Bburago 30361

Bburago 15630361 Playset Car Garage Instruction Manual

Model: 30361

1. Introduction

Thank you for choosing the Bburago 15630361 Playset Car Garage. This manual provides essential information for the safe and proper use, assembly, and maintenance of your new car garage playset. Please read these instructions carefully before use and retain them for future reference.

2. Safety Information

WARNING!
Not suitable for children under 36 months due to small parts that can be swallowed. Choking hazard.

- Always supervise children during play.
- Inspect the playset regularly for any damage or loose parts. Discontinue use if damage is found.
- Keep packaging materials away from children to prevent suffocation.

3. Package Contents

The Bburago 15630361 Playset Car Garage package includes the following items:

- 1 x Car Garage Playset unit
- 2 x Die-cast cars (1:43 scale)

Please ensure all components are present and undamaged upon opening the package. If any parts are missing or damaged, please contact customer support.

4. Setup

The Bburago 15630361 Playset Car Garage requires no complex assembly. It is designed for immediate play after unboxing.

1. Carefully remove all components from the packaging.
2. Place the playset on a flat, stable surface.
3. Ensure all movable parts, such as the elevator and barriers, can operate freely.

Image 4.1: The fully assembled Bburago Playset Car Garage, ready for play. This image shows the multi-level structure, ramps, and various play features.

5. Operating Instructions

The playset offers several interactive features for engaging play:

5.1 Car Elevator

The playset features a crank-operated car elevator to transport vehicles between levels.

1. Place a 1:43 scale car onto the elevator platform at the ground level.
2. Turn the crank located at the top of the elevator tower to raise or lower the platform.
3. Once the desired level is reached, gently push the car off the platform onto the garage level.

Image 5.1: A car positioned on the elevator platform, ready to be moved between garage levels. The elevator is operated manually via a crank.

5.2 Car Wash System

Simulate car cleaning with the integrated car wash system.

1. Drive a car into the car wash bay.
2. The car wash features soft rollers (simulated) for an immersive play experience.

Image 5.2: A car approaching the car wash station within the playset. The car wash area includes simulated cleaning elements.

5.3 Rotating Platform

The playset includes a rotating platform for parking or turning cars.

1. Place a car onto the circular rotating platform.
2. Manually rotate the platform to change the car's direction or position it for parking.

Image 5.3: A car resting on the rotating platform, which allows for manual rotation to change the vehicle's orientation.

5.4 Movable Barriers

Control access to different areas of the garage with movable barriers.

- Manually raise or lower the barriers to direct car traffic within the playset.

5.5 Track Compatibility (1:43 and 1:64 Scale)

The playset features a versatile track system.

- The main track is designed for 1:43 scale vehicles.
- The underside of the track features a two-lane design compatible with 1:64 scale vehicles, allowing for expanded play options.

