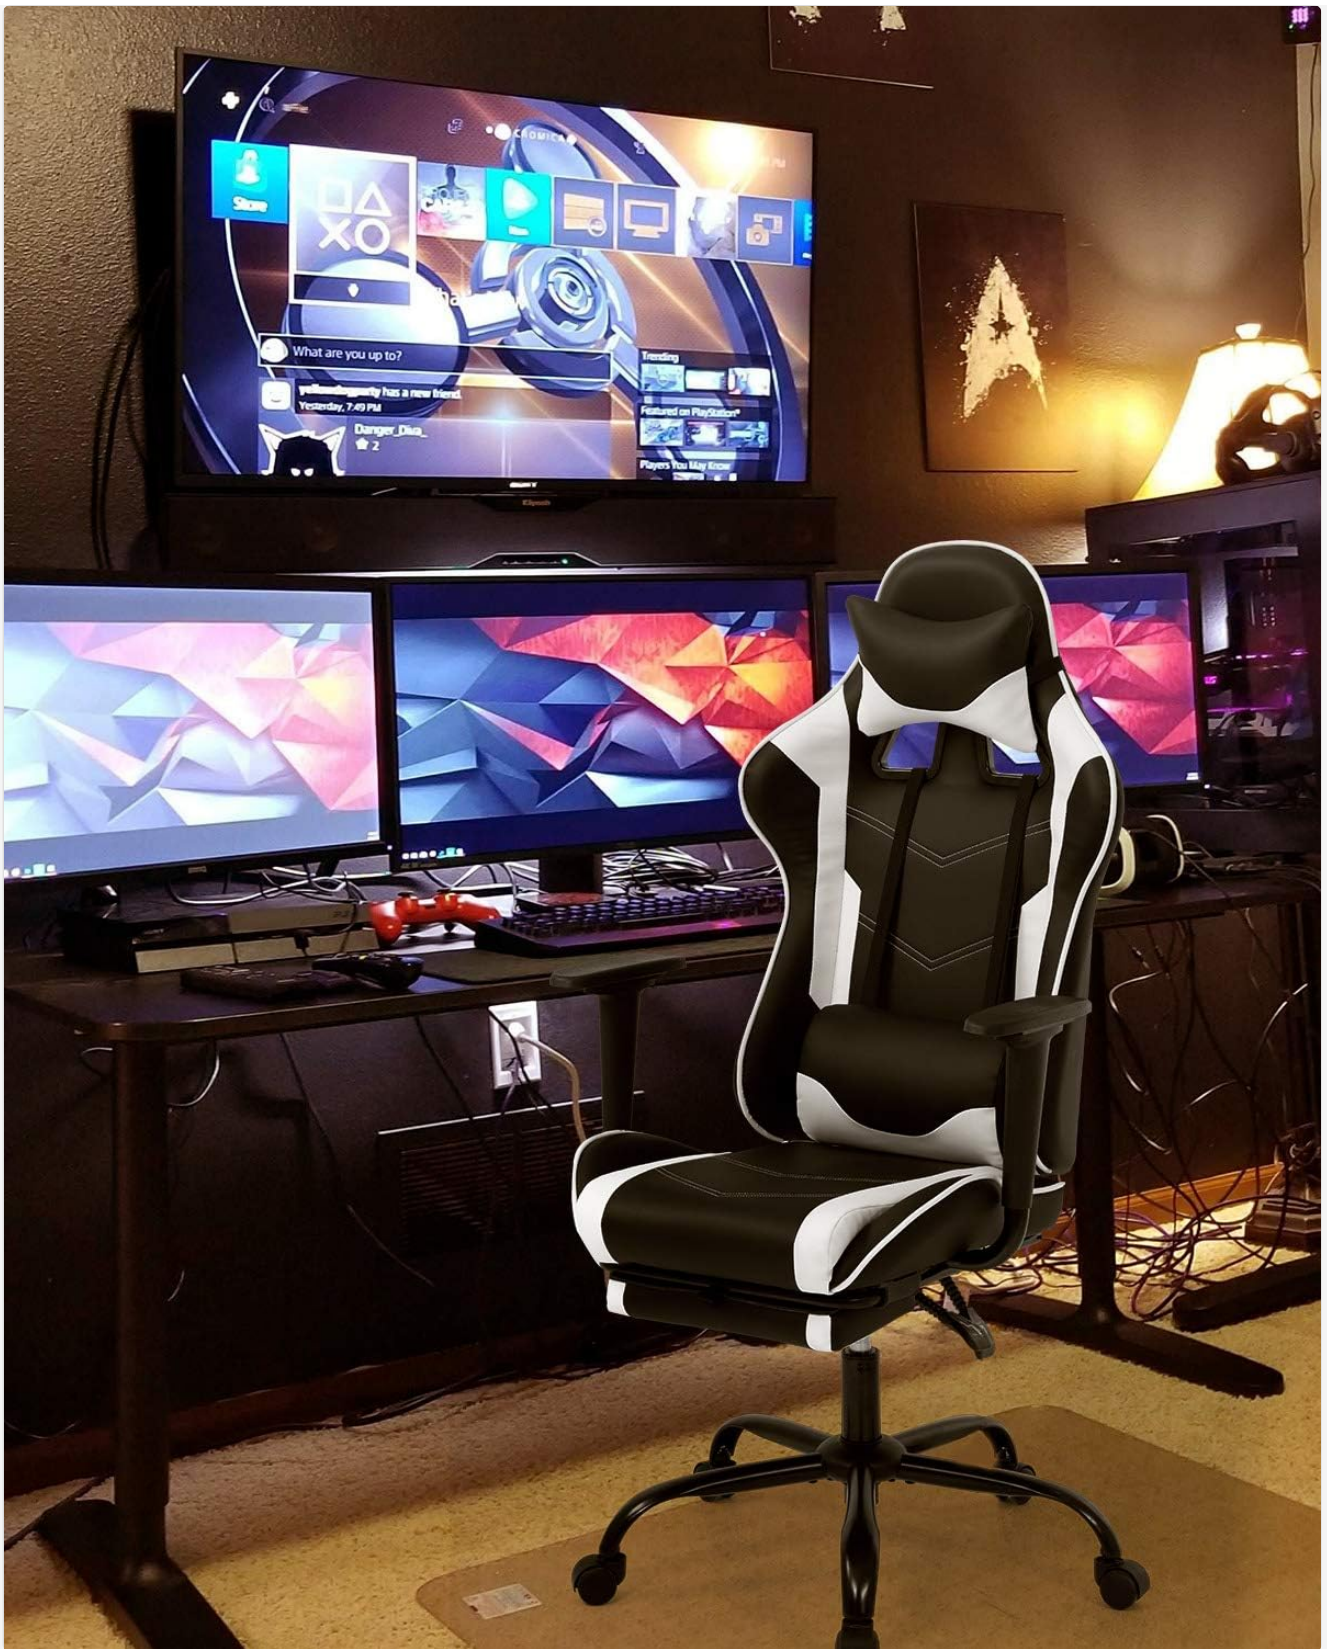

Image 1.2: The gaming chair positioned in front of a multi-monitor computer setup, demonstrating its intended use.

2. SAFETY INFORMATION

WARNING:

- This chair is designed for long hours of use and intense activities. To prevent strain, take regular breaks and adjust your position frequently.
- Do not exceed the maximum weight limit of 250 lbs (113 kg).
- Always assemble the chair according to the provided instructions to ensure stability and safety.

- Ensure all screws and bolts are securely tightened before use and periodically check for looseness.

3. PRODUCT FEATURES

The BestOffice Ergonomic PC Racing Gaming Chair is equipped with several features designed for user comfort and adaptability:

- **Ergonomic Design:** Features a high back with adjustable lumbar support and a headrest pillow to protect the spine and neck.
- **Adjustable Recline:** The backrest can recline from 90 to 135 degrees, allowing for various postures from working to napping.
- **Retractable Footrest:** An integrated footrest provides additional comfort and support when reclining.
- **Comfortable Seating:** Constructed with breathable premium PU leather and high-density shaping foam for maximum comfort.
- **360-Degree Swivel:** Allows for flexible movement within your workspace.
- **Adjustable Height:** A gas lift mechanism enables easy height adjustment to suit various desk heights and user preferences.
- **Durable Base:** Heavy-duty metal base with nylon smooth-rolling casters ensures stability and mobility, passing BIFMA standards.

4. SETUP AND ASSEMBLY

Assembly of the BestOffice Gaming Chair is designed to be straightforward, typically taking 10-15 minutes. All necessary hardware and tools (an Allen wrench with a Phillips head driver) are included in the package.

Assembly Steps (General Guidance):

1. Unpack all components and verify against the parts list provided in your package.

2. Attach the casters to the chair base.
3. Insert the gas lift cylinder into the center of the base.
4. Assemble the seat and backrest components, ensuring all screws are tightened securely. *Note: Some users have found that armrest screws may require extra torque for full stability.*
5. Attach the assembled seat and backrest to the gas lift cylinder.
6. Install the headrest pillow and lumbar cushion as desired.
7. Test all adjustable functions to ensure proper operation.

5. OPERATING INSTRUCTIONS

