DECORAPORT A-N031-A

DECORAPORT LED Bathroom Mirror

MODEL: A-N031-A | USER MANUAL

1. Introduction

This manual provides essential information for the safe installation, operation, and maintenance of your DECORAPORT LED Bathroom Mirror, Model A-N031-A. Please read these instructions thoroughly before installation and retain them for future reference.

2. Safety Information

WARNING: Electrical installation should only be performed by a qualified electrician.

- Ensure the mirror is installed in a wet environment with safety in mind, following UL and TUV tests.
- Always cut off power at the main circuit breaker before connecting wires for electrical safety.
- Do not attempt to repair or modify the mirror yourself. Contact customer service for assistance.
- Keep packaging materials away from children.

3. Product Features

- **Super Bright LED Lighting:** High-definition, copper-free silver mirror design provides natural, soft light without flicker or UV rays.
- **Dimmable Function:** Adjust light brightness from 10% to 100% with a long press on the touch sensor.
- **Anti-Fog Feature:** Separately controlled anti-fog function activates immediately to maintain a clear reflection. Automatically shuts off after one hour.
- **Touch Sensor Controls:** Intuitive touch buttons for power and anti-fog activation.
- **Durable Construction:** Oxidized aluminum alloy frame for durability, safety, and reliability.
- **IP54 Waterproof Rating:** Electrical components are housed in a waterproof box, ensuring safe operation in wet bathroom environments.
- **Long Lifespan:** LED lights designed to last over 50,000 hours.
- **Mounting Versatility:** Can be mounted horizontally or vertically.

