- 1 x Roulette Board/Wheel

- 1 x Deck of Poker Playing Cards

SETUP INSTRUCTIONS

Follow these steps to set up your Shot Glass Roulette Drinking Game:

1. **Unpack Components:** Carefully remove all items from the packaging. Inspect each piece for any damage.
2. **Place Roulette Wheel:** Position the black roulette wheel on a flat, stable surface. Ensure there is enough space around it for players to gather.
3. **Arrange Shot Glasses:** Place each of the 16 numbered shot glasses into the designated slots around the perimeter of the roulette wheel. The numbers on the glasses correspond to the numbers on the roulette wheel.

OPERATING INSTRUCTIONS

Here's how to play the Shot Glass Roulette Drinking Game:

1. **Fill Shot Glasses:** Before starting, fill each of the 16 shot glasses with your preferred beverage. Ensure all glasses are filled to a consistent level.
2. **Place Bets (Optional):** Players can conceptually 'place bets' on numbers or colors, similar to traditional roulette, or simply take turns spinning.
3. **Spin the Wheel:** One player spins the golden roulette wheel in one direction.
4. **Release the Ball:** Immediately after spinning the wheel, gently drop one of the metal balls onto the spinning surface in the opposite direction of the wheel's spin.
5. **Determine the Winner/Drinker:** The ball will eventually land in one of the numbered slots. The player whose turn it

is, or the player associated with that number/color (based on house rules), will take the shot from the corresponding glass.

6. **Continue Play:** Refill the shot glass and continue taking turns. You can establish various rules, such as the player who spun drinks, or the player whose number the ball lands on drinks.
7. **Using Playing Cards:** The included poker playing cards can be used for separate card games or integrated into the roulette game for additional challenges or rules. For example, drawing a card could determine who drinks, or add a special rule for the round.

CARE AND MAINTENANCE

Proper care will extend the life of your Shot Glass Roulette Drinking Game:

- **Cleaning Shot Glasses:** The glass shot glasses should be hand-washed with warm, soapy water. Rinse thoroughly and allow to air dry. Avoid abrasive cleaners or dishwashers, as this may fade the numbers.
- **Cleaning Roulette Wheel:** Wipe the roulette wheel and base with a soft, damp cloth. Do not submerge the wheel in water. Ensure it is completely dry before storage.
- **Cleaning Metal Balls:** Wipe the metal balls with a dry cloth after use.
- **Playing Cards:** The playing cards are waterproof. If they get wet, wipe them dry with a soft cloth. Store them in their case to prevent bending or damage.
- **Storage:** Store the entire set in a cool, dry place, preferably in its original packaging, to protect it from dust and damage.

TROUBLESHOOTING

If you encounter any issues with your game, refer to the following common problems and solutions:

Problem	Solution
Ball does not spin smoothly or stops quickly.	Ensure the roulette wheel is placed on a perfectly flat and level surface. Check for any debris or obstructions on the spinning track and clean if necessary.
Shot glass numbers are fading.	This can occur if glasses are washed in a dishwasher or with harsh abrasives. Always hand-wash the shot glasses gently with mild soap and water.
Playing cards feel sticky or are difficult to shuffle.	Ensure hands are clean and dry before handling cards. If cards are dirty, wipe them gently with a damp cloth and dry thoroughly. Store them in their case to prevent dust accumulation.
Missing components upon arrival.	Carefully check all packaging materials. If components are still missing, please contact BETTERLINE customer support immediately with your purchase details.
