2.1. Before You Begin

4. MAINTENANCE AND CARE

To ensure the longevity and appearance of your GreenForest L Shaped Gaming Desk, follow these simple maintenance guidelines:

- **Cleaning:** The desk surface is moisture-proof and scratch-resistant. Wipe clean with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Promptly wipe up any spills to prevent liquid from seeping into the material, although the surface is designed to resist moisture.
- **Protection:** Use coasters for drinks and protective pads under hot items or sharp objects to prevent marks and scratches.
- **Stability Check:** Periodically check and tighten all screws and connections to maintain the desk's stability.

5. TROUBLESHOOTING

If you encounter any issues with your GreenForest L Shaped Gaming Desk, consider the following common solutions:

5.1. Desk Instability or Wobbling

- **Loose Screws:** Ensure all assembly screws are fully tightened. A common cause of instability is screws not being adequately secured during initial assembly.
- **Uneven Floor:** Adjust the leveling studs at the bottom of the desk legs to compensate for uneven flooring.
- **Incorrect Assembly:** Double-check that all parts, especially the plastic screw-in inserts and the orientation of the panels, were assembled according to the manual.

5.2. Space Constraints / Monitor Placement

- **Monitor Depth:** If your monitor feels too close due to the 18.9-inch depth, consider using a VESA arm mount. Ensure the desk's engineered wood tabletop (approximately 0.75 inches thick) can support the clamp, or use a

reinforcing piece of wood if necessary.

- **PC Tower Placement:** For larger PC towers, the space underneath the desk may be limited. Consider placing the tower beside the desk or utilizing a dedicated CPU stand.

5.3. Damaged Components Upon Arrival

- If any components are damaged upon unboxing, contact GreenForest customer support immediately for assistance with replacements. Do not attempt to assemble the desk with damaged parts.
