MAINTENANCE

To ensure the longevity and appearance of your MoKo case, follow these maintenance guidelines:

- **Cleaning:** Wipe the exterior PU leather with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Interior Care:** The microfiber lining is designed to protect your screen. If it becomes dusty, gently wipe it with a dry, lint-free cloth.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.
- **Storage:** When not in use, store the case in a clean, dry environment.

TROUBLESHOOTING

If you encounter any issues with your MoKo case, consider the following:

- **Kindle does not fit:** Double-check the compatibility section and your Kindle's model number. Ensure you are not attempting to install an incompatible device.
- **Auto Wake/Sleep not working:** Ensure your Kindle E-reader is properly seated within the case and that the magnetic front cover is fully closed. Magnets must align correctly for the function to activate.
- **Stand is unstable:** Make sure the Kindle is securely placed in one of the anti-slip grooves on the front cover. Adjust the angle to find a stable position on a flat surface.
- **Difficulty accessing ports/buttons:** Confirm the Kindle is correctly aligned within the case's frame. The precise cutouts should allow unobstructed access.
