WORX WX051

WORX Pegasus WX051 2-in-1 Folding Work Table & Sawhorse

Instruction Manual

1. INTRODUCTION

The WORX Pegasus WX051 is a versatile 2-in-1 folding work table and sawhorse designed for portability and heavy-duty support. It provides a stable surface for various tasks, from cutting and painting to clamping and assembly. Its lightweight design allows for easy transport and compact storage.

2. SAFETY INFORMATION

Always observe basic safety precautions when using this product to reduce the risk of personal injury. Read all instructions carefully before use.

- Ensure the work table is fully unfolded and stable on a level surface before placing items on it or beginning work.
- Do not exceed the maximum load capacity: 300 lbs as a work table, 1000 lbs as a sawhorse.
- Use appropriate personal protective equipment (PPE) such as safety glasses, gloves, and hearing protection when operating power tools on or near the work table.
- Keep the work area clean and well-lit. Cluttered or dark areas invite accidents.
- Do not allow children or untrained persons to operate or play near the work table.
- When folding or unfolding the unit, be mindful of pinch points to avoid injury.
- Always secure workpieces with the integrated clamps or clamp dogs to prevent movement during operations.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Pegasus Work Table and Sawhorse
- 2 x 24" Quick Clamps
- 4 x Clamp Dogs
- 2 x Table Links (for connecting multiple units)

4. SETUP

The WORX Pegasus WX051 comes pre-assembled and is ready for use after unfolding.

4.1 Unfolding the Work Table

1. Place the folded unit on a flat, stable surface.
2. Locate the release latches on the sides of the unit.
3. Press the latches and carefully unfold the legs until they lock into place, forming a stable A-frame structure.
4. Ensure the tabletop is fully extended and locked.

5. OPERATION

5.1 Work Table Mode

In work table mode, the Pegasus provides a stable surface for various projects. The tabletop measures 31" W x 25" D and has a working height of 32". It can support up to 300 lbs.

Figure 3: Using the Work Table for Cutting

5.2 Sawhorse Mode

To convert to sawhorse mode, fold the tabletop halves inward. This configuration allows the unit to support up to 1000 lbs, ideal for heavier materials or as a support for longer workpieces.

5.3 Integrated Clamping System

The Pegasus includes two 24" quick clamps and four clamp dogs to secure materials. The quick clamps provide up to 301 lbs of clamping force. The clamp dogs are designed to hold circular or irregularly shaped items.

- **Using Quick Clamps:** Insert the bar of the quick clamp into the designated slots on the tabletop. Adjust the clamp to secure your workpiece.
- **Using Clamp Dogs:** Place the clamp dogs into the holes on the tabletop to create a custom holding pattern for unique shapes.

5.4 Expanding the Work Surface

Multiple Pegasus units, or other compatible WORX support tables like the Sidekick or Clamping Sawhorse, can be connected using the included table links. This allows for a larger, continuous work surface.

6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your WORX Pegasus WX051.

- **Cleaning:** Wipe down the work table with a damp cloth after each use to remove dust, debris, and spills. Avoid harsh chemicals that may damage the plastic.
- **Storage:** When not in use, fold the work table for compact storage in a dry, protected area.
- **Inspection:** Periodically inspect the frame, hinges, and locking mechanisms for any signs of wear, damage, or loose components. Do not use if damaged.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your WORX Pegasus WX051.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Table feels unstable.	Not fully unfolded or on uneven ground.	Ensure legs are locked into place and the table is on a flat, stable surface.
Clamps do not hold material securely.	Material too thick/thin, or clamp not properly engaged.	Adjust clamp position and ensure it is tightened firmly. Use clamp dogs for irregular shapes.
Difficulty folding/unfolding.	Mechanism might be stiff or obstructed.	Apply gentle, even pressure. Check for any debris obstructing the hinges or latches.

8. SPECIFICATIONS

Feature	Detail
Model Number	WX051
Material	Steel, Acrylonitrile Butadiene Styrene (ABS)
Product Dimensions (D x W x H)	35" x 25" x 32"
Item Weight	13.5 Kilograms (approx. 30 lbs)
Work Table Load Capacity	300 lbs
Sawhorse Load Capacity	1000 lbs
Included Clamps	2 x 24" Quick Clamps
Included Accessories	4 x Clamp Dogs, 2 x Table Links

9. WARRANTY AND SUPPORT

The WORX Pegasus WX051 comes with a 3-year manufacturer's warranty. For warranty claims, technical support, or replacement parts, please contact WORX customer service directly. Refer to the official WORX website or product packaging for the most current contact information.

ASK A QUESTION ABOUT THIS MANUAL

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
