SETUP AND ASSEMBLY

Assembling your nanoblock Capybara model requires careful attention to the provided instructions. Follow these general guidelines:

1. **Unpack Components:** Carefully open the package and empty all nanoblock pieces onto a clean, flat surface. Ensure no pieces are lost.
2. **Review Instructions:** Before starting, thoroughly read the included instruction sheet. It provides step-by-step diagrams specific to the Capybara model.
3. **Identify Pieces:** Familiarize yourself with the different shapes and sizes of nanoblock pieces. The instructions will indicate which pieces to use for each step.
4. **Assemble Layer by Layer:** nanoblock models are typically built layer by layer from the base upwards. Pay close attention to the orientation and placement of each block.
5. **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.
6. **Patience is Key:** Due to the micro size of the blocks, assembly can be intricate. Take your time and enjoy the building process.

For detailed, step-by-step assembly instructions, please refer to the diagram sheet included within your product packaging. If you encounter difficulties, double-check the previous steps and block placements.

DISPLAY AND HANDLING

Once assembled, your nanoblock Capybara model is ready for display. While durable, handle the model with care to prevent accidental disassembly.

- Place the model on a stable, flat surface away from direct sunlight or extreme temperatures.
- Avoid dropping the model, as this may cause pieces to detach.
- This model is intended for display and light handling, not as a toy for rough play.

MAINTENANCE

To keep your nanoblock Capybara model looking its best, follow these simple maintenance tips:

- **Dusting:** Gently dust the model with a soft brush or a can of compressed air to remove accumulated dust.
- **Cleaning:** If necessary, wipe the blocks with a slightly damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss.

TROUBLESHOOTING

If you encounter any issues during assembly or with your completed model, consider the following:

- **Missing Pieces:** Double-check your work area and packaging. Due to their small size, pieces can be easily overlooked.
- **Difficulty Connecting Blocks:** Ensure blocks are correctly oriented and aligned. Apply gentle, even pressure. Avoid forcing blocks, as this can cause damage.
- **Model Instability:** Review the assembly steps to ensure all blocks are firmly connected and placed according to the instructions. A loose connection can affect overall stability.
- **Unclear Instructions:** Examine the diagrams closely. Sometimes rotating the instruction sheet or viewing it from a different angle can clarify a step.

SPECIFICATIONS

Model Name:	NBC-132 Capybara
Brand:	nanoblock
Number of Pieces:	Approximately 110
Difficulty Level:	2 (Medium)
