

Evolved Novelties 840268

Zero Tolerance Intro to Prostate Kit

Model: 840268 | Brand: Evolved Novelties

INTRODUCTION

The Evolved Novelties Zero Tolerance Intro to Prostate Kit is a comprehensive 4-piece set designed for prostate exploration and stimulation. Crafted from high-quality, body-safe silicone, this kit offers a tiered experience to help users discover specific sensations. This manual provides essential information for the safe and effective use of your kit.

SAFETY INFORMATION

- **Material Safety:** All items in this kit are made from body-safe silicone.
- **Cleaning:** Always clean the products thoroughly before and after each use. Refer to the 'Maintenance' section for detailed cleaning instructions.
- **Lubrication:** Use only water-based lubricants with silicone products. Oil-based lubricants can damage silicone material.
- **Discomfort:** Discontinue use immediately if you experience any pain, irritation, or discomfort.
- **Storage:** Store products separately from other toys made of different materials to prevent damage or degradation.
- **Medical Disclaimer:** This product is not intended for medical use and should not be used to diagnose, treat, cure, or prevent any disease or health condition. Consult a healthcare professional if you have any concerns.

KIT CONTENTS

Your Zero Tolerance Intro to Prostate Kit includes four distinct non-vibrating silicone prostate stimulators:

- **Graduated Beaded Stimulator:** Features a series of increasing beads for progressive sensation.
- **Flexible Curved Stimulator (S-shaped):** Designed with a flexible shaft to conform to body curves.
- **Ringed Stimulator with Suction Base:** Offers a unique shape with a ring handle and a suction cup for hands-free use.

- **Tapered Curved Stimulator:** A subtly curved design for gentle introduction and exploration.

The complete Zero Tolerance Intro to Prostate Kit, featuring all four silicone stimulators.

SETUP

1. **Unpack:** Carefully remove all items from the packaging.
2. **Initial Cleaning:** Before first use, wash each stimulator thoroughly with warm water and a mild, toy-safe soap. Rinse completely and allow to air dry.
3. **Lubrication:** Apply a generous amount of water-based lubricant to the stimulator and the area of application before insertion.

OPERATING INSTRUCTIONS

The kit is designed for gradual exploration. Begin with the smaller or less intensely shaped stimulators and progress as comfort allows.

- **Preparation:** Ensure you are in a relaxed and comfortable environment. Apply water-based lubricant as described in the 'Setup' section.

- **Gentle Insertion:** Slowly and gently insert the chosen stimulator. Listen to your body and do not force insertion.
- **Exploration:** Once inserted, gently maneuver the stimulator to explore sensations. The flexible designs are intended to adapt to your body.
- **Suction Base Use:** For the Ringed Stimulator, the suction cup base allows for hands-free use on smooth, flat surfaces. Ensure the surface is clean and dry for optimal suction.
- **Gradual Progression:** As you become more comfortable, you may wish to experiment with different shapes and sizes within the kit to discover varying sensations.
- **Removal:** Gently and slowly withdraw the stimulator.

The Ringed Stimulator, featuring a handle and suction cup base for versatile use.

The Graduated Beaded Stimulator, designed for progressive sensation.

The Flexible Curved Stimulator, with an S-shaped design for anatomical fit.

MAINTENANCE

- **Cleaning:** After each use, wash the stimulators thoroughly with warm water and a mild, antibacterial soap. Ensure all lubricant and residues are removed.
- **Rinsing:** Rinse the products completely under running water to remove all soap residue.
- **Drying:** Pat dry with a lint-free cloth or allow to air dry completely before storing.
- **Storage:** Store the stimulators in a clean, dry place, preferably in a breathable bag or separate compartment to prevent dust accumulation and contact with other materials that could degrade the silicone.

TROUBLESHOOTING

- **Discomfort during use:** If you experience any pain or significant discomfort, immediately cease use. Ensure adequate lubrication is applied.
- **Difficulty with insertion:** Apply more water-based lubricant. Try to relax and breathe deeply. If difficulty persists, try a smaller stimulator or consult a healthcare professional.
- **Product feels sticky or degraded:** This may indicate exposure to oil-based lubricants or improper storage. Ensure only water-based lubricants are used and store products separately.

SPECIFICATIONS

- **Model Number:** 840268
- **Material:** Body-safe Silicone
- **Color:** Black

- **Style:** Non-Vibrating
- **Kit Dimensions (Approximate):** 6.5 x 6.15 x 2 inches (L x W x H)
- **Kit Weight (Approximate):** 10.88 ounces
- **Example Item Dimensions (e.g., for one stimulator):** Approximately 3.5" length, 3" insertable, 1" wide
