This image displays the Nanoblock NBC-119 Small-Clawed Otter kit. The packaging features the Nanoblock logo, the model name 'SMALL-CLAWED OTTER', the model number 'NBC_119', and indicates '120 PCS'. An image of the completed small-clawed otter model, constructed from brown, white, and black micro-sized blocks, is prominently shown. The packaging also shows a clear section revealing the micro-sized building blocks inside.

Assembly Instructions

Follow the included detailed assembly instructions sheet for step-by-step guidance. The instructions typically involve:

1. **Preparation:** Open the package and carefully sort the blocks by color and shape if desired. This can aid in easier identification during assembly.
2. **Starting Assembly:** Begin by following the first steps outlined in the instruction sheet. Nanoblock models are often built from the base upwards.
3. **Layer by Layer:** Construct the model layer by layer, ensuring each block is securely connected to the previous ones. Due to the micro size, precision is key.
4. **Referencing Diagrams:** Constantly refer to the diagrams in the instruction sheet to ensure correct placement and orientation of each block.
5. **Completion:** Continue until all layers are complete and the model matches the final image in the instructions.

Note: The difficulty level for this model is indicated on the packaging. Take your time and enjoy the building process.
