## 1. PRODUCT OVERVIEW

The TOMY Pokémon Throw 'N' Pop Duel Figure Set (Model T18635D) allows users to engage in simulated Pokémon battles. This set includes two detailed 2-inch figures, Pikachu and Cubone, along with a standard Poké Ball and a special Repeat Ball. The Poké Balls are designed to open upon impact or by pressing a button, launching the enclosed Pokémon figure into action. Each Poké Ball features an internal star indicator for competitive play. A belt clip is included for convenient portability.

## 2. SETUP

1. **Unboxing:** Carefully remove all components from the packaging. Ensure you have one Pikachu figure, one Cubone figure, one standard Poké Ball, and one Repeat Ball.
2. **Figure Placement:** Open a Poké Ball by pressing the central button. Gently place one Pokémon figure inside, ensuring it is positioned securely and does not obstruct the closing mechanism.
3. **Closing the Poké Ball:** Close the two halves of the Poké Ball firmly until you hear a click, indicating it is latched. Ensure the figure remains inside without being pinched.

4. **Repeat for Second Set:** Follow the same steps for the second Poké Ball and figure.

## 3. OPERATING INSTRUCTIONS

---

### 3.1 Launching a Pokémon

- **Button Launch:** To launch a Pokémon, simply press the central button on the Poké Ball. The ball will spring open, releasing the figure.
- **Impact Launch:** Alternatively, you can toss the closed Poké Ball onto a hard, flat surface. Upon impact, the ball is designed to pop open, launching the Pokémon figure.

### 3.2 Competitive Play

For competitive play, each Poké Ball contains an internal star indicator. The player whose Poké Ball displays the most stars upon opening is considered the winner of that round. This feature encourages friendly competition between players.

### 3.3 Portability

Each Poké Ball is equipped with a belt clip for easy attachment to clothing or bags, allowing for convenient transport and quick access during play.

## 4. MAINTENANCE

---

- **Cleaning:** To clean the figures and Poké Balls, wipe them with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners, as these may damage the plastic material or paint.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent material degradation and color fading.
- **Inspection:** Periodically inspect the Poké Balls for any signs of wear or damage to the hinges or latch mechanism. Discontinue use if significant damage is observed.

## 5. TROUBLESHOOTING

---

- **Poké Ball Does Not Open:**
  - Ensure the central button is pressed firmly.
  - Verify that the Poké Ball was closed completely and latched.
  - Check if the figure inside is obstructing the opening mechanism. Reposition the figure if necessary.
- **Poké Ball Does Not Stay Closed:**
  - Ensure the two halves are aligned correctly and pressed together until a click is heard.
  - Check for any debris or foreign objects preventing the latch from engaging.
  - Verify that the figure inside is not too large or improperly positioned, preventing the ball from closing securely.
