 - Place the Title Deed cards next to their corresponding properties on the board.
4. **Select a Banker:** One player is chosen to be the Banker. The Banker is responsible for all money, Title Deeds, Houses, and Hotels not yet owned by players. The Banker also plays as a regular player.

5. **Distribute Money:** The Banker gives each player the following starting money:
 - Two \$500 bills
 - Two \$100 bills
 - Two \$50 bills
 - Six \$20 bills
 - Five \$10 bills
 - Five \$5 bills
 - Five \$1 bills

7. **Houses and Hotels:** Place the wooden houses and hotels near the board, ready for purchase. The premium cloth bag can be used to store these during gameplay.

OPERATING (GAMEPLAY)

The objective of Monopoly is to be the last player remaining with money, properties, and assets after all other players have gone bankrupt.

Turn Sequence

1. **Roll the Dice:** The player rolls both dice and moves their token clockwise around the board the number of spaces indicated.
2. **Perform Action:** The action taken depends on the space landed on:
 - **Unowned Property:** You may buy the property from the Bank for the price printed on that space. If you do not wish to buy it, the Banker immediately auctions it to the highest bidder.
 - **Owned Property:** If another player owns the property, you must pay them rent as indicated on their Title Deed card.
 - **Chance or Community Chest:** Draw the top card from the respective pile and follow its instructions.
 - **Tax Spaces:** Pay the indicated tax to the Bank.
 - **Go to Jail:** Move your token directly to the "In Jail" space. You do not collect \$200 for passing GO.
 - **Free Parking:** No action is taken.
 - **GO:** If you land on or pass GO, collect \$200 from the Bank.
3. **End of Turn:** After performing the action for the space landed on, the player may buy or sell houses/hotels, mortgage properties, or trade with other players. The turn then passes to the player on the left.

Building and Mortgaging

- **Houses:** You can buy houses when you own all properties in a color group. Houses must be built evenly across properties in that group.
- **Hotels:** Once you have four houses on each property in a color group, you can upgrade to a hotel by paying the hotel cost and returning the four houses to the Bank.
- **Mortgaging:** You can mortgage properties to raise money. Mortgaged properties do not collect rent. To unmortgage, pay the mortgage value plus 10% interest.

For complete and detailed rules, refer to the included Game Guide.
