L'Oreal Paris LB02

L'Oreal Superior Preference Les Blondissimes LB02 Extra Light Natural Blonde Hair Color

Instruction Manual

PRODUCT OVERVIEW

This manual provides detailed instructions for using L'Oreal Superior Preference Les Blondissimes LB02 Extra Light Natural Blonde permanent hair color. This product is designed to deliver radiant, long-lasting extra light natural blonde results with a rich, luminous finish. It includes a special conditioning formula to help protect and nourish hair during the coloring process.

The product packaging for L'Oreal Superior Preference Les Blondissimes LB02 Extra Light Natural Blonde hair color. The box highlights 'Extra Light Natural Blonde' shade LB02, 'with Shine Serum', and 'UP TO 8 WEEKS OF FADE-DEFYING COLOR'. It also states 'ULTRA-LIGHTENING COLOR AND SHINE SYSTEM' and 'Rich Luminous Conditioning Colorant', indicating it is a 'LEVEL 3 PERMANENT' color for '1 APPLICATION'.

SAFETY INFORMATION

For external use only. If irritation occurs, please discontinue use. Keep out of reach of children.

Important Usage Advisory: Always perform a skin allergy test 48 hours before each application, even if you have previously used coloring products. Read and follow the insert instructions carefully. Failure to do so may result in an allergic reaction.

WHAT'S INCLUDED

Your L'Oreal Superior Preference Les Blondissimes kit typically includes:

- Color Gel
- Developer Creme
- Conditioning Treatment (Color & Shine Conditioner)

- Application Instructions (this manual)
- Gloves

PREPARATION BEFORE COLORING

Before you begin the coloring process, ensure you have completed the following steps:

1. Perform a skin allergy test 48 hours prior to application as directed in the safety information.
2. Gather necessary tools: an old towel to protect clothing, a timer, petroleum jelly (to protect skin around the hairline), and a non-metallic comb.
3. Put on the provided gloves to protect your hands.
4. Ensure your hair is dry and unwashed. Do not shampoo immediately before coloring.

APPLICATION INSTRUCTIONS

Follow these steps carefully for optimal results:

Method 1: All-Over Application (First-Time Color or Significant Root Growth)

1. Apply the hair color mixture to dry, unwashed hair.
2. Distribute the color at your root area and through the ends until your hair is completely saturated.
3. Allow the color to develop for 25 minutes.
4. Rinse your hair thoroughly with warm water until the water runs clear.

Method 2: Root Touch-Up Application

1. Using the applicator tip, make ¼-inch partings through dry, unwashed hair.
2. Apply the hair color mixture onto the new growth root area only until completely saturated.
3. Leave the color on the new growth root area for 20 minutes.
4. Apply the remaining product to the rest of your hair to refresh the color.
5. Let the color develop for an additional 5 minutes. The total application time should be 25 minutes.
6. Rinse your hair thoroughly with warm water until the water runs clear.

POST-APPLICATION CARE

After rinsing the hair color, follow these steps to condition your hair:

- Apply enough Color & Shine Conditioner to thoroughly saturate your hair.
- Leave the conditioner on for 2-3 minutes to nourish and protect your hair.
- Rinse your hair thoroughly until the water runs clear and your hair feels smooth.

INGREDIENTS

Color Gel: Oleic Acid, Aqua/Water, Cocamide MIPA, Octyldodecanol, Benzyl Alcohol, Alcohol Denat., Ethanolamine, Ammonium Hydroxide, Oleth-30, Hexadimethrine Chloride, MEA-Laureth Sulfate, Fragrance, Ammonium Thiolactate, Isopropanolamine, EDTA, Erythorbic Acid, Resorcinol, Alpha-Isomethyl Ionone, p-Phenylenediamine, Eugenol, Linalool, Citronellol, p-Aminophenol, Hydroxypropyl Bis(N-Hydroxyethyl-P-Phenylenediamine) HCl.

Developer: Aqua/Water, Hydrogen Peroxide, Cetearyl Alcohol, Trideceth-2 Carboxamide MEA, Ceteareth-25, Glycerin, Pentasodium Pentetate, Sodium Stannate, Tetrasodium Pyrophosphate, Phosphoric Acid.

TROUBLESHOOTING COMMON ISSUES

- **Color Not as Expected:** Hair color results can vary based on your natural hair color, previous treatments, and hair condition. Ensure you followed the instructions precisely, especially timing. If the result is too light or dark, consider adjusting development time slightly in future applications, always within recommended limits.
- **Irritation/Allergic Reaction:** Discontinue use immediately. If irritation persists or is severe, consult a medical professional. Always perform a patch test 48 hours prior to application to minimize risks.
- **Uneven Color:** Ensure thorough saturation of hair during application. For root touch-ups, ensure even application to new growth before extending to ends. Sectioning hair properly can help achieve more uniform coverage.
- **Staining Skin:** Apply petroleum jelly to your hairline and ears before application to prevent staining. If staining occurs, gently wipe with a damp cloth or a specialized stain remover immediately after application.

PRODUCT SPECIFICATIONS

Feature	Detail
Brand	L'Oreal Paris
Model	LB02 Extra Light Natural Blonde
Product Type	Permanent Hair Color
Item Form	Cream
UPC	071249253625
ASIN	B011A9AS90
