Anker AK-A2054111

Anker PowerPort Speed 5 63W 5-Port USB Wall Charger

Model: AK-A2054111

INTRODUCTION

Thank you for choosing the Anker PowerPort Speed 5. This instruction manual provides essential information for the safe and efficient use of your new charging station. The PowerPort Speed 5 is designed to deliver high-speed charging to a wide range of USB devices, featuring Qualcomm Quick Charge 3.0 and Anker's proprietary PowerIQ and VoltageBoost technologies.

Quick Charge Technology

Charging up to 80% in just 35 minutes.*

*Only compatible with Qualcomm Quick Charge devices.

PACKAGE CONTENTS

- Anker PowerPort Speed 5 63W 5-Port USB Wall Charger
- AC Power Cable
- Welcome Guide

SETUP

1. **Connect to Power:** Plug one end of the provided AC power cable into the power input port on the back of the PowerPort Speed 5. Plug the other end into a wall outlet.
2. **Power Indicator:** A cool-blue LED indicator will light up on the device, confirming that the charging station is powered on and ready for use.
3. **Optional Mounting:** If desired, use the provided mounting strip (double-sided tape) to secure the charging station to a flat surface.

LED Indicator

Cool-Blue LED indicator emits a soft, gentle glow to show your hub has power.

OPERATING INSTRUCTIONS

The Anker PowerPort Speed 5 features 5 USB charging ports, including two ports with Qualcomm Quick Charge 3.0 technology and three ports with Anker's PowerIQ and VoltageBoost technologies.

- **Quick Charge 3.0 Ports:** These two ports (often distinguished by a blue interior) provide up to 18W output each, compatible with Quick Charge enabled devices for rapid charging.
- **PowerIQ Ports:** The remaining three ports automatically detect your device's charging needs to deliver the fastest possible charge up to 2.4A per port, suitable for non-Quick Charge devices.
- **Total Output:** The charging station delivers a total output of 63W across all 5 ports. When multiple devices are connected, the power is intelligently distributed to ensure optimal charging speeds for each device.

Charging Your Devices

1. Connect your device's USB charging cable to the appropriate port on the PowerPort Speed 5. For Quick Charge compatible devices, use the designated Quick Charge 3.0 ports.

2. Connect the other end of the charging cable to your device.
3. The device will begin charging automatically.

MAINTENANCE

- Keep the device away from liquids and extreme heat.
- Clean the device with a dry, soft cloth. Do not use corrosive cleaners.
- Store in a cool, dry place when not in use.

TROUBLESHOOTING

- **Device not charging:** Ensure the power cable is securely connected to both the PowerPort Speed 5 and the wall outlet. Check if the LED indicator is lit. Try a different USB cable or port.

- **Slow charging:** Ensure you are using the correct port for your device (e.g., Quick Charge 3.0 port for QC-compatible devices). Verify your cable is not damaged.

SPECIFICATIONS

Feature	Detail
Product Dimensions	4.02 x 2.95 x 1.12 inches
Item Weight	10.2 ounces
Model Number	AK-A2054111
Connectivity Technologies	USB
Special Features	Fast Charging
Color	Black
Input Voltage	240 Volts
Amperage	2.4 Milliamps (per PowerIQ port)
Total USB Ports	5
Compatible Devices	Smartphones, Tablets (Apple iPhone, iPad, iPod, LG, HTC, Sony, Nexus, Motorola, Samsung Galaxy Series, Note Series, and more)

WARRANTY AND SUPPORT

Anker provides a worry-free 18-month warranty for this product. For any questions or support needs, please contact Anker customer service. Refer to the included Welcome Guide for contact details.
