Satco S9820

Satco 2W C11 LED Bulb Instruction Manual

Model: S9820

PRODUCT OVERVIEW

The Satco S9820 is a 2-watt C11 LED light bulb designed for general illumination. It features a clear glass finish, a candelabra (E12) base, and emits 190 lumens of warm white light at 2700 Kelvin. This energy-efficient LED bulb is a direct replacement for traditional incandescent bulbs, offering long-lasting performance and significant energy savings.

An image of the Satco 2 watt C11 LED bulb, featuring a clear glass envelope, visible LED filaments, and a candelabra (E12) screw base.

SAFETY INFORMATION

- Ensure power is turned off at the circuit breaker before installation or removal.
- Do not use with dimmers. This bulb is not designed for dimming.
- Suitable for dry locations only. Do not expose to water or excessive moisture.
- Do not disassemble the bulb. There are no user-serviceable parts inside.
- Operate within the specified voltage range of 120 volts.
- Dispose of LED bulbs according to local regulations.

SETUP AND INSTALLATION

1. **Step 1: Power Off.** Locate the light fixture's power switch and turn it to the OFF position. For added safety, turn off the power at the circuit breaker controlling the fixture.

2. **Step 2: Remove Old Bulb.** Allow the old bulb to cool completely before handling. Carefully unscrew the old bulb counter-clockwise from the socket.
3. **Step 3: Install New Bulb.** Gently screw the Satco S9820 LED bulb clockwise into the candelabra (E12) socket until it is snug. Do not overtighten.
4. **Step 4: Power On.** Restore power to the fixture by turning on the circuit breaker, then flip the light switch to the ON position. The bulb should illuminate.

Note: This bulb is designed for standard 120V AC circuits. Ensure your fixture is compatible with a candelabra (E12) base.

OPERATING INSTRUCTIONS

The Satco S9820 LED bulb operates like a standard light bulb. Once installed, simply use the wall switch or fixture switch to turn the light on or off. This bulb provides instant full brightness upon activation.

- **Instant On:** Provides full brightness immediately upon switching on.
- **Non-Dimmable:** This bulb is not designed for use with dimmer switches. Using it with a dimmer may cause flickering, damage the bulb, or shorten its lifespan.
- **Operating Temperature:** Designed for typical indoor ambient temperatures. Avoid use in enclosed fixtures that may trap excessive heat, unless the fixture is specifically rated for LED bulbs.

MAINTENANCE

LED bulbs require minimal maintenance due to their long lifespan. Follow these guidelines to ensure optimal performance:

- **Cleaning:** Before cleaning, ensure the power to the fixture is off and the bulb is cool. Wipe the bulb with a soft, dry, lint-free cloth. Do not use liquid cleaners or abrasive materials.
- **Replacement:** Replace the bulb when its light output significantly diminishes or it ceases to function. Always ensure power is off before replacing.
- **Storage:** If storing spare bulbs, keep them in their original packaging in a cool, dry place to protect them from damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bulb does not light up.	No power to the fixture; Loose connection; Defective bulb.	Check circuit breaker and wall switch. Ensure bulb is screwed in tightly. Test bulb in another working fixture. Replace if defective.
Bulb flickers.	Incompatible dimmer switch; Loose connection; Voltage fluctuations.	Ensure no dimmer is in use (this bulb is non-dimmable). Tighten bulb. Consult an electrician if voltage issues persist.
Bulb is dim.	Low voltage; End of bulb life.	Verify proper voltage supply. Replace bulb if it has reached its end of life.

If troubleshooting steps do not resolve the issue, contact Satco customer support.

SPECIFICATIONS

Attribute	Value
-----------	-------

Attribute	Value
Brand	Satco
Model Number	S9820
Light Type	LED
Wattage	2 Watts
Incandescent Equivalent	25 Watts
Bulb Shape Size	C11
Base Type	Candelabra (E12)
Voltage	120 Volts
Color Temperature	2700 Kelvin (Warm White)
Brightness	190 Lumens
Finish	Clear
Material	Copper (internal components)
UPC	045923098208

WARRANTY INFORMATION

Satco products are manufactured to high-quality standards. For specific warranty terms and conditions applicable to the S9820 LED bulb, please refer to the official Satco website or contact their customer service department. Typically, LED bulbs carry a limited warranty against defects in materials and workmanship under normal use. Keep your proof of purchase for warranty claims.

CUSTOMER SUPPORT

For technical assistance, product inquiries, or warranty support, please contact Satco customer service:

Website: www.satco.com (Please visit the official website for contact details and the most up-to-date information.)

Phone: Refer to the Satco website for regional contact numbers.

Email: Refer to the Satco website for customer support email addresses.

When contacting support, please have your product model number (S9820) and proof of purchase readily available.
