Marvo GT-056

Marvo GT-056 Wireless Game Controller User Manual

Model: GT-056

INTRODUCTION

Thank you for choosing the Marvo GT-056 Wireless Game Controller. This manual provides essential information for setting up, operating, and maintaining your device. Please read it carefully to ensure optimal performance and longevity of your controller. The Marvo GT-056 is a versatile Bluetooth gamepad designed to enhance your mobile gaming experience on a variety of platforms, including Android, iOS, and PC. Its ergonomic design and stable wireless connection provide a comfortable and responsive gaming environment.

PACKAGE CONTENTS

- 1 x Marvo GT-056 Game Controller
- 1 x USB Charging Cable
- 1 x Instruction Manual (this document)

PRODUCT OVERVIEW

Familiarize yourself with the components and features of your Marvo GT-056 controller.

Figure 5: Rear view of the controller, illustrating the telescopic stand mechanism that supports devices up to 10 inches.

SETUP

Charging the Controller

The Marvo GT-056 controller is equipped with a built-in 380mAh lithium battery. Before first use, or when the battery is low, charge the controller using the provided USB cable.

1. Connect the small end of the USB cable to the charging port on the controller.
2. Connect the larger end of the USB cable to a 5V power source (e.g., computer USB port, USB wall adapter).
3. The LED indicator on the controller will illuminate during charging and turn off once fully charged. A full charge provides approximately 16 hours of operation.

Power On/Off

- **To Power On:** Press and hold the "HOME" button for approximately 5 seconds until the Bluetooth LED flashes slowly. The controller will attempt to automatically pair with the last connected device.
- **To Power Off:** Press and hold the "HOME" button for approximately 3 seconds until the Bluetooth LED turns off.

Bluetooth Pairing

The controller uses Bluetooth 3.0 for wireless connection.

1. Ensure the controller is powered on and its Bluetooth LED is flashing, indicating it is in pairing mode.
2. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
3. Select "Marvo GT-056" or a similar name from the list of found devices to initiate pairing.
4. Once paired, the Bluetooth LED on the controller will stop flashing and remain solid.

OPERATING INSTRUCTIONS

Compatibility and Game Support

The Marvo GT-056 offers broad compatibility:

- **Android System:** Supports most games, including popular titles like MC4, Wild Blood, Dungeon Hunter, Zombie, Shadowgun, Sonic, Cordy, Soulcraft, Zenonia 4, Riptide GP, and emulators (FC/GBA/Arcade/SFC/N64).
- **Mouse Mode:** Supports games that benefit from mouse input, such as Fruit Ninja, Plants vs. Zombies, Angry Birds, Sky Force, AirAttack HD, and Cut the Rope.
- **iCade Mode:** Refer to specific game instructions or online resources for iCade mode compatibility and setup.
- **PC:** Compatible with Windows XP, Windows 7, and Windows 8. When pairing with a PC, you may need to select either "game mode" or "keyboard mode" depending on the game or application.
- **iOS System:** Compatible with iOS 4.3 and above.

Input Method Setting (iOS Specific)

For proper functionality on iOS devices, the default input method must be set to English. Failure to do so may prevent the gamepad from working correctly.

Multimedia Buttons

The controller features 5 multimedia buttons, allowing you to adjust volume and control media playback directly from the gamepad, even when your phone is mounted in the telescopic stand.

MAINTENANCE

To ensure the longevity and proper functioning of your Marvo GT-056 controller, please observe the following maintenance guidelines:

- **Storage:** Do not store the controller in humid or hot environments. Extreme temperatures and moisture can damage internal components.
- **Protection:** Protect the product from unnecessary damage such as strong impacts, drops, or attempts to disassemble it.
- **Charging Safety:** When charging the gamepad, ensure it remains away from fire or other heat sources.
- **Cleaning:** Use a soft, dry cloth to clean the surface of the controller. Avoid using harsh chemicals or abrasive materials.

TROUBLESHOOTING

If you encounter issues with your Marvo GT-056 controller, try the following solutions:

- **Controller Not Responding:** If the gamepad is not functioning correctly, locate the reset button in the grip corner on the rear left side of the controller and press it. This will restart the device.
- **Connection Failure:** If the controller fails to connect automatically after powering on, it will power off. Try the pairing process again from the beginning. Ensure Bluetooth is enabled on your device and the controller is in pairing mode.
- **Lag or Disconnections:** Ensure there are no significant obstructions between the controller and your device. Keep the devices within the effective Bluetooth range.
- **Input Issues (iOS):** Verify that your iOS device's default language input is set to English.
