Sluban M38-B0571

Sluban Town-Community CVS Building Set

Model: M38-B0571

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Sluban Town-Community CVS building set, model M38-B0571. This set contains 186 pieces designed to construct a detailed community CVS building, fostering creativity and fine motor skills. Please read all instructions carefully before beginning assembly.

Safety Warnings

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.
This product contains small components that may pose a choking hazard to young children. Adult supervision is recommended during assembly and play. Ensure all pieces are kept out of reach of children under 3 years of age. The materials used are non-toxic ABS plastic.

Package Contents

Before starting assembly, please verify that all components are present. The package should contain:

- 186 x Building Blocks (various shapes and sizes)
- 1 x Instruction Booklet (this document)

Assembly Instructions

Follow these step-by-step instructions to assemble your Sluban Town-Community CVS building set. Refer to the diagrams within the physical instruction booklet for visual guidance.

1. **Step 1: Prepare the Base.** Begin by laying out the largest base plate(s) provided. These will form the foundation of your CVS building. Ensure they are securely connected if multiple plates are used.
2. **Step 2: Construct the Walls.** Identify the wall bricks. Start building the perimeter walls of the CVS, layer by layer, following the numerical sequence in your physical instruction booklet. Pay attention to brick colors and sizes for accurate placement.
3. **Step 3: Install Doors and Windows.** As the walls rise, integrate the door and window frames into their designated positions. Ensure they are flush with the surrounding bricks.
4. **Step 4: Build Interior Details.** Once the main structure of the walls is established, begin adding interior elements such as counters, shelves, and other fixtures as indicated in the instructions.
5. **Step 5: Assemble the Roof.** Construct the roof sections according to the diagrams. These may involve flat plates or sloped pieces to create the roofline. Securely attach the completed roof to the top of the building.
6. **Step 6: Add Exterior Features.** Attach any external details such as signage, decorative elements, or small landscaping pieces.
7. **Step 7: Assemble Figures and Accessories.** Put together any included mini-figures and small accessories like shopping carts or product displays.
8. **Step 8: Final Check.** Review the completed model against the images in the instruction booklet to

ensure all pieces are correctly placed and securely connected.

Operating and Play Instructions

Once assembled, the Sluban Town-Community CVS building set is ready for imaginative play. This set encourages role-playing and storytelling.

- **Role-Playing:** Use the included figures to simulate various scenarios within the CVS, such as shopping, working as a cashier, or managing the store.
- **Creative Storytelling:** Integrate the CVS building into a larger town or community setting with other building sets to create elaborate narratives and adventures.
- **Exploration:** Encourage children to explore the details of the building and its accessories, fostering observation and engagement.

Maintenance

Proper care will ensure the longevity of your Sluban building set.

- **Cleaning:** To clean the building blocks, wipe them gently with a damp cloth. For more thorough cleaning, use mild soap and water, then rinse thoroughly and air dry. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the assembled model or disassembled pieces in a clean, dry place away from direct sunlight and extreme temperatures to prevent discoloration or warping.
- **Handling:** Handle the assembled model with care to avoid accidental disassembly.

Troubleshooting

Should you encounter any issues during assembly or play, consider the following:

- **Missing Pieces:** Carefully re-check the packaging and surrounding area. If a piece is genuinely missing, contact Sluban customer support with your product model number and details of the missing part.
- **Difficulty Connecting Pieces:** Ensure that the pieces are correctly aligned. Apply gentle, even pressure. Avoid forcing pieces together, as this can cause damage.
- **Model Instability:** Double-check that all connections are firm and that no steps were skipped during assembly. Re-examine the base and foundational layers.

Specifications

Brand	Sluban
Model Number	M38-B0571
Number of Pieces	186
Material	ABS Plastic
Item Dimensions (L x W x H)	11 x 11 x 12 centimetres
