## Shynerk SH-M-02

# Shynerk Baby Car Mirror Instruction Manual

MODEL: SH-M-02

Brand: Shynerk

## INTRODUCTION

The Shynerk Baby Car Mirror is designed to provide parents and caregivers with a clear and wide view of their rear-facing infant or toddler in the back seat. This allows for monitoring of the child without needing to turn around, enhancing driving safety and peace of mind. The mirror features a shatterproof design and adjustable mounting for compatibility with most vehicles.

### Key Features:

- **Wide Angle Convex Mirror:** Provides an expansive view of your child and their surroundings.
- **Shatterproof Design:** Constructed with acrylic safety glass and a durable plastic frame for enhanced safety.
- **Fully Adjustable:** Features a 360-degree pivot for optimal viewing angles.
- **Easy Installation:** Attaches securely to most rear seat headrests in seconds without tools.
- **Universal Fit:** Compatible with most cars, vans, SUVs, and trucks.

### SETUP AND INSTALLATION

Follow these steps to correctly install your Shynerk Baby Car Mirror:

#### 1. **Step 1: Attach the Ball Joint to the Mirror**

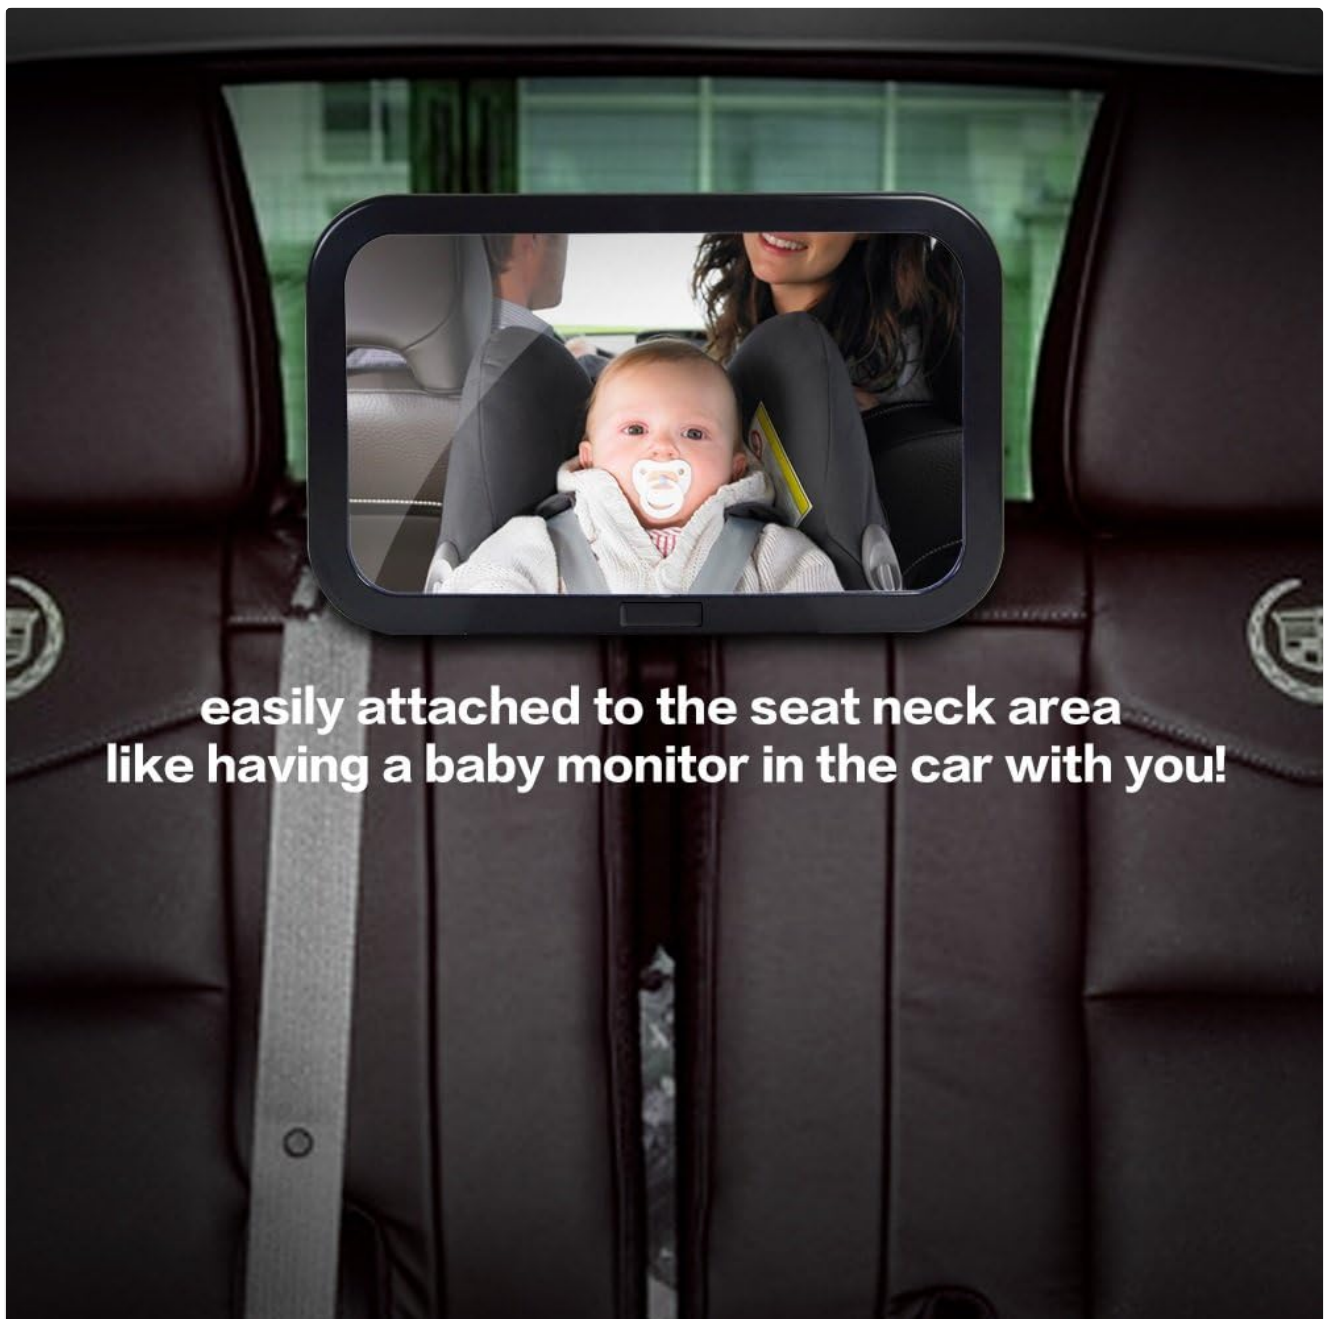

Ensure the ball joint clip is horizontal. Align the ball joint with the circular opening on the back of the mirror and firmly press it into place until it clicks securely. This connection allows for 360-degree rotation.

Image: A detailed view of the mirror's adjustable ball joint, highlighting its 360-degree rotation capability.

## 2. Step 2: Position the Mirror on the Headrest

Place the mirror assembly against the rear seat headrest where your child's car seat is located. The padded back of the mirror should rest flush against the headrest.

**easily attached to the seat neck area  
like having a baby monitor in the car with you!**

Image: The baby car mirror securely attached to a car's rear headrest, providing a view of a baby in a car seat.

### **3. Step 3: Secure the Straps**

Wrap the two adjustable straps around the headrest. Fasten the buckles and pull the straps tight to ensure the mirror is firmly secured and does not wobble. The straps are designed to fit most headrest sizes.

