Memorex MC5550

Memorex InteliSet Bluetooth Alarm Clock Radio

MODEL: MC5550 (AX-AY-ABHI-121138)

Brand: Memorex

PRODUCT OVERVIEW

The Memorex InteliSet Bluetooth Alarm Clock Radio is designed to provide convenient timekeeping, alarm functions, and audio playback through both radio and Bluetooth connectivity. It features automatic time and date setting, dual alarm capabilities, one-touch NFC Bluetooth pairing, a hands-free microphone, a USB charging port, and a line-in audio input.

SETUP

1. **Power Connection:** Connect the provided power adapter to the DC IN port on the back of the unit and plug it into a standard electrical outlet. The unit will power on automatically.

2. **Automatic Time Setting:** The InteliSet feature automatically sets the time and date upon initial power-up, typically synchronizing with a reliable time source. Ensure the unit is placed in an area with good reception for this feature to function correctly.

3. **Battery Backup (Optional):** While the unit is primarily corded electric, it may support backup batteries (not included) to retain time settings during power outages. Refer to the battery compartment for specific battery type and installation instructions.

OPERATING INSTRUCTIONS

Setting Alarms

- The unit supports dual alarm settings. Consult the control panel buttons (e.g., Alarm 1, Alarm 2) to enter alarm setting mode.

- Use the time adjustment buttons (e.g., Hour, Minute) to set the desired alarm time.

- Select the alarm source (e.g., buzzer, radio) and volume level.

- Confirm settings to activate the alarm.

Bluetooth Pairing

- **NFC Pairing:** For devices with NFC, simply tap your NFC-enabled device to the NFC tag on the clock radio to initiate pairing.

- **Manual Pairing:** Activate Bluetooth mode on the clock radio. On your audio device, search for available Bluetooth devices and select "Memorex InteliSet" (or similar name) from the list. Once connected, the Bluetooth indicator on the clock radio will illuminate.

Radio Operation

- Press the FM/AM button to select the desired radio band.

- Use the tuning buttons to manually scan for stations or press and hold to auto-scan for the next available station.

- Adjust the volume using the dedicated volume controls.

Using USB Charging Port

- Connect your USB-powered device (e.g., smartphone, tablet) to the USB charging port on the unit using a compatible USB cable.

- The port provides power for charging only and does not support data transfer.

Line-in Audio

- Connect an external audio device (e.g., MP3 player, CD player) to the Line-in (AUX) port on the unit using a 3.5mm audio cable (not included).

- Select the Line-in source on the clock radio to play audio from the connected device.

Hands-Free Microphone

- When connected via Bluetooth to a smartphone, the built-in microphone allows for hands-free calling.

- Answer or end calls using the designated call button on the unit.

MAINTENANCE

- **Cleaning:** To clean the unit, gently wipe the exterior with a soft, dry cloth. Do not use abrasive cleaners, waxes, or solvents as they may damage the finish.

- **Placement:** Place the unit on a stable, flat surface away from direct sunlight, heat sources, and excessive moisture. Ensure adequate ventilation around the unit.

- **Power Cord:** Regularly inspect the power cord for any damage. If damaged, discontinue use and seek professional repair.

TROUBLESHOOTING

- **No Power:** Ensure the power adapter is securely plugged into both the unit and a working electrical outlet.

- **Display Not Working:** Check power connection. If using battery backup, ensure batteries are fresh and correctly inserted.

- **Bluetooth Pairing Issues:** Ensure the clock radio is in Bluetooth pairing mode. Make sure your audio device's Bluetooth is enabled and within range. Try unpairing and re-pairing the devices.

- **Poor Radio Reception:** Extend the FM antenna fully. Try repositioning the unit to improve signal reception. Interference from other electronic devices can also affect reception.

- **Alarm Not Sounding:** Verify that the alarm is set correctly, activated, and the volume is not set to minimum. Check the alarm source selection.

SPECIFICATIONS

Feature	Detail
Brand	Memorex
Model Number	AX-AY-ABHI-121138
Color	Black
Display Type	Digital
Special Feature	Radio, Bluetooth, Alarm Clock, USB Charging, Hands-Free Microphone
Power Source	Corded Electric
Material	Acrylonitrile Butadiene Styrene (ABS), Plastic Frame
Item Weight	1 Pounds
Product Dimensions	3.7 x 3.5 x 8.2 inches
UPC	811922020294
Indoor/Outdoor Usage	Indoor
Mounting Type	Tabletop

WARRANTY AND SUPPORT

This Memorex product is covered by a standard manufacturer's warranty. For specific warranty terms, duration, and conditions, please refer to the documentation included with your purchase or visit the official Memorex support website. This report details the results of the testing carried out on one sample. The results contained in this test report do not relate to other samples of the same product and does not permit the use of the GTS product certification mark. The manufacturer should ensure that all products in series production are in conformity with the product sample detailed in this report.

This report may only be reproduced and distributed in full. If the product in this report is used in any configuration other than that detailed in the report, the manufacturer must ensure the new system complies with all relevant standards. Any mention of GTS or testing done by GTS in connection with, distribution or use of the product described in this report must be approved by GTS in writing.

This document cannot be reproduced except in full, without prior written approval of the Company. Any unauthorized alteration, forgery or falsification of the content or appearance of this document is unlawful and offenders may be prosecuted to the fullest extent of the law. Unless otherwise stated the results shown in this test report refer only to the sample(s) tested and such sample(s) are retained for 90 days only.
