass trimmer in action, ideal for precise lawn edging.

5.2.2 Brush Cutter (Motorsense)

Use the metal blade attachment for cutting thicker grass, weeds, and light brush. The 255 mm cutting width makes it efficient for clearing larger areas. Ensure the blade guard is properly installed.

4 IN 1 ANWENDUNGSBEISPIELE

Figure 5.2: Bottom image shows the brush cutter clearing dense vegetation.

5.2.3 Hedge Trimmer (Heckenschere)

Perfect for shaping hedges and shrubs. The 406 mm blade width and ability to swivel 165° in 15° increments allow for versatile cutting angles. Maximum cutting thickness is 24 mm.

4 IN 1 ANWENDUNGSBEISPIELE

Figure 5.3: Top image demonstrates the hedge trimmer in use for shaping bushes.

5.2.4 Pole Pruner (Hochentaster)

Designed for pruning high branches. The 10" ProCut bar and chain provide a cutting length of 254 mm. The automatic chain lubrication system ensures smooth operation. Always ensure stable footing and be aware of falling branches.

4 IN 1 ANWENDUNGSBEISPIELE

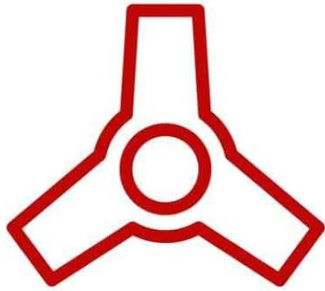

Figure 5.4: Bottom image shows the pole pruner being used to trim tree branches.

6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your Scheppach MFH5200-4P. Always turn off the engine and allow it to cool before performing any maintenance.

- **Cleaning:** After each use, clean the tool thoroughly, removing grass, dirt, and debris from the engine, attachments, and air vents.
- **Air Filter:** Regularly inspect and clean the air filter. A clogged air filter can reduce engine performance. Replace if damaged.
- **Spark Plug:** Check the spark plug periodically for wear and carbon buildup. Clean or replace as necessary.
- **Chain Lubrication (Pole Pruner):** Ensure the pole pruner's chain oil reservoir is filled with appropriate chain oil. The automatic lubrication system requires a constant supply.
- **Blades/Lines:** Inspect trimmer lines, brush cutter blades, hedge trimmer blades, and pruner chains for sharpness and damage. Sharpen or replace as needed.

- **General Inspection:** Check all screws, nuts, and bolts for tightness. Tighten any loose fasteners.
- **Storage:** When storing the tool for extended periods, drain the fuel tank or use a fuel stabilizer. Store in a dry, secure location away from children.

7. TROUBLESHOOTING

This section addresses common issues you might encounter. For more complex problems, consult a qualified service technician.

Problem	Possible Cause	Solution
Engine won't start.	No fuel or incorrect fuel mixture. Choke not set correctly. Fouled spark plug. Clogged fuel filter/line.	Check fuel level and mixture (1:40). Adjust choke according to starting procedure. Clean or replace spark plug. Clean or replace fuel filter.
Engine runs, but lacks power.	Clogged air filter. Incorrect fuel mixture. Dull cutting attachment.	Clean or replace air filter. Ensure correct 1:40 fuel mixture. Sharpen or replace cutting attachment.
Excessive vibration.	Loose components. Damaged cutting attachment.	Check and tighten all screws and bolts. Inspect cutting attachment for damage; replace if necessary.
Trimmer line not extending.	Line tangled or too short. Tap-Automatic mechanism jammed.	Inspect and untangle line; replace if too short. Clean trimmer head.

8. TECHNICAL SPECIFICATIONS

Specification	Value
Model	MFH5200-4P
Engine Type	2-stroke
Engine Power	1300 W (1.8 PS)
Engine Displacement	51.7 cm³
Fuel Tank Volume	0.96 Liters
Fuel Mixture Ratio	1:40 (Gasoline:2-stroke oil)
Product Dimensions (assembled)	Approx. 208.5 x 42 x 250 cm
Item Weight	12.5 kg
Grass Trimmer Cutting Width	450 mm
Brush Cutter Cutting Width	255 mm
Hedge Trimmer Blade Length	406 mm
Hedge Trimmer Max. Cutting Thickness	24 mm

Specification	Value
Hedge Trimmer Swivel Angle	165° (in 15° increments)
Pole Pruner Bar/Chain	10" ProCut
Pole Pruner Cutting Length	254 mm

9. WARRANTY AND SUPPORT

Scheppach products are manufactured with high-quality materials and undergo strict quality control. For information regarding warranty terms, service, or spare parts, please refer to the warranty card included with your product or visit the official Scheppach website. You may also contact your authorized dealer for support. For further assistance, please contact Scheppach customer service:

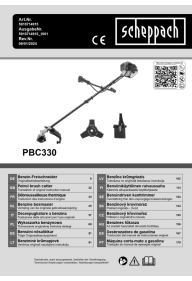

Website: www.scheppach.com

Contact Information: Refer to your product documentation for regional contact details.
