De'Longhi IB 3001 BK

De'Longhi IB 3001 BK Ironing Board User Manual

Model: IB 3001 BK

Introduction

Thank you for choosing the De'Longhi IB 3001 BK Ironing Board. This manual provides essential information for the safe and efficient use, setup, operation, and maintenance of your ironing board. Please read these instructions carefully before first use and retain them for future reference.

Important Safety Instructions

- Always ensure the ironing board is placed on a stable, flat, and non-slip surface before use.
- Do not overload the ironing board. It is designed to support the weight of an iron and garments.
- Keep children and pets away from the ironing board during use and when it is hot.
- Allow the iron to cool completely before folding and storing the ironing board.
- Regularly inspect the ironing board for any signs of damage or wear. Do not use if damaged.

Setup and Assembly

The De'Longhi IB 3001 BK Ironing Board is designed for easy setup and storage.

1. **Unfolding the Board:** Place the folded ironing board on a flat surface. Release the transport safety mechanism that keeps the legs closed. Gently pull the legs outwards until they lock into an open position, forming a stable 'X' shape.
2. **Adjusting Height:** Locate the height adjustment lever or button beneath the ironing surface. Press or pull the mechanism and raise or lower the board to one of the 7 available height settings. Ensure the board locks securely into your desired height before use.
3. **Ensuring Stability:** Verify that all four feet are firmly on the ground and the board does not wobble. The robust feet, with a diameter of 40 mm, are designed for enhanced stability.

Operating Instructions

Once the ironing board is set up and stable, it is ready for use with your steam iron or dry iron.

- **Placing Garments:** Lay the garment flat on the ironing surface (122 x 40 cm), ensuring it is smooth and free of wrinkles before applying the iron.
- **Iron Rest:** Utilize the integrated iron rest at the end of the board to safely place your hot iron when not actively ironing.
- **Steam Ironing:** The board is designed to be breathable, making it suitable for steam ironing. Ensure proper ventilation in the room.

Care and Maintenance

Proper care will extend the life of your ironing board.

- **Cleaning the Cover:** The ironing board cover is made from cotton. If it becomes soiled, it can typically be removed and hand-washed according to its care label. Ensure it is completely dry before reattaching.
- **Cleaning the Frame:** Wipe the metal frame and legs with a damp cloth and mild detergent. Dry thoroughly to prevent rust.
- **Storage:** After use, allow the board to cool. Fold the legs back into the closed position, engaging the transport safety mechanism. Store in a dry place.

Troubleshooting

- **Board is unstable:** Ensure the legs are fully extended and locked into place. Check that the height adjustment mechanism is securely engaged. Make sure the board is on a flat, even surface.
- **Difficulty folding/unfolding:** Ensure the safety mechanism is properly disengaged when unfolding and engaged when folding. Check for any obstructions in the leg mechanism.
- **Ironing surface appears uneven:** Check if the cover is properly fitted and stretched taut. Replace the cover if it is worn or damaged.

Specifications
