Cella Milano 2-in-1 Beard Shampoo & Conditioner

MODEL: WJ-57086

Introduction

This manual provides essential information for the proper use and care of your Cella Milano 2-in-1 Beard Shampoo & Conditioner. This product is designed to effectively cleanse and nourish facial hair, leaving your beard soft and well-groomed. Please read these instructions carefully before first use and retain them for future reference.

Safety Information

- For external use only. Do not ingest.
- Avoid direct contact with eyes. In case of contact, rinse thoroughly with water.
- If irritation occurs, discontinue use and consult a physician.
- Keep out of reach of children.
- Store in a cool, dry place away from direct sunlight.

Setup

No specific setup is required for this product. Ensure the product is stored at room temperature before use.

Operating Instructions

Follow these steps for optimal cleansing and conditioning of your beard:

1. **Wet Your Beard:** Thoroughly wet your beard or mustache with warm water. This prepares the hair for cleansing.
2. **Apply Product:** Dispense a small amount of Cella Milano 2-in-1 Beard Shampoo & Conditioner into your palm. A quarter-sized drop is typically sufficient, depending on beard length and thickness.
3. **Massage and Lather:** Gently massage the product into your beard and the skin underneath to create a rich lather. Ensure even distribution from root to tip.
4. **Rinse Thoroughly:** Rinse your beard completely with warm water until all product is removed.

5. **Dry and Style:** Gently pat your beard dry with a towel. You may then brush and style your beard as desired. The conditioning agents help soften coarse beard hair and tame flyaways.

Maintenance

For best results and product longevity, ensure the bottle cap is securely closed after each use to prevent contamination and maintain product efficacy. Store the product upright in a cool, dry place.

Troubleshooting

Common Issues:

- **Beard feels dry after washing:** Ensure you are rinsing thoroughly to remove all shampoo residue. Consider using a beard oil or balm after drying for additional moisture.
- **Product not lathering well:** Make sure your beard is sufficiently wet before applying the shampoo. Use a slightly larger amount if your beard is very long or thick.
- **Skin irritation:** Discontinue use immediately. If symptoms persist, consult a dermatologist.
