MARVO KM400

MARVO KM 400 Gaming Keyboard and Mouse Combo User Manual

Model: KM400

1. INTRODUCTION

This manual provides instructions for the setup, operation, maintenance, and troubleshooting of your MARVO KM 400 Gaming Keyboard and Mouse Combo. This combo is designed for gaming and general computer use, featuring a 104-key keyboard with adjustable backlighting and a 6-button gaming mouse with adjustable DPI and multi-color lighting.

2. SETUP

The MARVO KM 400 Gaming Keyboard and Mouse Combo utilizes a standard USB 2.0 interface for connectivity, offering plug-and-play functionality. No additional drivers are typically required for basic operation on compatible operating systems.

2.1 Connecting the Keyboard

1. Locate an available USB port on your computer.
2. Plug the USB connector of the keyboard into the USB port.
3. The keyboard should be automatically recognized by your operating system.

2.2 Connecting the Mouse

1. Locate another available USB port on your computer.
2. Plug the USB connector of the mouse into the USB port.
3. The mouse should be automatically recognized by your operating system.

Note: For optimal performance, ensure both devices are connected directly to your computer's USB ports, avoiding unpowered USB hubs if possible.

3. OPERATING INSTRUCTIONS

3.1 Keyboard Functions

The keyboard features 104 keys, including standard alphanumeric keys, function keys, and multimedia control keys.

Image: Close-up of the keyboard highlighting multimedia keys for media control.

- **Backlight Control:** The keyboard features 3-color lightings (Red, Blue, Purple) for both the backlight and typeface. Use the dedicated lighting control key (often labeled with a light bulb icon or similar) to cycle through colors or lighting modes.
- **Multimedia Keys:** Dedicated multimedia keys are located at the top of the keyboard for quick access to media playback controls (e.g., play/pause, volume up/down, mute).

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your gaming combo.

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth can be used, ensuring no liquid enters the device.
- **Avoid Spills:** Keep liquids away from the keyboard and mouse to prevent damage to internal components.
- **Cable Care:** Avoid bending or twisting the USB cables excessively to prevent internal wire damage.

5. TROUBLESHOOTING

If you encounter issues with your MARVO KM 400 combo, refer to the following common troubleshooting steps:

- **Device Not Recognized:**
 - Ensure the USB cables are securely plugged into your computer's USB ports.
 - Try plugging the devices into different USB ports.
 - Restart your computer.
- **Keyboard Backlight Not Working:**
 - Press the backlight control key on the keyboard to ensure it is not turned off or set to a very dim setting.
 - Verify the keyboard is properly connected.
- **Mouse Cursor Erratic or Unresponsive:**
 - Clean the optical sensor on the bottom of the mouse.

- Ensure the mouse pad or surface is clean and suitable for optical tracking.
- Try adjusting the DPI setting using the DPI button.
- Verify the mouse is properly connected.

If problems persist after attempting these steps, please contact customer support.
