

## KRUPS XB900601

# KRUPS XB900601 Coffee Maker Carafe User Manual

Model: XB900601

## PRODUCT OVERVIEW

This manual provides essential information for the safe and efficient use of your KRUPS XB900601 Coffee Maker Carafe. This black glass carafe is designed for preparing beverages and has a capacity of 1.25 liters, equivalent to 15 small cups or 10 large cups. It is specifically compatible with KRUPS Pro Aroma F309 and Pro Aroma Plus KM321 coffee makers. The carafe features a reinforced ring to protect against impacts, ensuring durability and longevity. Please read this manual thoroughly before first use and keep it for future reference.

## SAFETY INSTRUCTIONS

---

- Handle the glass carafe with care to prevent breakage.
- Do not place the hot carafe on cold or wet surfaces.
- Ensure the carafe is clean before each use.
- Keep out of reach of children.
- This carafe is designed for use with compatible KRUPS coffee makers only. Do not use it for other purposes.
- Avoid sudden temperature changes, which can cause the glass to crack.

## SETUP

---

The KRUPS XB900601 carafe is a replacement part designed for easy integration with compatible coffee makers.

1. **Unpacking:** Carefully remove the carafe from its packaging. Inspect for any signs of damage.
2. **Initial Cleaning:** Before first use, wash the carafe and its lid thoroughly with warm, soapy water. Rinse well and dry completely.
3. **Placement:** Ensure your coffee maker is turned off and unplugged. Place the clean carafe securely on the warming plate of your compatible KRUPS coffee maker (Pro Aroma F309 or Pro Aroma Plus KM321). The carafe's reinforced ring should sit flush with the warming plate.

## OPERATING INSTRUCTIONS

This carafe functions as the collection vessel for brewed coffee. Its operation is directly tied to the coffee maker it is used with.

- Brewing:** Once the carafe is correctly positioned on the coffee maker's warming plate, proceed with your coffee maker's standard brewing cycle. The brewed coffee will drip directly into the carafe.
- Capacity:** The carafe has a maximum capacity of 1.25 liters, which corresponds to 15 small cups or 10 large cups. Do not overfill.
- Serving:** Use the handle for safe pouring. The lid is designed for easy opening and closing.
- Keeping Warm:** After brewing, the carafe can remain on the coffee maker's warming plate to keep the coffee warm. Refer to your coffee maker's manual for specific warming plate instructions and duration limits.

## MAINTENANCE AND CLEANING

Regular cleaning will ensure the longevity and hygiene of your carafe.

- Daily Cleaning:** After each use, empty any remaining coffee. Wash the carafe and lid with warm water and mild dish soap. Use a soft sponge or brush to clean the interior.
- Dishwasher Safe:** The carafe is dishwasher safe. Place it on the top rack for best results.
- Stain Removal:** For stubborn coffee stains, fill the carafe with warm water and a small amount of white vinegar or a specialized coffee pot cleaner. Let it soak for 30 minutes to an hour, then scrub and rinse thoroughly.
- Drying:** Allow the carafe to air dry completely or dry with a clean cloth before storing.
- Storage:** Store the carafe in a safe place where it will not be easily knocked over or dropped.

## TROUBLESHOOTING

---

This section addresses common issues related to the carafe itself.

Problem	Possible Cause	Solution
Carafe does not fit coffee maker.	Incorrect model compatibility.	Ensure your coffee maker is a KRUPS Pro Aroma F309 or Pro Aroma Plus KM321. This carafe is not universally compatible.
Coffee leaks when pouring.	Lid not properly seated or damaged.	Check that the lid is securely placed on the carafe. Inspect the lid for any cracks or deformities. Replace if damaged.
Carafe appears cloudy or stained.	Mineral deposits or coffee residue buildup.	Clean thoroughly with warm, soapy water. For stubborn stains, use white vinegar or a coffee pot cleaner as described in the Maintenance section.
Glass is cracked or chipped.	Impact or thermal shock.	Discontinue use immediately. A cracked carafe can be dangerous. Replace with a new KRUPS XB900601 carafe.
