PawHut D30-093WT

PawHut Adjustable Height Cat Tree D30-093WT Instruction Manual

Brand: PawHut | Model: D30-093WT

1. INTRODUCTION

The PawHut Cat Tree is designed to provide a stimulating and comfortable environment for your feline companion. This multi-level structure offers various platforms for play, rest, and exercise, including scratching posts, cat houses, ramps, and a tunnel. It is constructed with durable materials to ensure stability and safety for your pet.
This instruction manual provides essential information for the safe assembly, operation, and maintenance of your cat tree. Please read it thoroughly before beginning assembly and retain it for future reference.

2. PRODUCT FEATURES

- **Adjustable Height:** Features a tension rod for securing the tree to the ceiling, allowing for an adjustable height range of 240-260 cm.
- **Multiple Levels:** Includes two cat houses, two ramps, two hammocks, two play balls, a tunnel, and several perches for varied activity.
- **Scratching Posts:** Wrapped with natural sisal rope to satisfy your cat's natural urge to scratch, helping to protect your furniture.
- **Comfortable Materials:** Covered with soft, plush fabric (380 g/m²) for comfortable resting and playing surfaces.
- **Sturdy Construction:** Made from strong particle board with a large base for enhanced stability.
- **Interactive Toys:** Two plush balls are included for your cat's entertainment.

3. PACKAGE CONTENTS

Please verify that all components are present and undamaged before beginning assembly. Refer to the assembly diagram for a complete list of parts. The package typically includes:

- Particle board platforms and bases
- Sisal-wrapped scratching posts
- Plush-covered cat houses (condos)
- Ramps and ladders
- Hammocks and cat tube
- Tension rod for ceiling attachment
- Two plush play balls
- Assembly hardware (screws, bolts, Allen wrench)
- Wall anchor strap for additional stability

4. Safety Instructions

- Ensure all parts are securely fastened during assembly. Loose parts can cause instability.

- Place the cat tree on a flat, level surface to prevent tipping.

- Utilize the included wall anchor strap for added stability, especially if you have active or multiple cats.

- Regularly inspect the cat tree for any loose or damaged components. Tighten screws and replace worn parts as needed.

- Keep small children away from the cat tree during assembly and ensure they do not climb on it.

- This product is designed for indoor use only.

- Do not exceed the maximum weight capacity of 15 kg.

5. Setup and Assembly

Assembly of the PawHut Cat Tree requires careful attention to the provided diagrams. It is recommended to lay out all components and hardware before starting. An estimated assembly time is approximately 1 hour with two people.

1. **Unpack and Identify Parts:** Carefully unpack all components and compare them against the parts list and diagrams. Separate similar-looking screws and bolts to avoid confusion.

2. **Assemble Base:** Begin by attaching the lowest posts to the main base platform. Ensure all connections are tight.

3. **Build Upwards:** Follow the numerical sequence in the assembly diagram to connect platforms, cat houses, ramps, and additional posts. Pay close attention to the orientation of each piece, especially the cat houses, as they may have specific screw hole alignments.

4. **Attach Accessories:** Secure the hammocks, cat tube, and hanging play balls as indicated in the instructions.

5. **Install Adjustable Tension Rod:** Once the main structure is complete, install the adjustable tension rod at the top of the cat tree. Place the tree in its desired location, then extend the tension rod until it firmly presses against the ceiling, providing additional stability. Adjust the height between 240 cm and 260 cm as needed.

6. **Secure to Wall (Optional but Recommended):** Use the provided wall anchor strap to secure the cat tree to a wall stud. This significantly enhances stability and prevents accidental tipping.

ADJUSTABLE HEIGHT

Can be secured to the ceiling using the included tension rod

260 cm to 240 cm

6. OPERATING INSTRUCTIONS

The PawHut Cat Tree is designed for your cat's natural behaviors. Encourage your cat to explore the various levels and features.

- **Scratching:** Guide your cat to the sisal posts to encourage scratching there instead of on furniture. Catnip can be used to attract them.
- **Climbing and Playing:** The multiple platforms, ramps, and tunnel provide opportunities for climbing, jumping, and chasing. The hanging balls offer interactive play.
- **Resting and Hiding:** The enclosed cat houses, hammocks, and perches offer secure and comfortable spots for napping and observing their surroundings.

7. MAINTENANCE

Regular maintenance will extend the life of your cat tree and ensure your pet's safety.

- **Cleaning:** Spot clean only. Use a damp cloth and mild pet-safe cleaner for soiled areas. Avoid saturating the plush fabric. Do not machine wash or tumble dry.
- **Inspection:** Periodically check all screws and bolts for tightness. Re-tighten as necessary.
- **Wear and Tear:** Inspect sisal posts for excessive wear. While sisal is durable, it will fray over time. Consider replacing heavily worn posts if available, or monitor for sharp edges.
- **Stability Check:** Ensure the tension rod remains firmly pressed against the ceiling. Adjust if it loosens over time.

8. TROUBLESHOOTING

- **Tree is Wobbly:**

    - Ensure all screws are tightened.
    - Verify the base is on a flat, level surface.
    - Adjust the top tension rod to ensure it is firmly secured against the ceiling.
    - If not already done, use the wall anchor strap to secure the tree to a wall.

- **Cat Not Using the Tree:**

    - Place the tree in a prominent location where your cat enjoys spending time, such as near a window.
    - Use catnip spray or sprinkle catnip on the scratching posts and platforms to attract your cat.
    - Place your cat's favorite toys or treats on different levels to encourage exploration.

- **Missing or Damaged Parts:**

    - Contact customer support immediately with your model number and a description of the issue.

9. SPECIFICATIONS

|	
Model Number	D30-093WT
Materials	Particle Board, Plush (380 g/m²), Sisal Rope
Color	Dark Grey and White
Overall Dimensions (L x W)	60 cm x 45 cm
Adjustable Height Range	240 cm - 260 cm