Your BestOffice Gaming Chair offers several adjustable features to customize your seating experience:

5.1. Height Adjustment

- To raise the chair: While seated, lift the lever located under the seat on the right side. The chair will rise. Release the lever at the desired height.
- To lower the chair: While seated, pull the lever located under the seat on the right side. The chair will lower. Release the lever at the desired height.

5.2. Backrest Recline

- To recline the backrest: Pull the recline lever, typically located on the right side of the seat, and lean back to your desired angle (between 90 and 135 degrees). Release the lever to lock the backrest in position.
- To return the backrest to an upright position: Pull the recline lever and lean forward slightly. The backrest will return to its original position. Release the lever to lock.

Lock it at any angle

Image 5.1: Visual representation of the adjustable backrest, showing recline angles for working (90°), gaming (105°), reading (120°), and napping (135°).

5.3. Retractable Footrest

- To extend the footrest: Pull the footrest handle located under the front of the seat. The footrest will slide out.
- To retract the footrest: Push the footrest back into its housing under the seat until it locks into place.

5.4. Lumbar Support and Headrest Pillow

- The lumbar support and headrest pillows are adjustable and removable. Position them along the straps to find the most comfortable and supportive placement for your back and neck.

6. MAINTENANCE

To ensure the longevity and appearance of your chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the PU leather.
- **Inspection:** Periodically check all screws and bolts for tightness. Re-tighten as necessary to maintain stability.
- **Caster Care:** Keep casters free of hair and debris to ensure smooth rolling.

7. TROUBLESHOOTING

7.1. Wobbly Armrests

- If armrests feel wobbly, ensure all screws attaching them to the seat are fully tightened. Use the provided Allen key and apply firm pressure.

7.2. Gas Lift Not Functioning

- Ensure the gas lift lever is fully engaged or disengaged as required for height adjustment.
- Verify that the gas lift cylinder is correctly seated in both the chair base and the seat mechanism.

7.3. Footrest Sticks or Does Not Extend Fully

- Check for any obstructions in the footrest mechanism.
- Ensure the footrest rails are clean and free of debris.