Image: A visual guide demonstrating the four steps to install the baby car mirror, including attaching the base, securing straps, and removing the protective film.

#### 4. Step 4: Remove Protective Film

Carefully peel off the protective film from the mirror surface to reveal a clear reflection.

### OPERATION

Once installed, the Shynerk Baby Car Mirror is simple to operate:

- **Adjusting the Angle:** Use the 360-degree pivot ball joint to tilt and rotate the mirror until you achieve the optimal viewing angle of your child from your rearview mirror.
- **Regular Checks:** Periodically check the mirror to ensure your child is comfortable and safe. This mirror is designed to allow quick glances without significant distraction from the road.

## MAINTENANCE

To ensure the longevity and clarity of your Shynerk Baby Car Mirror, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth and a mild glass cleaner or water to gently wipe the mirror surface. Avoid abrasive cleaners or materials that could scratch the acrylic.
- **Strap Inspection:** Periodically check the straps and buckles for any signs of wear or damage. Ensure they remain securely fastened to the headrest.
- **Storage:** If removing the mirror for an extended period, store it in a clean, dry place away from direct sunlight to prevent material degradation.

## TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Mirror is Wobbling:**
  - Ensure the straps are pulled as tight as possible around the headrest.
  - Verify that the ball joint is fully snapped into the mirror's back plate.

- **Unclear View:**

- Confirm that the protective film has been completely removed from the mirror surface.
- Clean the mirror surface with a soft cloth and appropriate cleaner.
- Adjust the mirror's angle using the ball joint to find the clearest line of sight.

- **Mirror Does Not Stay in Position:**

- Tighten the ball joint mechanism if it feels loose.
- Re-adjust the straps to ensure maximum tension around the headrest.

## SPECIFICATIONS

Feature	Detail
Brand	Shynerk
Model Number	SH-M-02
Color	Black
Item Dimensions (L x W x H)	11.8 x 7.4 x 1.1 inches
Item Weight	13.4 ounces
Material	Plastic, Acrylic Safety Glass
Mounting Type	Headrest Mount
Special Feature	Shatter Resistant, 360° Rotation
Fit Type	Universal Fit
