Columbia C 3007 001 Black

Columbia C 3007 001 Black Eyeglasses User Manual

Your comprehensive guide to care and use.

INTRODUCTION

Welcome to the user manual for your new Columbia C 3007 001 Black Eyeglasses. Columbia is a worldwide leader in affordable luxury eyewear, known for crafting signature eyewear frames using state-of-the-art materials such as premium cellulose acetate, ultra-lightweight titanium, and color-rich stainless steel. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your eyeglasses to ensure their longevity and your comfort.

PRODUCT OVERVIEW

Figure 1: Front-side view of the Columbia C 3007 001 Black Eyeglasses, showcasing the semi-rimless design and black frame with the Columbia logo on the temple.

Figure 2: Direct front view of the Columbia C 3007 001 Black Eyeglasses, highlighting the bridge and nose pads, and the

The Columbia C 3007 001 Black Eyeglasses feature a sleek, modern design suitable for various face shapes. They are designed for comfort and durability, providing clear vision when fitted with appropriate prescription lenses.

SETUP

Your eyeglasses come ready for professional lens installation. Follow these steps for initial setup:

1. **Professional Lens Installation:** Take your eyeglasses to a qualified optician for the installation of your prescription lenses. Ensure the optician is aware of the frame material for proper handling.
2. **Initial Fitting:** After lens installation, have your optician adjust the frame for a comfortable and secure fit. This includes adjusting the nose pads and temple arms to prevent slipping or pressure points.
3. **Cleaning:** Before first use, gently clean the lenses and frame with a microfiber cloth and an approved lens cleaning solution.

OPERATING

Using your Columbia eyeglasses is straightforward. Proper handling ensures their longevity and maintains optical clarity.

- **Wearing:** Always use both hands to put on and take off your eyeglasses. This prevents bending the frame and loosening the hinges over time.
- **Handling:** Avoid touching the lenses directly with your fingers to prevent smudges and scratches. Hold the frame by the bridge or temples.
- **Vision Correction:** Wear your eyeglasses as prescribed by your eye care professional for optimal vision correction.

MAINTENANCE

Regular maintenance is crucial for preserving the condition and performance of your eyeglasses.

- **Cleaning Lenses:**
 - Rinse lenses under lukewarm water to remove loose debris.
 - Apply a small drop of mild dish soap or an approved lens cleaning spray to each lens.
 - Gently rub the lenses with your fingertips.
 - Rinse thoroughly to remove all soap.
 - Dry with a clean, soft microfiber cloth. Avoid paper towels or rough fabrics, which can scratch lenses.
- **Cleaning Frame:** Wipe the frame with a damp cloth and dry with a clean, soft cloth. For deeper cleaning, use a mild soap solution.
- **Storage:** When not in use, always store your eyeglasses in a protective hard case to prevent scratches and damage. Avoid leaving them in direct sunlight or extreme temperatures (e.g., in a hot car).
- **Periodic Adjustments:** Visit your optician periodically for professional cleaning and adjustments to ensure the frame remains properly aligned and comfortable.

TROUBLESHOOTING

Here are solutions to common issues you might encounter with your eyeglasses:

Problem	Possible Cause	Solution
Eyeglasses keep slipping down nose.	Nose pads or temple arms need adjustment.	Visit your optician for professional adjustment. Avoid bending the frame yourself.
Lenses are constantly smudged.	Improper cleaning technique or touching lenses.	Follow the cleaning instructions in the Maintenance section. Use a clean microfiber cloth.
Frame feels loose or crooked.	Screws are loose or frame is bent.	Tighten loose screws gently with a small screwdriver (if you have one designed for eyeglasses). For bent frames, visit your optician.
Scratches on lenses.	Improper cleaning, dropping, or poor storage.	Scratches cannot be removed. Prevent future scratches by following maintenance and storage guidelines. Consider lens replacement if vision is affected.

SPECIFICATIONS

Brand: Columbia

Model: C 3007 001 Black

Product Dimensions: 6 x 2 x 2 inches

Item Weight: 12 ounces

Department: Mens

ASIN: B01JAJ1ORY

Country of Origin: USA

Date First Available: July 29, 2016
