

## Keter Westwood 150 Gallon Resin Large

# Keter Westwood 150 Gallon Outdoor Storage Deck Box User Manual

Model: Westwood 150 Gallon Resin Large | Brand: Keter

## 1. PRODUCT OVERVIEW

The Keter Westwood Deck Box is a versatile outdoor storage solution designed for durability and functionality. Made from weather-resistant resin with a stylish wood-paneled appearance, it offers ample storage capacity and can also serve as comfortable seating for two adults. Its robust construction ensures contents remain dry and ventilated, making it ideal for storing patio cushions, gardening tools, pool accessories, and more.

## 2. KEY FEATURES

- **Versatile Storage:** 150-gallon capacity suitable for patio cushions, gardening tools, and pool accessories.
- **Dual Functionality:** Doubles as a sturdy bench, comfortably seating two adults.
- **Durable Construction:** Made from all-weather resin, resistant to rust, peeling, fading, and denting.
- **Easy Access:** Hydraulic pistons enable a soft-close lid for smooth and safe operation.
- **Portability:** Built-in side handles allow for effortless relocation.
- **Security:** Features a lockable design for added security (lock not included).

## 4. OPERATING INSTRUCTIONS

### Opening and Closing the Lid

The deck box lid is equipped with hydraulic pistons for smooth and controlled opening and closing. To open, gently lift the lid. The pistons will assist in holding the lid open. To close, gently pull the lid down; the soft-close mechanism will prevent it from slamming shut.

### Storage Use

Utilize the generous 150-gallon interior for storing various outdoor items. Ensure items are clean and dry before storage to maintain the interior condition. The weather-resistant design helps protect contents from the elements.

### Seating Functionality

The sturdy lid is designed to support the weight of two average adults, providing additional seating space on your patio or deck. Ensure the lid is fully closed before using it as a bench.

## Locking Mechanism

For enhanced security, the deck box includes a provision for a padlock (not supplied). Align the holes on the lid and the front panel, then insert your padlock to secure the contents.

## 5. MAINTENANCE

### Cleaning

To clean the deck box, simply wipe it down with a damp cloth and mild soap. Avoid using abrasive cleaners or harsh chemicals, as these can damage the resin material. Rinse thoroughly with water and allow to air dry.

## Weather Resistance

The Keter Westwood Deck Box is constructed from UV-resistant and water-resistant resin, designed to withstand various weather conditions without rusting, peeling, fading, or denting. While highly durable, regular inspection for any debris accumulation in seams can help maintain its water-tight seal.

Figure 6: The Keter Deck Box is built to stand up to all weather conditions, being UV-resistant and water-resistant.

Figure 7: Visual comparison demonstrating the superior durability and minimal degradation of resin material compared to wood over time.

## 6. TROUBLESHOOTING

### Lid Not Closing Smoothly

If the lid does not close smoothly or appears to be sticking, check for any obstructions in the hinge mechanism or along the edges of the box. Ensure the hydraulic pistons are clean and free of debris. Applying a silicone-based lubricant to the piston rods can help maintain smooth operation.

### Water Inside the Box

Although designed to be water-resistant, prolonged exposure to heavy rain or standing water can sometimes lead to moisture inside. Ensure the lid is fully and properly closed. Check the seal around the lid for any damage or gaps. Clear any debris from the top surface that might impede water runoff.

## 7. SPECIFICATIONS

Attribute	Detail
Brand	Keter
Model Name	Westwood 150 Gallon Resin Large
Color	Brown
Material	Resin (Recycled Content Percentage: 65.0%)
Product Dimensions (L x W x H)	61"L x 28.3"W x 25.2"H
