4. SETUP

Your AXE Phoenix Antiperspirant Deodorant stick is ready for immediate use. No assembly or prior setup is required.

5. OPERATING INSTRUCTIONS

1. **Remove Cap:** Twist or pull off the top cap of the deodorant stick.
2. **Dispense Product:** Turn the dial at the bottom of the stick to raise the product.
3. **Apply:** Apply a thin, even layer directly to your underarms.
4. **Avoid Over-Application:** To ensure the product appears clear on skin and prevents residue, do not over-

apply.

5. **Replace Cap:** After use, replace the cap securely to prevent the product from drying out.

6. MAINTENANCE

- Store the deodorant stick in a cool, dry place away from direct sunlight and extreme temperatures.
- Always replace the cap tightly after each use to maintain product freshness and prevent drying.

7. TROUBLESHOOTING

- **Product not dispensing:** Ensure the dial at the bottom is turned correctly to raise the product. If the product is low, it may be nearing the end of its use.

- **Rash or irritation:** Discontinue use immediately. Consult a medical professional if symptoms persist.
- **White marks on clothing:** Reduce the amount of product applied. Ensure the product has dried slightly before dressing. The clear formula is designed to minimize marks.
- **Odor or sweat not controlled:** Ensure proper application to clean, dry skin. If issues persist, consider consulting a healthcare professional.