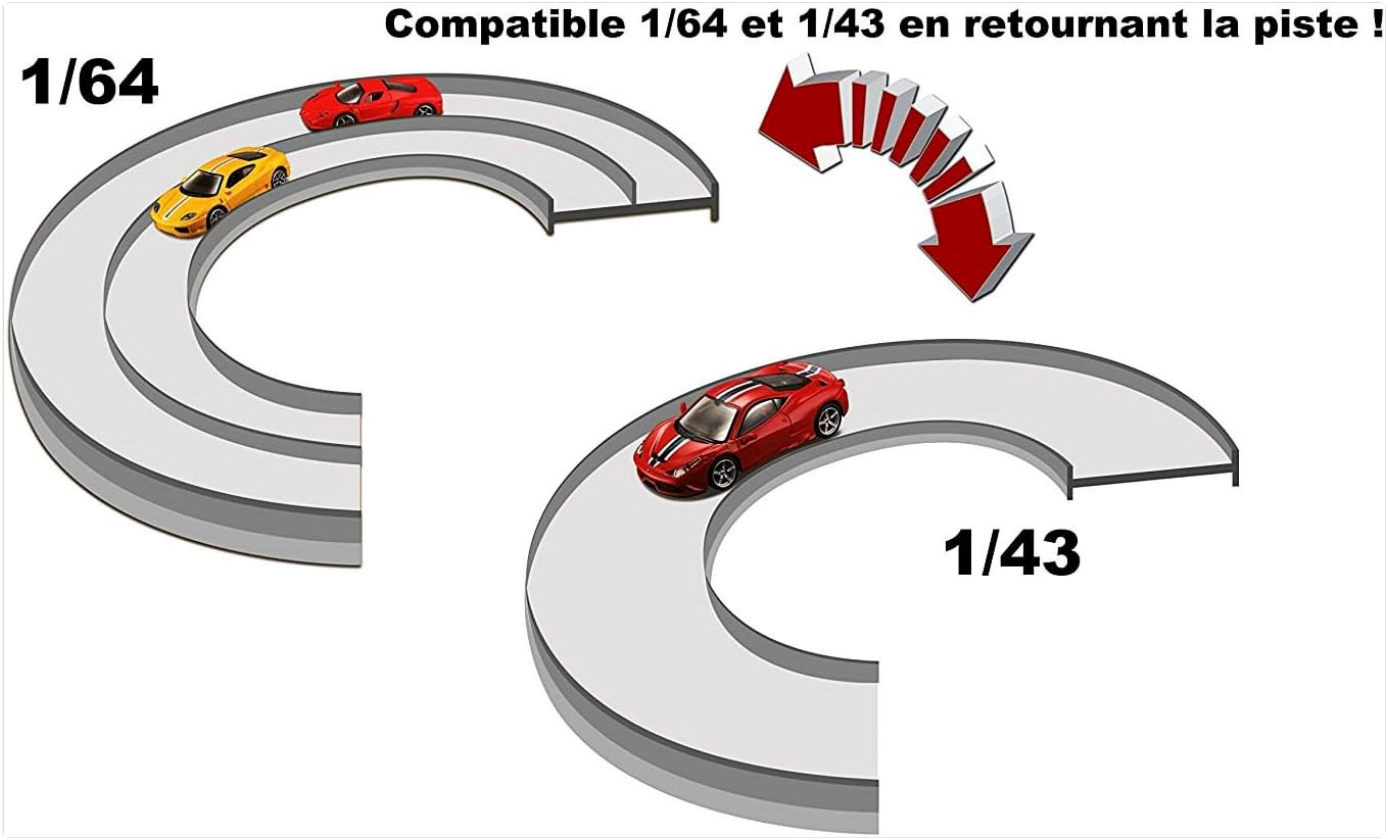

Image 5.4: An illustration demonstrating how the track can be flipped to accommodate both 1:64 and 1:43 scale vehicles, enhancing play versatility.

6. Maintenance

To ensure the longevity and optimal performance of your playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the playset with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic and paint.
- **Storage:** Store the playset in a dry, cool place away from direct sunlight to prevent material degradation.
- **Inspection:** Periodically check for any loose parts, cracks, or damage. If any issues are found, discontinue use and contact customer support.

7. Troubleshooting

If you encounter any issues with your Bburago Playset Car Garage, refer to the following common problems and solutions:

- **Problem:** Car does not move smoothly on ramps or tracks.
  Solution: Ensure the tracks are clean and free of debris. Check for any obstructions or misaligned track sections.
- **Problem:** Elevator crank is stiff or not moving.
  Solution: Check for any objects obstructing the elevator mechanism. Ensure the crank is properly seated. Do not force the crank if it resists movement.
- **Problem:** Parts appear loose or detached.
  Solution: Inspect the playset for any snap-fit connections that may have come undone. Reattach them firmly. If a part is broken, contact customer support.

8. Specifications

Feature	Detail
Model Number	30361
