ZINUS Lottie Upholstered Platform Bed Frame (Model FSPB-T, Twin, Grey) - Instruction Manual

Model: FSPB-T | Size: Twin | Color: Grey

INTRODUCTION

This manual provides detailed instructions for the assembly, use, and maintenance of your ZINUS Lottie Upholstered Platform Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.
- Always assemble the bed frame with at least two people to prevent injury.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- Do not allow children to climb on or play with the bed frame during assembly or use.
- Keep all packaging materials away from children to avoid choking hazards.

PACKAGE CONTENTS

All parts, tools, and instructions for assembly are conveniently packed within a zippered compartment located in the back of the headboard. Please unzip and remove all components before starting assembly.

Figure 1: Components stored within the headboard.

Verify that all the following components are present:

- Upholstered Headboard
- Side Rails (2)
- Footboard
- Wood Slat Roll
- Support Legs (various sizes)
- Hardware Pack (bolts, washers, Allen wrench)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Assembly typically takes less than an hour with two people. Follow the numbered steps provided in the included instruction sheet for detailed diagrams.

1. **Unpack Components:** Carefully remove all parts from the headboard's zippered compartment. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided bolts and Allen wrench. Ensure all connections are snug but do not overtighten initially.
3. **Install Support Legs:** Screw the support legs into the designated points on the side rails and center support beam.
4. **Place Wood Slats:** Unroll the wood slat foundation across the bed frame. The slats are connected by a fabric strap and often feature a velcro strip to secure them to the frame, preventing movement. Press down firmly to ensure the velcro adheres.
5. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and screws.

USAGE AND CARE

Usage

The ZINUS Lottie Platform Bed Frame is designed to support any mattress type (latex, memory foam, or spring) directly on its durable wood slats, eliminating the need for a box spring. The integrated headboard provides comfort and stability.

Figure 5: Detail of wood slat support system.

Figure 6: Under-bed clearance for storage.

Care and Maintenance

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth to remove dust and light debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically inspect all connections and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame develops squeaking noises, check all bolts and screws for tightness. Ensure the wood slats are properly seated and the velcro is securely attached to the frame.
- **Unstable Frame:** If the frame feels unstable, verify that all legs are firmly attached and evenly touching the floor. Re-check all connections for proper assembly and tightness.
- **Missing Parts:** If any parts are missing or damaged upon arrival, do not proceed with assembly. Contact Zinus customer

support immediately for assistance.

For further assistance, please refer to the [Warranty and Support](#) section.

SPECIFICATIONS

Feature	Detail
Brand	Zinus
Model Number	FSPB-T
Size	Twin
