Miusco Tabletop Vanity Makeup Mirror

Model: COMIN18JU046948

Instruction Manual

INTRODUCTION

Thank you for choosing the Miusco Tabletop Vanity Makeup Mirror. This manual provides essential information for the proper setup, operation, and maintenance of your new mirror. Please read these instructions carefully before use and retain them for future reference.

IMPORTANT SAFETY INFORMATION

Always secure the mirror to a stable surface to prevent tipping. Be cautious when adjusting the mirror's position to avoid injury from the moving parts.

- Do not place the mirror in direct sunlight. Reflected sunlight can cause fire.
- Keep out of reach of children.
- Clean the mirror surface with a soft, damp cloth. Avoid abrasive cleaners.
- Ensure the mirror is placed on a flat, level, and stable surface.

PRODUCT FEATURES

- 10.2 x 8.2 inch extra-large, distortion-free optical quality mirror.
- Elegant frameless design with beveled edges.
- Mirrored base and chrome-finished stand for a sleek appearance.
- Smooth 360-degree swivel for all-direction rotation.
- Weighted base for enhanced stability.
- Non-magnifying surface for a true reflection.

SETUP

1. **Unpacking:** Carefully remove the mirror from its packaging. Inspect for any damage.
2. **Placement:** Place the mirror on a flat, stable, and level surface, such as a vanity or desk. Ensure there is sufficient space around the mirror for adjustment.
3. **Protective Film:** Remove any protective film from the mirror surface and the mirrored base.

OPERATING THE MIRROR

The Miusco Tabletop Vanity Makeup Mirror is designed for ease of use and versatile viewing angles.

- **360-Degree Swivel:** The mirror head can rotate a full 360 degrees on its stand. Gently turn the mirror to achieve your desired horizontal viewing angle.

- **Tilt Adjustment:** The mirror also allows for vertical tilt adjustment. Gently push or pull the top or bottom edge of the mirror to tilt it up or down.
- **Securing Position:** If the mirror feels too loose or too tight when adjusting, locate the screws on the back of the mirror's bracket. Use a Phillips head screwdriver to tighten or loosen these screws to achieve your preferred tension.

MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid streaks and damage to the frame.
- **Cleaning the Stand:** Wipe the chrome-finished stand and mirrored base with a soft, dry cloth to remove dust and fingerprints. Avoid harsh chemicals.
- **Storage:** When not in use for extended periods, store the mirror in a clean, dry place to protect it from dust and potential damage.

TROUBLESHOOTING

- **Mirror is wobbly:** Ensure the mirror is placed on a completely flat and stable surface. Check the screws on the back of the mirror's bracket and tighten them if necessary (refer to 'Operating the Mirror' section).
- **Mirror does not hold position:** The tension screws on the back of the mirror's bracket may be too loose. Use a Phillips head screwdriver to gently tighten them until the desired resistance is achieved.

- **Scratches on mirror surface:** Avoid using abrasive materials or harsh chemicals for cleaning. Use only soft cloths and appropriate glass cleaner. Minor scratches may not be repairable.