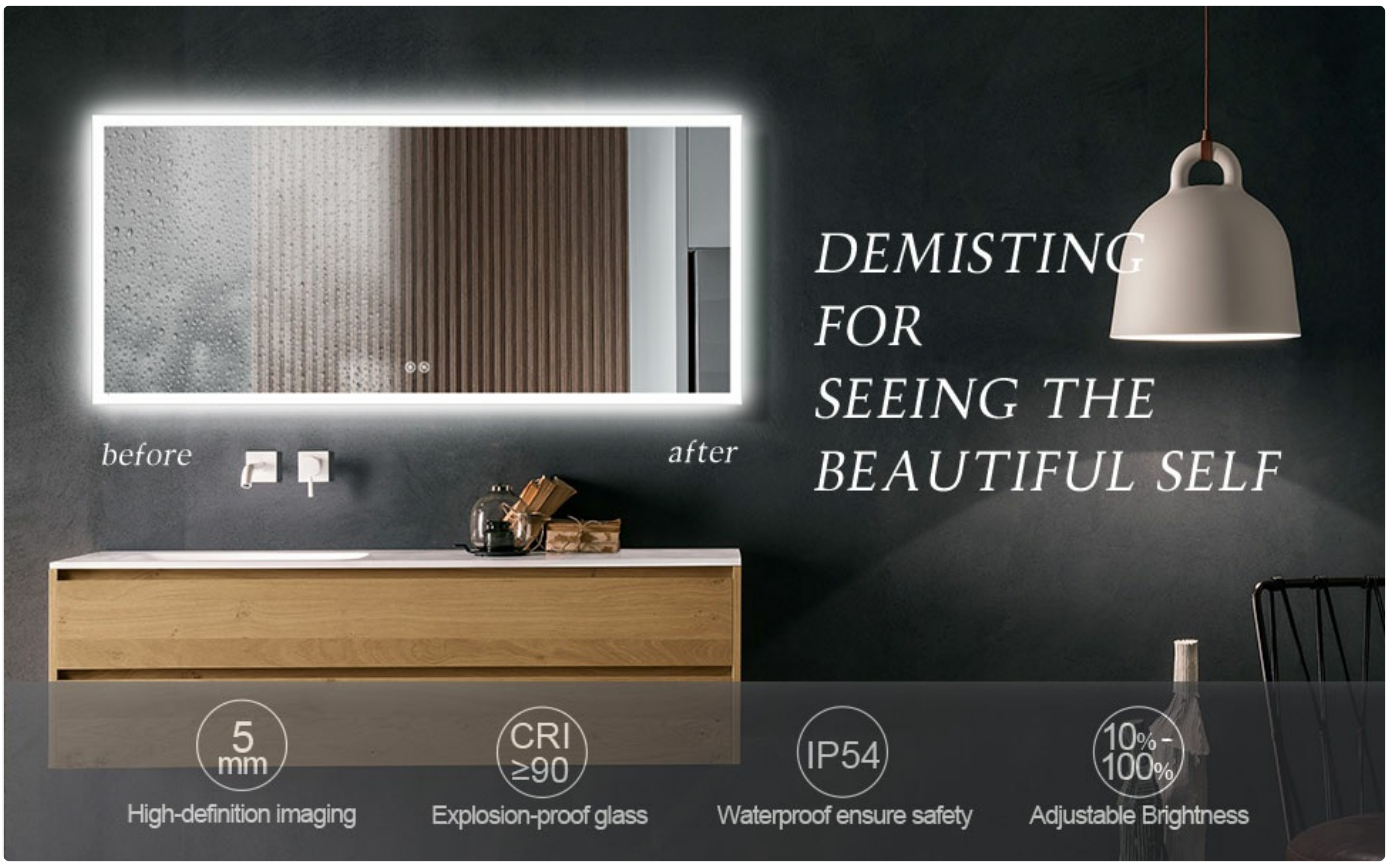

Figure 2: Advantages of the LED Bathroom Mirror, highlighting brightness memory and adjustable light intensity.

4. Installation

The DECORAPORT LED Bathroom Mirror is designed for easy installation, typically taking 5-8 minutes for normal setup. Both hardwiring and plug-in options are supported.

1. **Preparation:** Ensure the power supply is turned off at the circuit breaker before beginning installation.
2. **Mounting Location:** Choose a suitable wall location. The mirror can be mounted horizontally or vertically.
3. **Marking:** Carefully measure and mark the positions for the mounting hardware on the wall. Refer to the mirror's dimensions for accurate placement.
4. **Secure Mounting Hardware:** Install the provided mounting hardware securely into the wall.
5. **Wiring:** Connect the mirror's electrical wires to your home's electrical system. Ensure all connections are secure and comply with local electrical codes. Alternatively, use a plug-in connection if available.
6. **Hang the Mirror:** Carefully lift and hang the mirror onto the installed mounting hardware. Ensure it is stable and level.
7. **Power On:** Restore power at the circuit breaker and test the mirror's functions.

Figure 4: Example of horizontal and vertical mounting options for the mirror.

5. Operation

Your DECORAPORT LED Bathroom Mirror features intuitive touch controls integrated into the mirror surface.

- **Power On/Off:** Tap the power touch button (often indicated by a sun or light bulb icon) to turn the LED lights on or off.
- **Dimmable Function:** With the lights on, press and hold the power touch button to adjust the brightness. The light intensity will cycle between 10% and 100%. Release when the desired brightness is reached.
- **Anti-Fog Function:** Tap the anti-fog touch button (often indicated by a steam or wave icon) to activate or deactivate the anti-fog feature. This function operates independently of the lights and will automatically turn off after one hour to save energy.

6. Maintenance

To ensure the longevity and optimal performance of your DECORAPORT LED Bathroom Mirror, follow these maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth and a mild, non-abrasive glass cleaner to clean the mirror surface. Avoid harsh chemicals or abrasive materials that could damage the mirror or its coating.
- **Frame Care:** The oxidized aluminum alloy frame is durable. Clean with a soft, dry cloth.
- **Electrical Components:** Do not attempt to clean or access internal electrical components. Ensure the mirror is completely dry before restoring power after cleaning.
- **Corrosion Resistance:** The mirror features a copper-free silver mirror design with epoxy protection, offering enhanced resistance to corrosion.

7. Troubleshooting

Problem	Possible Cause	Solution
Mirror lights do not turn on.	No power supply; loose wiring; faulty touch sensor.	Check circuit breaker. Ensure all wiring connections are secure. Contact customer service if the issue persists.
Anti-fog function not working.	Function not activated; power issue.	Tap the anti-fog touch button to activate. Verify power supply.
Lights flicker or dim unexpectedly.	Unstable power supply; internal component issue.	Ensure stable power. Contact customer service for further diagnosis.
Mirror surface remains foggy.	Anti-fog not activated; excessive humidity.	Activate anti-fog function. Allow time for the defogger to work. Ensure proper bathroom ventilation.

8. Specifications

Feature	Detail
Brand	DECORAPORT
Model Number	A-N031-A
Dimensions	84"L x 40"W
Shape	Rectangular
Material	Glass
